

automatic execution to manual mode. The Commission notes that, in cases of breaking news stories broadcast on cable television, the specialist may switch to manual mode without floor official approval as under the previous language of the Interpretation; however, the maximum period of time in which the specialist may remain in manual mode without floor official approval has been reduced from ten minutes to five minutes. The Commission also notes that, in instances other than a cable news broadcast, the specialist must secure the permission of its floor supervisor to switch to manual mode; the floor supervisor in turn must obtain approval from one floor official to permit the specialist to remain in manual mode. It is significant that the specialist may remain in manual mode for only five minutes without the floor supervisor renewing the approval of the same floor official (or obtaining approval of another floor official if the first official is not available). Finally, the Commission notes that new Interpretation .04 requires that documentation regarding the switch be filed with the Market Regulation Department before the next business day's opening. The Commission believes that these safeguards will provide greater accountability on the part of specialists when they switch from automatic execution mode to manual execution mode.

IV. Conclusion

For the foregoing reasons, the Commission finds that the proposed rule change is consistent with the Act and the rules and regulations thereunder applicable to a national securities exchange, and, in particular, with section 6(b)(5) of the Act.⁹

It is therefore ordered, pursuant to section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-CHX-2001-26) is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹¹

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-45762; File No. SR-NASD-2002-54]

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by the National Association of Securities Dealers, Inc., To Extend the Pilot for Limit Order Protection of Securities Priced in Decimals

April 16, 2002.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 10, 2002, the National Association of Securities Dealers, Inc. ("NASD" or "Association"), through its subsidiary, the Nasdaq Stock Market, Inc. ("Nasdaq"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by Nasdaq. Nasdaq filed the proposal pursuant to section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6)⁴ thereunder, which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to

solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq proposes to extend through September 30, 2002, the current pilot price-improvement standards for decimalized securities contained in NASD Interpretative Material 2110-2—Trading Ahead of Customer Limit Order ("Manning Interpretation" or "Interpretation"). Without such an extension these standards would terminate on April 15, 2002. Nasdaq does not propose to make any substantive changes to the pilot; the only change is an extension of the pilot's expiration date through September 30, 2002. Nasdaq requests that the Commission waive both the 5-day notice and 30-day pre-operative requirements contained in Rule 19b-4(f)(6)(iii)⁵ of the Act. If such waivers are granted by the Commission, Nasdaq will implement this rule change immediately.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for its proposal and discussed any comments it received regarding the proposal. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASD's Manning Interpretation requires NASD member firms to provide a minimum level of price improvement to incoming orders in NMS and SmallCap securities if the firm chooses to trade as principal with those incoming orders at prices superior to customer limit orders they currently hold. If a firm fails to provide the minimum level of price improvement to the incoming order, the firm must execute its held customer limit orders. Generally, if a firm fails to provide the requisite amount of price improvement and also fails to execute its held customer limit orders, it is in violation of the Manning Interpretation.
