

submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 02-ACE-3." The postcard will be date stamped and returned to the commenter.

Agency Findings

The regulations adopted herein will not have a substantial direct effect on the States, on the relationship between the national Government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, it is determined that this final rule does not have federalism implications under Executive Order 13132.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) if promulgated, will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

Accordingly, the Federal Aviation Administratin amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation

Administration Order 7400.9J Airspace Designations and Reporting Points, dated August 31, 2001, and effective September 16, 2001, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 01-AEA-25]

Establishment of Class E Airspace; EWT 4 Heliport, Honey Grove, PA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action establishes Class E airspace at EWT 4 Heliport, Honey Grove, PA. Development of Standard Instrument Approach Procedure (SIAP) based on the Global Positioning System (GPS), Helicopter Point in Space Approach at the EWT 4 Heliport, has made this action necessary. Controlled airspace extending upward from 700 feet Above Ground Level (AGL) is needed to contain aircraft executing the approach to the EWT 4 Heliport.

EFFECTIVE DATE: 0901 UTC October 3, 2002.

FOR FURTHER INFORMATION CONTACT: Mr. Francis Jordon, Airspace Specialist, Airspace Branch, AEA-520, Air Traffic Division, Eastern Region, Federal Aviation Administration, 1 Aviation Plaza, Jamaica, New York 11434–4809, telephone: (718) 553–4521.

SUPPLEMENTARY INFORMATION:

History

On September 28, 2001 a document proposing to amend part 71 of the

Federal Aviation Regulations (14 CFR part 71) by establishing Class E airspace extending upward from 700 feet Above Ground Level (AGL) for a Global Positioning System (GPS), Helicopter Point in Space approach to the EWT 4 Heliport, Honey Grove, PA, was published in the **Federal Register** (66 FR 49575–49576).

Interested parties were invited to participate in this rulemaking proceeding by submitting written comments on the proposal to the FAA on or before October 29, 2001. No comments to the proposal were received. The rule is adopted as proposed. The coordinates for this airspace docket are based on North American Datum 83. Class E airspace areas designations for airspace extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9J, dated August 31, 2001 and effective September 16, 2001, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document will be published in the Order.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) provides controlled Class E airspace extending upward from 700 feet above the surface for aircraft conducting Instrument Flight Rules (IFR) operations at the EWT 4 Heliport, Honey Grove, PA.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) Is not a "significant regulatory action" under Executive Order a 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation it is certified that this rule will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporaton by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—[AMENDED]

1. The authority citation for 14 CFR Part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; EO 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp. p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9J, Airspace Designations and Reporting Points, dated August 31, 2001, and effective September 16, 2001, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

AEA PA E5, Honey Grove, PA [NEW]

EWT 4 Heliport,
(Lat 40° 24'13"N.; long 77°33'24"W.)
Point in Space Coordinates
(Lat 40° 22'27"N.; long 77° 37'44"W.)

That airspace extending upward from 700 feet above the surface within a 6 mile radius of the point in space for the SIAP to the EWT 4 Heliport, Honey Grove, PA.

Issued in Jamaica, New York on April 8, 2002.

BILLING CODE 4910-13-M

DEPARTMENT OF THE INTERIOR**Minerals Management Service**

30 CFR Parts 201, 206, 212, 216, 217, 218, 219, 220, 227, 228, 230, 241, and 243

RIN 1010-AC87

Technical Amendments

AGENCY: Minerals Management Service (MMS), Interior.

ACTION: Final rule.

SUMMARY: The MMS is updating its regulations to reflect changes in our organization name, system names, handbook titles, addresses, and regulatory cites as well as correcting miscellaneous clerical errors. We are also removing certain parts of the CFR relating to laws that have been repealed. These technical amendments will make MMS regulations more accurate and useful.

EFFECTIVE DATE: This rule is effective April 18, 2002.

FOR FURTHER INFORMATION CONTACT:
Carol P. Shelby, Regulatory Specialist, Minerals Management Service, Minerals

Revenue Management, P.O. Box 25165, MS 320B2, Denver, Colorado 80225–0165; telephone (303) 231–3151; FAX (303) 231–3385; e-mail Carol.Shelby@mms.gov.

SUPPLEMENTARY INFORMATION: This final rule contains technical amendments that will make MMS regulations more accurate and useful. The Department of the Interior finds good cause to issue this rule without notice and opportunity for public comment. Public comment is unnecessary because this rule contains technical amendments that relate to (1) agency administration and, thus, do not affect the regulated community or (2) regulations rendered null and void by subsequent legislation over which MMS has no control. For the same reasons, a 30-day period is not required between publication of the final rule and its effective date under 5 U.S.C. 553(d). All of the amendments in this rule are covered in the following seven categories:

Organization Name

In October 2000, the MMS Royalty Management Program was reorganized and renamed Minerals Revenue Management. To reflect this change, we have removed all references to the Royalty Management Program wherever it occurs in our regulations. The change in organization name necessarily affected the title of our Associate Director which we also corrected in this rule.

System Names

In October 2001, we implemented our reengineered financial and compliance computer system. To reflect this change, we have removed all references to our former computer systems—the Auditing and Financial System (AFS) and the Production Accounting and Auditing System (PAAS)—wherever they occur in our regulations.

Handbook Titles

In October 2001, we began using revised handbooks to reflect our reengineered reporting requirements. Thus, we revised references to previous handbook titles such as the Oil and Gas Payor Handbook, the PAAS Onshore Oil and Gas Reporter Handbook, and the PAAS Reporter Handbook—Lease, Facility/Measurement Point, and Gas Plant Operators wherever they occur in our regulations. We also replaced specific titles with the more generic terms, revenue reporter handbook and production reporter handbook, in order to minimize future regulatory revisions.

Addresses

On February 11, 2002, the Office of Hearings and Appeals moved their office location to a new street address in Arlington, Virginia. In part 241, we corrected the street address to read 801 North Quincy Street wherever necessary.

Regulatory Cites

Over a number of years, various sections, and paragraphs within sections, have been renumbered and often re-titled as our regulations were amended. Because regulatory amendments occur quite frequently, we have changed our cross-references to refer readers, in most cases, to specific parts rather than the sections or paragraphs within the parts. We believe this practice will minimize the need for future regulatory changes. For example, rather than refer the reader to 30 CFR 210.53, which may not exist after a pending revision becomes effective, we have generalized the cross-reference to read “part 210 of this chapter.”

Miscellaneous Corrections

We are also taking this opportunity to make miscellaneous corrections such as the name of a subsequently amended law and certain spelling errors.

Regulations Repealed by Law

We removed part 230 because it pertains to refunds under Section 10 of the Outer Continental Shelf Lands Act (43 U.S.C. 1339). Section 10 was repealed by the Federal Oil and Gas Royalty Simplification and Fairness Act of 1996 (30 U.S.C. 1732 note) effective August 13, 1996. Procedures for requesting Section 10 refunds before and after repeal are contained in chapter 6 of our revenue reporter handbook.

Procedural Matters**1. Summary Cost and Benefit Data**

This is an MMS administrative action that imposes no monetary costs or benefits on industry, the Federal Government, State and local governments, or Indian tribes and allottees. The cost and benefit information in this Item 1 of Procedural Matters is used as the basis for the Departmental certifications in Items 2–12.

2. Regulatory Planning and Review (Executive Order 12866)

This document is not a significant rule and is not subject to review by the Office of Management and Budget under Executive Order 12866.

(1) This rule will not have an effect of \$100 million or more on the economy.
