

and recordkeeping requirements, Security measures.

Issued in Washington, DC, on March 25, 2002.

**John W. Magaw,**

*Under Secretary of Transportation for Security.*

Accordingly, part 1510 of Title 49 CFR is amended as follows:

**PART 1510—PASSENGER CIVIL AVIATION SECURITY SERVICE FEES**

1. The authority citation for part 1510 continues to read as follows:

**Authority:** 49 U.S.C. 44940.

2. Paragraphs (b) and (c) of § 1510.17 are revised to read as follows:

**§ 1510.17 Reporting requirements.**

\* \* \* \* \*

(b) Quarterly reports must state:

(1) The direct air carrier or foreign air carrier involved;

(2) The total amount of September 11th Security Fees imposed on passengers in U.S. currency for each month during the previous quarter of the calendar year;

(3) The net amount of September 11th Security Fees collected in U.S. currency by the direct air carrier or foreign air carrier for each month during the previous quarter of the calendar year;

(4) The total amount of September 11th Security Fees refunded in U.S. currency by the direct air carrier or foreign air carrier for each month during the previous quarter of the calendar year; and

(5) The total amount of September 11th Security Fees remitted in U.S. currency by the direct air carrier or foreign air carrier for each month during the previous quarter of the calendar year.

- (1) Redfish
- (2) Squid
- (3) Shrimp
- (4) Shrimp

(c) The report must be filed by the last day of the calendar month following the quarter of the calendar year in which the fees were imposed.

**DEPARTMENT OF COMMERCE**

**National Oceanic and Atmospheric Administration**

**50 CFR Part 300**

[I.D. 031902D]

**Notification of U.S. Fish Quotas and an Effort Allocation in the Northwest Atlantic Fisheries Organization (NAFO) Regulatory Area**

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notification of U.S. fish quotas and an effort allocation.

**SUMMARY:** NMFS announces that fish quotas and an effort allocation are available for harvest by U.S. fishermen in the NAFO Regulatory Area. This action is necessary to make available to U.S. fishermen a fishing privilege on an equitable basis.

**DATES:** All fish quotas and the effort allocation are effective March 28, 2002, through December 31, 2002. Expressions of interest regarding U.S. fish quota allocations for all species except 3L shrimp will be accepted throughout 2002. Expressions of interest regarding the U.S. 3L shrimp quota allocation and the 3M shrimp effort allocation will be accepted through April 29, 2002.

**ADDRESSES:** Expressions of interest regarding the U.S. effort allocation and quota allocations should be made in writing to Patrick E. Moran in the NMFS Office of Sustainable Fisheries, at 1315 East-West Highway, Silver Spring, Maryland 20910 (phone: 301-713-2276, fax: 301-713-2313, e-mail: [pat.moran@noaa.gov](mailto:pat.moran@noaa.gov)).

Information relating to NAFO fish quotas, NAFO Conservation and Enforcement Measures, and the High Seas Fishing Compliance Act (HSFCA) Permit is available from Jennifer L. Anderson at the NMFS Northeast Regional Office at One Blackburn Drive, Gloucester, Massachusetts 01930 (phone: 978-281-9226, fax: 978-281-9394, e-mail: [jennifer.anderson@noaa.gov](mailto:jennifer.anderson@noaa.gov)) and from NAFO on the World Wide Web at <http://www.nafo.ca>.

**FOR FURTHER INFORMATION CONTACT:** Patrick E. Moran, 301-713-2276.

**SUPPLEMENTARY INFORMATION:**

**Background**

NAFO has established and maintains conservation measures in its Regulatory Area that include one effort limitation fishery as well as fisheries with total allowable catches (TACs) and member nation quota allocations. The principal species managed are cod, flounder, redfish, American plaice, halibut, capelin, shrimp, and squid. At the 2002 NAFO Special Meeting, the United States received fish quota allocations for three NAFO stocks and an effort allocation for one NAFO stock to be fished during 2002. The species, location, and allocation (in metric tons or effort) of these U.S. fishing opportunities are as follows:

NAFO Division 3M	69 mt
NAFO Subareas 3 & 4	453 mt
NAFO Division 3L	67 mt
NAFO Division 3M	1 vessel/100 days

**U.S. Fish Quota Allocations**

All U.S. fish quota allocations in NAFO are available to be taken by U.S. vessels in possession of a valid HSFCA permit, which is available from the NMFS Northeast Regional Office (see **ADDRESSES**). All expressions of interest should be directed in writing to Patrick E. Moran in the NMFS Office of Sustainable Fisheries (see **DATES** and **ADDRESSES**). Letters of interest from U.S. vessel owners should include the name, registration and home port of the applicant vessel as required by NAFO in advance of fishing operations. In

addition, any available information on intended target species and time of fishing operations should be included. If necessary to ensure equitable access by U.S. vessel owners, NMFS may need to promulgate regulations designed to choose one or more U.S. applicants from among expressions of interest.

Note that vessels issued valid HSFCA permits under 50 CFR part 300 are exempt from multispecies permit, mesh size, effort-control, and possession limit restrictions, specified in 50 CFR parts 648.4, 648.80, 648.82 and 648.86, respectively, while transiting the U.S. exclusive economic zone (EEZ) with

multispecies on board the vessel or landing multispecies in U.S. ports that were caught while fishing in the NAFO Regulatory Area, provided:

(1) The vessel operator has a letter of authorization on board the vessel issued by the Regional Administrator;

(2) For the duration of the trip, the vessel fishes exclusively in the NAFO Regulatory Area and does not harvest fish in, or possess fish harvested in or from, the U.S. EEZ;

(3) When transiting the U.S. EEZ, all gear is properly stowed in accordance with one of the applicable methods specified in § 648.23(b); and

(4) The vessel operator complies with the HSFCA permit and all NAFO conservation and enforcement measures while fishing in the NAFO Regulatory Area.

