

application to select the specific tribal lands to be served and provide the required tribal government certifications. Licensees receiving a tribal land bidding credit are subject to performance criteria as set forth in 47 CFR 1.2110(f).

134. For additional information on the tribal land bidding credit, including how the amount of the credit is calculated, applicants should review the Commission's rule making proceeding regarding tribal land bidding credits and related public notices. Relevant documents can be viewed on the Commission's auctions web site at <http://wireless.fcc.gov/auctions> by clicking on the *Tribal Land Credits* link.

D. Default and Disqualification

135. Any high bidder that defaults or is disqualified after the close of the auction (i.e., fails to remit the required down payment within the prescribed period of time, fails to submit a timely long-form application, fails to make full payment, or is otherwise disqualified) will be subject to the payments described in 47 CFR 1.2104(g)(2). In such event the Commission may re-auction the license or offer it to the next highest bidder (in descending order) at its final bid. See 47 CFR 1.2109(b) and (c). In addition, if a default or disqualification involves gross misconduct, misrepresentation, or bad faith by an applicant, the Commission may declare the applicant and its principals ineligible to bid in future auctions, and may take any other action that it deems necessary, including institution of proceedings to revoke any existing licenses held by the applicant. See 47 CFR 1.2109(d).

E. Refund of Remaining Upfront Payment Balance

136. All applicants that submitted upfront payments but were not winning bidders for a license in Auction No. 45 may be entitled to a refund of their remaining upfront payment balance after the conclusion of the auction. No refund will be made unless there are excess funds on deposit from that applicant after any applicable bid withdrawal payments have been paid. All refunds will be returned to the payer of record, as identified on the FCC Form 159, unless the payer submits written authorization instructing otherwise.

137. Qualified bidders that have exhausted all of their activity rule waivers, have no remaining bidding eligibility, and have not withdrawn a high bid during the auction must submit a written refund request. If you have completed the refund instructions electronically, then only a written

request for the refund is necessary. If not, the request must also include wire transfer instructions, Taxpayer Identification Number (TIN) and FCC Registration Number (FRN). Send refund request to: Federal Communications Commission, Financial Operations Center, Auctions Accounting Group, Gail Glasser or Tim Dates, 445 12th Street, SW, Room 1-C863, Washington, DC 20554.

138. Bidders are encouraged to file their refund information electronically using the refund information portion of the FCC Form 175, but bidders can also fax their information to the Auctions Accounting Group at (202) 418-2843. Once the information has been approved, a refund will be sent to the party identified in the refund information.

Note: Refund processing generally takes up to two weeks to complete. Bidders with questions about refunds should contact Tim Dates or Gail Glasser at (202) 418-1995.

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Office of the Secretary****Findings of Scientific Misconduct**

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

Matthew A. Lipski, Washington University in St. Louis: Based on the report of an investigation conducted by the Washington University in St. Louis (WUSL) and additional analysis conducted by ORI in its oversight review of related records, the U.S. Public Health Service (PHS) found that Matthew A. Lipski, former research patient assistant for WUSL on a subcontract from Hipco, Inc., engaged in scientific misconduct by falsifying and fabricating data in research supported by National Institutes of Health (NIH) Phase II Small Business Innovation Research (SBIR) grant 2 R44 AG12317-03, "Effect of padded underwear on hip fracture incidence."

Specifically, PHS found that Mr. Lipski falsified and fabricated data in a study examining whether wearing an undergarment with force distributing and absorbing pads positioned over the trochanteric regions of elderly nursing home residents could significantly reduce the number of hip fractures. From July 2000 through October 2000, Mr. Lipski falsified and fabricated observational patient data in multiple research records. Due to concerns over the reliability of all of Mr. Lipski's data, none of his data were used in the study. No publications required correction or retraction.
