

(FPMR) by removing those provisions requiring that promotional benefits, including frequent flyer miles, earned on official travel are the property of the Government. On December 28, 2001, The President signed into law a provision that Federal employees may retain such promotional items for personal use.

EFFECTIVE DATE: This final rule is effective April 11, 2002.

FOR FURTHER INFORMATION CONTACT: Henry Maury, Office of Governmentwide Policy, telephone (202) 208-7928.

SUPPLEMENTARY INFORMATION:

A. Background

The changes in this final rule clarify an existing section of subpart 101-25.1 of the FPMR by removing the requirement that promotional items, including frequent flyer miles, earned on official travel belong to the Government. The law that prohibited employees from retaining promotional items, including frequent flyer miles, Section 6008 of the Federal Acquisition Streamlining Act of 1994 (Public Law 103-355), has been repealed by the National Defense Authorization Act (Public Law 107-107) for Fiscal Year 2002. This final rule removes the requirement that frequent traveler benefits earned through official travel belong to the Government, and permits such benefits to be retained by the employee for personal use.

B. Executive Order 12866

GSA has determined that this final rule is not a significant regulatory action for the purposes of Executive Order 12866 of September 30, 1993.

C. Regulatory Flexibility Act

This final rule is not required to be published in the **Federal Register** for notice and comment; therefore, the Regulatory Flexibility Act does not apply.

D. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the final rule does not impose recordkeeping or information collection requirements, or the collection of information from offerors, contractors, or members of the public which require the approval of the Office of Management and Budget under 44 U.S.C. 501 *et seq.*

E. Small Business Regulatory Enforcement Fairness Act

This final rule is also exempt from congressional review under 5 U.S.C. 801 since it relates solely to agency management and personnel.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

42 CFR Part 68c

RIN 0925-AA19

National Institutes of Health Contraception and Infertility Research Loan Repayment Program

AGENCY: National Institutes of Health, Public Health Service, DHHS.

ACTION: Final rule.

SUMMARY: The National Institutes of Health (NIH) through the Center for Population Research of the National Institute of Child Health and Human Development (NICHD) is issuing regulations to implement provisions of the Public Health Service (PHS) Act authorizing the NICHD Contraception and Infertility Research Loan Repayment Program (CIR-LRP). The purpose of the CIR-LRP is the recruitment and retention of highly qualified health professionals conducting contraception and/or infertility research.

EFFECTIVE DATE: This final rule is effective on May 13, 2002.

FOR FURTHER INFORMATION CONTACT: Jerry Moore, NIH Regulations Officer, Office of Management Assessment, NIH, 6011 Executive Blvd., Room 601, MSC 7669, Rockville, MD 20852, telephone 301-496-4607 (not a toll-free number). For program information contact Dr. Louis V. De Paolo, NICHD Contraception and Infertility Research Loan Repayment Program, Center for Population Research, National Institute of Child Health and Human Development, NIH,

SUPPLEMENTARY INFORMATION: The NIH Revitalization Act of 1993 (Pub. L. 103-43) was enacted on June 10, 1993, adding section 487B of the Public Health Service (PHS) Act, 42 U.S.C. 288-2. Section 410(b) of Public Law 105-392, the Health Professions Education Partnership Act of 1998, amended section 487B of the PHS Act to increase the maximum annual loan repayment from \$20,000 to \$35,000. Section 487B, as amended, authorizes the Secretary of Health and Human Services to establish a program of entering into contracts with qualified health professionals under which such professionals agree to conduct contraception and/or infertility research in consideration of the Federal Government agreeing to repay, for each year of such service, not more than \$35,000 of the principal and interest of their outstanding graduate and/or undergraduate educational loans.

The Secretary, in consultation with the Director of NICHD, has established the NICHD Contraception and Infertility Research Loan Repayment Program (CIR-LRP) to implement this statutory authority. In return for loan repayments, applicants must agree to participate in contraception and/or infertility research for a period of obligated service of not less than two years. Selected applicants become participants in the CIR-LRP only upon the signing of a written contract by the Director, NICHD. We are amending title 42 of the Code of Federal Regulations by adding a new Part 68c to govern the administration of this loan repayment program. We proposed this action in a notice of proposed rulemaking (NPRM) published in the **Federal Register**, December 10, 1999 (64 FR 69213). The NPRM provided for a 60-day comment period. The comment period expired February 8, 2000. We received no comments. Consequently, except for minor editorial changes, the final regulations described below are the same as those proposed in December 1999.

