

research, implementation of management responsibilities, proper allocation and use of facilities, or the avoidance of conflict among visitor use activities will not be adversely impacted" (36 CFR 1.6(a)). Through a public process, this EIS will examine potential environmental impacts of various methods of implementing the provisions of law that authorize benefits-sharing agreements while ensuring the integrity of resources.

The NPS published a notice of intent in the **Federal Register** on June 25, 2001 (pages 33712–33713), to prepare an environmental assessment (EA) concerning the environmental impacts of implementing benefits-sharing agreements. Corrections to this notice were published in the **Federal Register** on July 11, 2001 (page 36368), and the scoping comment period was extended on July 27, 2001 (page 39197) through August 27, 2001. Based on public comments received during the scoping period for this EA, the NPS has decided to prepare an EIS.

If you commented during the EA scoping period (June 25–August 27, 2001) you do not need to re-submit your comments because they will be considered in the EIS. Additional comments may be submitted by any one of several methods. *You may mail comments to:* National Park Service, Benefits-Sharing Environmental Assessment, P.O. Box 168, Yellowstone National Park, WY 82190. You may also e-mail comments to *BenefitsEIS@nps.gov*, submit them online at www.nature.nps.gov/benefitssharing. Additional information is available online at www.nature.nps.gov/benefitssharing or by contacting: NPS Benefits Sharing Team, P.O. Box 168, Yellowstone National Park, WY, 82190; telephone 307–344–2203. NPS practice is to make comments, including the names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that NPS withhold their addresses from the record, which will be honored to the extent allowable by law. There also may be circumstances in which NPS would withhold from the record a respondent's identity, to the extent allowable by law. If you wish the NPS to withhold your name and/or address, you must state this prominently at the beginning of your comments. NPS will make all submissions from organizations and businesses, and from individuals identifying themselves as representatives or officials or organizations or businesses, available for public inspection in their entirety.

DATES: Comments on the potential scope of the EIS, alternatives to be considered, impacts to be addressed, and any other relevant related issues should be submitted within 45 calendar days from the date of this notice.

For Further Information: contact Sue Mills, National Park Service Benefits Sharing Team, P.O. Box 168, Yellowstone National Park, WY 82190; telephone 307–344–2203.

DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the American Museum of Natural History, New York, NY; Correction

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the American Museum of Natural History, New York, NY.

This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA, 43 CFR 10.2 (c). The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

This notice corrects the minimum number of individuals reported in a Notice of Inventory Completion published October 9, 2001 (Federal Register document 01-25150, page 51459). Since publication of the original notice, a review of American Museum of Natural History documentation revealed the presence of an additional individual culturally affiliated with the same tribes listed in the original notice. Paragraphs four and eight of the October 9, 2001, notice are corrected by substituting the following two paragraphs:

In 1902, human remains representing a minimum of four individuals were

collected by Ales Hrdlicka from the vicinity of Sacaton, Pinal County, AZ, while Dr. Hrdlicka was a member of the Hyde Expedition, sponsored by the American Museum of Natural History. No known individuals were identified. The two associated funerary objects are fragments of cloth.

Based on the above-mentioned information, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of five individuals of Native American ancestry. Officials of the American Museum of Natural History also have determined that, pursuant to 43 CFR 10.2 (d)(2), the four objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the American Museum of Natural History have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and associated funerary objects and the Ak Chin Indian Community of the Maricopa (Ak Chin) Indian Reservation, Arizona; Gila River Indian Community of the Gila River Indian Reservation, Arizona; and Salt River Pima-Maricopa Indian Community of the Salt River Reservation, Arizona.

This notice has been sent to officials of the Ak Chin Indian Community of the Maricopa (Ak Chin) Indian Reservation, Arizona; Gila River Indian Community of the Gila River Indian Reservation, Arizona; and Salt River Pima-Maricopa Indian Community of the Salt River Reservation, Arizona. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Elaine Guthrie, Acting Director of Cultural Resources, American Museum of Natural History, Central Park West at 79th Street, New York, NY 10024-5192, telephone (212) 769-5835, before May 13, 2002. Repatriation of these human remains and associated funerary objects to the Ak Chin Indian Community of the Maricopa (Ak Chin) Indian Reservation, Arizona; Gila River Indian Community of the Gila River Indian Reservation, Arizona; and Salt River Pima-Maricopa Indian Community of the Salt River Reservation, Arizona may begin after that date if no additional claimants come forward.

Dated: March 5, 2002.

Robert Stearns,

Manager, National NAGPRA Program.
