At a minimum, meeting locations will include Charleston, South Carolina and Savannah, Georgia. Should the need arise for additional meetings, those meetings will be noticed in the same fashion. Issues currently being considered for EIS include a determination of Gullah/Geechee culture's national significance and an assessment of the suitability and feasibility of various Gullah/Geechee-associated sites as potential additions to the National Park System. The EIS will identify cultural and natural resources of the Gullah/Geechee culture and evaluate a range of potential management options that might adequately protect these resources.