### U.S. 3M Effort Allocation

Expressions of interest in harvesting the U.S. portion of the 2002 NAFO 3M shrimp effort allocation (1 vessel/100 days) will be accepted from owners of U.S. vessels in possession of a valid HSFCA permit. All expressions of interest should be directed in writing to Patrick E. Moran in the NMFS Office of Sustainable Fisheries (see **DATES** and **ADDRESSES**).

Letters of interest from U.S. vessel owners should include the name, registration and home port of the applicant vessel as required by NAFO in advance of fishing operations. In the event that multiple expressions of interest are made by U.S. vessel owners, NMFS may need to promulgate regulations designed to choose one U.S. applicant from among expressions of interest.

### NAFO Conservation and Management Measures

Relevant NAFO Conservation and Enforcement Measures include, but are not limited to, maintenance of a fishing logbook with NAFO-designated entries; adherence to NAFO hail system requirements; presence of an on-board observer; deployment of a functioning, autonomous vessel monitoring system; and adherence to all relevant minimum size, gear, bycatch, and other requirements. Further details regarding these requirements are available from the NMFS Northeast Regional Office, and can also be found in the current NAFO Conservation and Enforcement Measures on the Internet (see **ADDRESSES**).

### Chartering Arrangements

In the event that no adequate expressions of interest in harvesting the U.S. portion of the 2002 NAFO 3L shrimp quota allocation and/or 3M shrimp effort allocation are made on behalf of U.S. vessels, expressions of interest will be considered from U.S. fishing interests intending to make use of vessels of other NAFO Parties under chartering arrangements to fish the 2002 U.S. quota allocation for 3L shrimp and/or the effort allocation for 3M shrimp. Under NAFO rules in effect through 2002, a vessel registered to another NAFO Contracting Party may be chartered to fish the U.S. allocations provided that written consent for the charter is obtained from the vessel's flag state and the U.S. allocations are

transferred to that flag state. Such a transfer must be adopted by NAFO Parties through a mail voting process.

A NAFO Contracting Party wishing to enter into a chartering arrangement with the U.S. must be in full current compliance with the requirements outlined in the NAFO Convention and Conservation and Enforcement Measures including, but not limited to, submission of the following reports to the NAFO Executive Secretary: Provisional monthly catches within 30 days following the calendar month in which the catches were made; provisional monthly fishing days in Division 3M within 30 days following the calendar month in which the catches were made; provisional daily catches of shrimp taken from Division 3L; observer reports within 30 days following the completion of a fishing trip; and an annual statement of actions taken in order to comply with the NAFO Convention. Furthermore, the U.S. may also consider a Contracting Party's previous compliance with the NAFO incidental catch limits, as outlined in the NAFO Conservation and Enforcement Measures, before entering into a chartering arrangement.

Expressions of interest from U.S. fishing interests intending to make use of vessels from another NAFO Party under chartering arrangements should include information required by NAFO regarding the proposed chartering operation, including: the name, registration and flag of the intended vessel; a copy of the charter; the fishing opportunities granted; a letter of consent from the vessel's flag State; the date from which the vessel is authorized to commence fishing on these opportunities; and the duration of the charter (not to exceed 6 months). More details on NAFO requirements for chartering operations are available from NMFS (see **ADDRESSES**). In addition, expressions of interest for chartering operations should be accompanied by a detailed description of anticipated benefits to the United States. Such benefits might include, but are not limited to, the use of U.S. processing facilities/personnel; the use of U.S. fishing personnel; other specific positive effects on U.S. employment; evidence that fishing by the chartered vessel would actually take place; and documentation of the physical characteristics and economics of the fishery for future use by the U.S. fishing industry.

In the event that multiple expressions of interest are made by U.S. fishing interests proposing the use of chartering operations, the information submitted regarding benefits to the United States

will be used in making a selection. In the event that applications by U.S. fishing interests proposing the use of chartering operations are considered, all applicants will be made aware of the allocation decision as soon as possible. Once the allocation has been awarded for use in a chartering operation, NMFS will immediately take appropriate steps to transfer the U.S. 3M shrimp effort allocation to the vessel (pending approval by NAFO).

All individuals/companies submitting expressions of interest to NMFS will be contacted once the allocation has been awarded. Please note that once the U.S. portion of the 2002 NAFO 3L or 3M shrimp allocation is awarded to a U.S. vessel or a specified chartering operation, it may not be transferred without the express, written consent of NMFS.

Dated: March 21, 2002.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

#### 50 CFR Part 679

[Docket No. 011218304-1304-01; I.D. 032502B]

#### Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Cod by Vessels Catching Pacific Cod for Processing by the Offshore Component in the Central Regulatory Area of the Gulf of Alaska

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Closure.

**SUMMARY:** NMFS is prohibiting directed fishing for Pacific cod by vessels catching Pacific cod for processing by the offshore component in the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season amount of the Pacific cod total allowable catch (TAC) apportioned to vessels catching Pacific cod for processing by the offshore component of the Central Regulatory Area of the GOA.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), March 25, 2002, until 1200 hrs, A.l.t., September 1, 2002.
