

in our environmental analysis of this project. However, the Commission encourages electronic filing of any comments or interventions or protests to this proceeding. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov> under the "e-Filing" link to the User's Guide. Before you can file comments or interventions you will need to create an account which can be created by clicking on "Login to File" and then "New User Account."

#### Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an official party to the proceeding known as an "intervenor". Intervenor play a more formal role in the process. Among other things, intervenors have the right to receive copies of case-related Commission documents and filings by other intervenors. Likewise, each intervenor must provide 14 copies of its filings to the Secretary of the Commission and must send a copy of its filings to all other parties on the Commission's service list for this proceeding. If you want to become an intervenor you must file a motion to intervene according to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214) (see appendix 2)<sup>4</sup>. Only intervenors have the right to seek rehearing of the Commission's decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your environmental comments considered.

Additional information about the proposed project is available from the Commission's Office of External Affairs at (202) 208-1088 or on the FERC website ([www.ferc.gov](http://www.ferc.gov)) using the "RIMS" link to information in this docket number. Click on the "RIMS" link, select "Docket #" from the RIMS Menu, and follow the instructions. For assistance with access to RIMS, the RIMS helpline can be reached at (202) 208-2222.

Similarly, the "CIPS" link on the FERC Internet website provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings. From the FERC Internet website, click on the

"CIPS" link, select "Docket #" from the CIPS menu, and follow the instructions. For assistance with access to CIPS, the CIPS helpline can be reached at (202) 208-2222.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Application Accepted for Filing and Soliciting Comments, Protests, Motions To Intervene, Recommendations, and Terms and Conditions

March 26, 2002.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

- a. *Type of Application:* Conduit Exemption.
- b. *Project No.:* 12147-000.
- c. *Date filed:* January 30, 2002.
- d. *Applicant:* City of Burbank.
- e. *Name of Project:* Valley Power Plant.
- f. *Location:* At the City of Burbank's existing domestic water pumping facility within the City of Burbank, in Los Angeles County, California. The source of water for the conduit is purchased water from the Metropolitan Water District of Southern California taken from the Sacramento and San Joaquin Rivers in California and locally produced groundwater. The project would not occupy Federal or tribal lands.
- g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).
- h. *Applicant Contact:* Ronald E. Davis, General Manager, Burbank Water and Power Department, 164 West Magnolia Boulevard, Burbank, CA 91502, (818) 238-3500.
- i. *FERC Contact:* Tom Papsidero, (202) 219-2715.
- j. *Status of Environmental Analysis:* This application is ready for environmental analysis at this time—see the following paragraphs about filing responsive documents.
- k. *Deadline for filing comments, protests and motions to intervene:* April 26, 2002.

All documents (original and eight copies) should be filed with: Magalie R. Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Please include the project number (P-

12147-000) on any comments, protests, or motions filed.

The Commission's Rules of Practice and Procedure require all interveners filing documents with the Commission to serve a copy of that document on each person in the official service list for the project. Further, if an intervener files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

l. *Description of Project:* The purchased water is delivered at higher pressure than the groundwater and blending now requires pressure reducing valves; the city proposes to use a turbine/generator as the primary pressure reducer. The project would consist of two proposed turbine/generator units with a total generating capacity of 300 kilowatts which would be connected to the City of Burbank's existing Valley Pumping Plant. The average annual generation would be 900,000 kilowatt-hours.

m. *Available Locations of Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference and Files Maintenance Branch, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 208-1371. This filing maybe viewed on <http://www.ferc.fed.us/online/rims.htm> (call (202) 208-2222 for assistance). A copy is also available for inspection and reproduction at the address shown in item h above.

**Development Application—**Any qualified applicant desiring to file a competing application must submit to the Commission, on or before the specified deadline date for the particular application, a competing development application, or a notice of intent to file such an application. Submission of a timely notice of intent allows an interested person to file the competing development application no later than 120 days after the specified deadline date for the particular application. Applications for preliminary permits will not be accepted in response to this notice.

**Notice of Intent—**A notice of intent must specify the exact name, business address, and telephone number of the prospective applicant, and must include an unequivocal statement of intent to submit, if such an application may be filed, either a preliminary permit application or a development application (specify which type of application). A notice of intent must be

<sup>4</sup>Interventions may also be filed electronically via the internet in lieu of paper. See the previous discussion on filing comments electronically.

served on the applicant(s) named in this public notice.