The rule specifies the scope and purpose of the program, who is eligible to apply, how individuals apply to participate in the program, how participants are selected, and the terms and conditions of the program.

We provide the following as public information.

Executive Order 12866

Executive Order 12866 requires that all regulatory actions reflect consideration of the costs and benefits

they generate, and that they meet certain standards, such as avoiding the imposition of unnecessary burdens on the affected public. If a regulatory action is deemed to fall within the scope of the definition of the term "significant regulatory action" contained in § 3(f) of the Order, pre-publication review by the Office of Management and Budget's Office of Information and Regulatory Affairs (OIRA) is necessary. This rule was reviewed under Executive Order 12866 by OIRA and was deemed to be significant. Therefore it has been reviewed by OMB prior to publication.

Regulatory Flexibility Act

The Regulatory Flexibility Act (5 U.S.C. chapter 6) requires that regulatory actions be analyzed to determine whether they create a significant impact on a substantial number of small entities. The Secretary certifies that this rule will not have any such impact.

Executive Order 13132

Executive Order 13132, Federalism, requires that federal agencies consult with State and local government officials in the development of regulatory policies with federalism implications. We have reviewed the rule as required under the Order and determined that it does not have any federalism implications. The Secretary certifies that this rule will not have an effect on the States, or on the distribution of power and responsibilities among the various levels of government.

Paperwork Reduction Act

The application forms for use by the NICHD Contraception and Infertility Loan Repayment Program have been approved by OMB under OMB Approval No. 0925-0440 (expires December 31, 2002). This rule does not contain any other information collection requirements which are subject to Office of Management and Budget (OMB) approval under the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Catalog of Federal Domestic Assistance

The Catalog of Federal Domestic Assistance (CFDA) numbered program affected by the regulation is: 93.209—NICHD Contraception and Infertility Research Loan Repayment Program.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act requires that agencies prepare an assessment of anticipated costs and benefits before promulgating any final rule that may result in the expenditure

in any one year by State, local, and tribal governments, in the aggregate, or by the private sector, of \$100 million or more (adjusted annually for inflation). Because the rule does not impose any mandates on State, local, or tribal governments, the agency finds that this is not a significant regulatory action under the Unfunded Mandates Reform Act.

(b) Under paragraph (a) of this section, the Secretary will make payments in the discharge of debt to the extent appropriated funds are available for that purpose. When a shortage of funds exists, participants may be funded partially, as determined by the Secretary. However, once a CIR-LRP contract has been signed by both parties, the Secretary will obligate such funds as necessary to ensure that sufficient funds will be available to pay benefits for the duration of the period of obligated service unless otherwise specified by mutual written agreement between the Secretary and the applicant. Benefits will be paid on a quarterly basis after each service period unless otherwise specified by mutual written agreement between the Secretary and the applicant.

§ 68c.9 What loans qualify for repayment?

(a) The CIR-LRP will repay participants' lenders the principal, interest, and related expenses of qualified Government and commercial educational loans obtained by participants for the following:

(1) Undergraduate, graduate, and health professional school tuition expenses;

(b) The following educational loans are ineligible for repayment under the CIR-LRP:

(1) Loans obtained from other than a government entity or commercial lending institution;

(2) Loans for which contemporaneous documentation is not available;

(3) Loans or portions of loans obtained for educational or living expenses which exceed the standard of reasonableness as determined by the participant's standard school budget for the year in which the loan was made, and are not determined by the Secretary to be reasonable based on additional

documentation provided by the individual;

(4) Loans, financial debts, or service obligations incurred under the following programs: Physicians Shortage Area Scholarship Program (Federal or State), National Research Service Award Program, Public Health and National Health Service Corps Scholarship Training Program, National Health Service Corps Scholarship Program, Armed Forces (Army, Navy, or Air Force) Health Professions Scholarship Program, Indian Health Service Program, and similar programs, upon determination by the Secretary, which provide loans, scholarships, loan repayments, or other awards in exchange for a future service obligation;

(5) Any loan in default or not in a current payment status;

(6) Loan amounts which participants have paid or were due for payment prior to inception into the CIR-LRP; and

(7) Loans for which promissory notes have been signed after the individual's acceptance into the CIR-LRP.

§ 68c.10 What does an individual have to do in return for loan repayments received under the CIR-LRP?

Individuals must make a written commitment in accordance with this part to conduct, and must actually conduct research with respect to contraception and/or infertility at an NICHD intramural laboratory or an eligible NICHD-supported extramural site for a minimum initial period of two years.

§ 68c.11 How does an individual receive loan repayments beyond the initial two-year contract?

