BILLING CODE 3510-DR-S

DEPARTMENT OF DEFENSE

Department of the Army

Notice of Availability of the Final Environmental Impact Statement (FEIS) for the Disposal of Chemical Munitions at Pueblo Chemical Depot, Colorado

AGENCY: Department of the Army, DoD.
ACTION: Notice of availability.

SUMMARY: This announces the availability of the FEIS which assesses the potential environmental impacts of the design, construction, operation and closure of a facility to destroy the chemical agent and munitions currently stored at the Pueblo Chemical Depot. The FEIS examines the potential environmental impacts of the following destruction facility alternatives: (1) Baseline incineration facility; (2) modified baseline incineration facility; (3) neutralization followed by supercritical water oxidation; (4) neutralization followed by biodegradation (preferred alternative); and (5) no action (i.e., continued storage of chemical munitions at Pueblo Chemical Depot). Although the no action alternatives is not viable under Public Law 99-145 (Department of Defense Authorization Act of 1986), it

was analyzed to provide a comparison with the proposed action.

DATES: The waiting period on the FEIS will end 30 days after publication of the notice of availability in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: To obtain copies of the FEIS, contact the Program Manager for Chemical Demilitarization, Public Outreach and Information Office (ATTN: Ms. Sandra Clawson-Freeo), Building E-4585, Aberdeen Proving Ground, Maryland 21010-4005.

FOR FURTHER INFORMATION CONTACT: Ms. Sandra Clawson-Freeo at 410-436-1479, by fax at 410-436-5122, by electronic mail at Sandra.Clawson-Freeo@pmcd.apgea.army.mil or by mail at the above listed address.

SUPPLEMENTARY INFORMATION: In its Record of Decision on February 26, 1988 (53 FR 5816, February 26, 1988) for the Final Programmatic Environmental Impact Statement on the Chemical Stockpile Disposal Program (CSDP), the Department of the Army selected on-site disposal by incineration at all eight chemical munition storage sites located within the continental United States as the method by which it will destroy its lethal chemical stockpile. The Department of the Army published a Notice of Intent in the **Federal Register** (65 FR 20140-41, April 14, 2000) which provides notice that, pursuant to the National Environmental Policy Act and implementing regulations, it was preparing a draft site-specific EIS for the Pueblo Chemical Agent Disposal Facility. The Department of the Army published a Draft EIS to assess the site-specific health and environmental impacts of on-site disposal of the chemical agents and munitions stored at the Pueblo Chemical Depot on May 11, 2001 (66 FR 24136). All public comments received on the Draft EIS have been addressed in the FEIS.

The Program Manager for Assembled Chemical Weapons Assessment (ACWA) is preparing a separate EIS. The ACWA EIS is for follow-on pilot testing of the ACWA program pursuant to the process established by Congress in Public Laws 104-208 and 105-261. The ACWA EIS is distinct from this FEIS for the Pueblo Chemical Depot in that its emphasis is on the feasibility of pilot testing one or more of the ACWA technologies at one or more sites. One of the four sites evaluated in the ACWA EIS is the Pueblo Chemical Depot. The ACWA EIS does not specifically address the use of a full-scale facility to accomplish destruction of the inventory stored at Pueblo. Information provided by the ACWA program concerning the

neutralization technologies provides the basis for analysis of the neutralization technologies and comparison with incineration is this site-specific FEIS for stockpile destruction at Pueblo. This Program Manager for Chemical Demilitarization FEIS and the ACWA EIS serve complementary but distinct purposes. This FEIS continues the process that began with Congress established the Program Manager for Chemical Demilitarization in 1985.

A decision on which of the alternatives will be implemented in carrying out destruction of the chemical munitions at Pueblo will be made by the Defense Acquisition Board (DAB) through a process that will consider a wide range of factors. The factors include, but are not limited to, environmental considerations, laws and regulations, mission needs (at Pueblo as well as from a national perspective), implications for compliance with the Chemical Weapons Convention, budget considerations, schedule, public concerns, and political concerns.

A Record of Decision will be made following the end of the 30-day review period.

Dated: April 1, 2002.

Raymond J. Fatz,

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health), OASA (I&E).

BILLING CODE 3710-08-M

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before May 17, 2002.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Karen Lee, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW, Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the internet address *Karen.F.lowbar;Lee@omb.eop.gov*.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires

that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) title; (3) summary of the collection; (4) description of the need for, and proposed use of, the information; (5) respondents and frequency of collection; and (6) reporting and/or Recordkeeping burden. OMB invites public comment.