**Protests or Motions to Intervene**—Anyone may submit a protest or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, 385.211, and 385.214. In determining the appropriate action to take, the Commission will consider all protests filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any protests or motions to intervene must be received on or before the specified deadline date for the particular application.

**Filing and Service of Responsive Documents**—The application is ready for environmental analysis at this time, and the Commission is requesting comments, reply comments, recommendations, terms and conditions, and prescriptions.

The Commission directs, pursuant to Section 4.34(b) of the Regulations (*see* Order No. 533 issued May 8, 1991, 56 FR 23108, May 20, 1991) that all comments, recommendations, terms and conditions and prescriptions concerning the application be filed with the Commission within 30 days from the issuance date of this notice. All reply comments must be filed with the Commission within 45 days from the date of this notice.

Anyone may obtain an extension of time for these deadlines from the Commission only upon a showing of good cause or extraordinary circumstances in accordance with 18 CFR 385.2008.

All filings must (1) bear in all capital letters the title "PROTEST", "MOTION TO INTERVENE", "NOTICE OF INTENT TO FILE COMPETING APPLICATION," "COMPETING APPLICATION," "COMMENTS," "REPLY COMMENTS," "RECOMMENDATIONS," "TERMS AND CONDITIONS," or "PRESCRIPTIONS;" (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person protesting or intervening; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Any of these documents must be filed by providing the original and the number of copies required by

the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

A copy of any protest or motion to intervene must be served upon each representative of the applicant specified in the particular application. A copy of all other filings in reference to this application must be accompanied by proof of service on all persons listed in the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

[Project No. 346-037]

#### Notice of Application Ready for Environmental Analysis and Soliciting Comments, Terms and Conditions, Recommendations and Prescriptions

March 26, 2002.

Take notice that the following hydroelectric application and applicant prepared environmental assessment (APEA) have been filed with the Commission and are available for public inspection.

a. *Type of Application:* New Major License.

b. *Project No.:* 346-037.

c. *Date Filed:* August 23, 2001.

d. *Applicant:* Minnesota Power Inc.

e. *Name of Project:* Blanchard Hydroelectric Project.

f. *Location:* On the Mississippi River near the City of Little Falls, in Morrison County, MN. The project occupies Federal lands of the Bureau of Land Management.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a) 825(r).

h. *Applicant Contact:* Bob Bohm, Minnesota Power, Inc., P.O. Box 60, Little Falls, MN 56345, [rbohm@minpower.com](mailto:rbohm@minpower.com) 320-632-2318, ext. 5042.

i. *FERC Contact:* Tom Dean, [thomas.dean@ferc.fed.us](mailto:thomas.dean@ferc.fed.us), 202-219-2778.

j. *Deadline for filing comments, final terms and conditions, recommendations, and prescriptions:* 60 days from the issuance date of this notice.

*All documents (original and eight copies) should be filed with:* Magalie R.

Salas, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. Comments, recommendations, terms and conditions, and prescriptions may be filed electronically via the internet in lieu of paper. *See* 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at under the "e-Filing" link.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person that is on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. The license application and the APEA have been accepted for filing and are now ready for environmental analysis. No additional information or studies are needed to prepare the Commission's environmental assessment. Comments are now being requested from interested parties. The applicant will have 45 days following the end of this comment period to respond to any comments filed within the comment period.

l. *The existing Blanchard Project consists of:* (1) a 750-foot-long, 62-foot-high concrete gravity dam comprising: (a) a 190-foot-long non-overflow section; (b) a 437-foot-long gated spillway section; (c) eight 44-foot-wide by 14.7-foot-high Taintor gates; and (d) a 124-foot-wide integral powerhouse; (2) approximately 3,540-foot-long earth dikes extending from both sides of the concrete dam; (3) a 1,152-acre reservoir at normal water surface elevation of 1,081.7 feet NGVD; (4) a powerhouse containing three generating units with a total installed capacity of 18,000 kW; and (5) other appurtenances.

m. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket#" and follow the instructions (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction by contacting the applicant identified in item h above.

n. The Commission directs, pursuant to Section 4.34(b) of the Regulations (*see* Order No. 533 issued May 8, 1991, 56 FR 23108, May 20, 1991) that all comments, recommendations, terms and conditions and prescriptions concerning the application and APEA be filed with the Commission within 60 days from
