

II. Abandonment of Historic Natural Gas Pipelines

Abandonment of a historic natural gas pipeline, in part or in whole, will qualify for the exemption under Section I, provided that the Federal agency or its applicant has documented the historic natural gas pipeline by:

(a) Completing a determination of eligibility for the pipeline as a whole, which identifies contributing and non-contributing components of the pipeline, using standard information required on a National Register nomination form. The documentation must be prepared by an individual meeting the Secretary of the Interior's *Professional Qualification Standards* (48 FR 44738-9). The documentation must include the following components:

(i) a brief history of construction of the line with a bibliography recording the primary and secondary sources that were used;

(ii) documentation through as-built drawings, historical photographs or, 35 mm photographs, as appropriate, of representative examples of significant features associated with the line;

(iii) a map of the historic property set at an appropriate scale; and

(iv) an annotated bibliography of other primary and secondary sources identified during research; and

(b) Placing the documentation in an appropriate repository, accessible to the general public, in each State crossed by the pipeline, and filing the documentation with the relevant State Historic Preservation Officer(s).

When the abandonment involved only a section of the historic natural gas pipeline, Federal agencies or applicants handling subsequent abandonments of other sections of the historic natural gas pipeline will not have to repeat the documentation requirements set forth above.

III. Existing Agreements

This exemption is not intended to amend, invalidate or otherwise modify Section 106 Programmatic Agreements (PAs) in existence at the time this exemption goes into effect. Parties to such PAs may amend them according to their terms.

IV. Tribal Lands

This exemption does not apply to those portions of undertakings that take place on tribal lands.