Dated: April 11, 2002.

John Tressler,

Leader, Regulatory Information Management, Office of the Chief Information Officer.

Office of Educational Research and Improvement

Type of Review: New.

Title: Application for Improving Literacy Through School Libraries Grant Program.

Frequency: Annually.

Affected Public: State, Local, or Tribal Gov't, SEAs or LEAs.

Reporting and Recordkeeping Hour Burden:

Responses: 1,500.

Burden Hours: 45,000.

Abstract: The purpose of the program is to improve student literacy skills and academic achievement by providing increased access to up-to-date library materials, a well-equipped, technologically advanced school library media center and well-trained professionally certified school library media specialists.

This information collection is being submitted under the Streamlined Clearance Process for Discretionary Grant Information Collections (1890-0001). Therefore, the 30-day public comment period notice will be the only public comment notice published for this information collection.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, or

should be addressed to Vivian Reese, Department of Education, 400 Maryland Avenue, SW, Room 4050, Regional Office Building 3, Washington, DC 20202-4651. Requests may also be electronically mailed to the Internet address OCIO_IMG_Issues@ed.gov or faxed to 202-708-9346. Please specify the complete title of the information collection when making your request.

Comments regarding burden and/or the collection activity requirements should be directed to Kathy Axt at her Internet address Kathy.Axt@ed.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

[Number DE-PS07-02ID14323]

Plant Wide Assessments

AGENCY: Idaho Operations Office, DOE.

ACTION: Notice of availability of solicitation for awards of financial assistance.

SUMMARY: The U.S. Department of Energy (DOE), Idaho Operations Office (ID) is seeking cost shared applications for plant-wide assessments that will lead to substantial improvements in industrial energy efficiency, enhanced competitiveness and reduced environmental impacts. The objective is to continue industry participation in the Industry of the Future (IOF) Plant-Wide Opportunity Assessment Program. The industrial sites at which the assessment is conducted must fall within the Office of Industrial Technologies (OIT) Industry of the Future strategy areas. These include: Forest Products, Chemicals, Petroleum Refining, Steel, Aluminum, Metal Castings, Glass, Mining, and Agriculture.

DATES: The issuance date of Solicitation Number DE-PS07-02ID14323 will be on or about April 9, 2002. The deadline for receipt of applications is June 6, 2002, at 3 p.m. MDT.

ADDRESSES: The solicitation will be available in its full text on the Internet by going to the DOE's Industry Interactive Procurement System (IIPS) at the following URL address: <http://e-center.doe.gov>. This will provide the medium for disseminating solicitations and amendments to solicitations, receiving financial assistance applications and evaluating applications in a paperless environment. Completed

applications are required to be submitted via IIPS. An IIPS "User Guide for Contractors" can be obtained on the IIPS Homepage and then click on the "Help" button. Questions regarding the operation of IIPS may be e-mailed to the IIPS Help Desk at IIPS_HelpDesk@e-center.doe.gov.

FOR FURTHER INFORMATION CONTACT:

Trudy Harmel, Contract Specialist at harmelta@id.doe.gov, or Dallas L. Hoffer, Contracting Officer at hofferdl@id.doe.gov.

SUPPLEMENTARY INFORMATION:

Information about the Office of Industrial Technologies Best Practices Program can be found at <http://www.oit.doe.gov/bestpractices>. The IOF industry-specific vision documents and technology roadmaps are available at <http://www.oit.doe.gov/> under individual IOF program areas.

DOE anticipates making 7 to 9 cooperative agreement awards, with total estimated DOE funding of up to \$900K, with no individual award to exceed \$100,000 and a project period of no more than one year. A minimum 50% non-federal cost share is required. Only industrial "end-users" are eligible to submit project proposals. "End-users" are defined as those companies who own and operate the facility that is the focus of the assessment. In addition to end-user participation, a project team may involve other partners including, but not limited to, design and consulting engineering firms, manufacturers, distributors, utilities, energy service companies, state energy offices, research institutions, etc. The statutory authority for the program is the Federal Non-Nuclear Energy Research and Development Act of 1974 (Pub. L. 93-577).

The Catalog of Federal Domestic Assistance (CFDA) Number for this program is 81.086.

Issued in Idaho Falls on April 9, 2002.

R.J. Hoyles,

Director, Procurement Services Division.
