Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

We are, however, requesting an emergency review of the information collection referenced below. In compliance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, we have submitted to the Office of Management

and Budget (OMB) the following requirements for emergency review. Due to the events of September 11, 2001, the timing of this proposed information collection has been negatively affected. We are requesting Emergency OMB review for this supplement since this is a beneficial survey and it can do no harm if OMB acted upon this sooner than the normal timeframe. The 60-day **Federal Register** notice was published on January 8, 2002, for which we solicited public comment. CMS is requesting OMB review and approval of this collection by April 25, 2002, with a 180-day approval period. Written comments and recommendations will be accepted from the public if received by the individuals designated below by April 22, 2002.