An individual may apply for and the Secretary may grant extension contracts for one-year periods, if there is sufficient debt remaining to be repaid and the individual is engaged in research on infertility or contraceptive development at an NICHD intramural laboratory or eligible NICHD-supported extramural site.

§ 68c.12 What will happen if an individual does not comply with the terms and conditions of participation in the CIR-LRP?

(a) Absent withdrawal (see § 68c.2) or termination under paragraph (d) of this section, any participant who fails to begin or complete the minimum two-year service obligation required under the Program contract, will be considered to have breached the contract and will be subject to assessment of monetary damages and penalties as follows:

(1) Participants who leave during the first year of the initial contract are liable for amounts already paid by the CIR-LRP on behalf of the participant plus an

amount equal to \$1,000 multiplied by the number of months of the original two-year service obligation.

(2) Participants who leave during the second year of the contract are liable for amounts already paid by the NICHD on behalf of the participant plus \$1,000 for each unserved month.

(b) Participants who sign a continuation contract for any year beyond the initial two-year period and fail to complete the one-year period specified are liable for the pro rata amount of any benefits advanced beyond the period of completed service plus an amount equal to the number of months of obligated service that were not completed by the participant multiplied by \$1,000.

(c) Payments of any amount owed under paragraph (a) or (b) of this section shall be made within one year of the participant's breach (or such longer period as determined by the Secretary).

(d) Terminations will not be considered a breach of contract in cases where such terminations are beyond the control of the participant as follows:

(1) Terminations for cause or for convenience of the Government that are not based upon a breach or default of the participant will not be considered a breach of contract and monetary damages will not be assessed.

(2) The participant transfers to another NICHD intramural laboratory or eligible NICHD-supported extramural site, in which case the participant remains bound to any and all obligations of the contract.

(3) The participant transfers to a site other than an NICHD intramural laboratory or eligible NICHD-supported extramural site, in which case the participant may not be assessed monetary penalties if, in the judgement of the CIR-LRP Panel, the participant continues to engage in contraception and/or infertility research for any remaining period of obligated service as set forth in the contract.

§ 68c.13 Under what circumstances can the service or payment obligation be canceled, waived, or suspended?

(a) Any obligation of a participant for service or payment to the Federal Government under this part will be canceled upon the death of the participant.

(b)(1) The Secretary may waive or suspend any service or payment obligation incurred by the participant upon request whenever compliance by the participant:

(i) Is impossible;

(ii) Would involve extreme hardship to the participant; or

(iii) If enforcement of the service or payment obligation would be against equity and good conscience.

(2) The Secretary may approve a request for a suspension of the service or payment obligations for a period of 1 year. A renewal of this suspension may also be granted.

(c) Compliance by a participant with a service or payment obligation will be considered impossible if the Secretary determines, on the basis of information and documentation as may be required, that the participant suffers from a physical or mental disability resulting in the permanent inability of the participant to perform the service or other activities which would be necessary to comply with the obligation.

(d) In determining whether to waive or suspend any or all of the service or payment obligations of a participant as imposing an undue hardship and being against equity and good conscience, the Secretary, on the basis of information and documentation as may be required, will consider:

(1) The participant's present financial resources and obligations;

(2) The participant's estimated future financial resources and obligations; and

(3) The extent to which the participant has problems of a personal nature, such as a physical or mental disability or terminal illness in the immediate family, which so intrude on the participant's present and future ability to perform as to raise a presumption that the individual will be unable to perform the obligation incurred.

§ 68c.14 When can a CIR-LRP payment obligation be discharged in bankruptcy?

Any payment obligation incurred under § 68c.12 may be discharged in bankruptcy under Title 11 of the United States Code only if such discharge is granted after the expiration of the five-year period beginning on the first date that payment is required and only if the bankruptcy court finds that a nondischarge of the obligation would be unconscionable.

§ 68c.15 Additional conditions.

In order to protect or conserve Federal funds or to carry out the purposes of section 487B of the Act, or of this subpart, the Secretary may impose additional conditions as a condition of any approval, waiver or suspension authorized by this subpart.

§ 68c.16 What other regulations and statutes apply?

Several other regulations and statutes apply to this part. These include, but are not necessarily limited to:

Debt Collection Act of 1982, Public Law 97-365 (5 U.S.C. 5514);

Fair Credit Reporting Act (15 U.S.C. 1681 *et seq.*);

Federal Debt Collection Procedures Act of 1990, Public Law 101-647 (28 U.S.C. 1); and Privacy Act of 1974 (5 U.S.C. 552a).
