

DEPARTMENT OF DEFENSE**Office of the Secretary****U.S. Court of Appeals for the Armed Forces Code Committee Meeting**

ACTION: Notice of public meeting.

SUMMARY: This notice announces the forthcoming public meeting of the Code Committee established by Article 146(a), Uniform Code of Military Justice, 10 U.S.C. § 946(a), to be held at the Courthouse of the United States Court of Appeals for the Armed Forces, 450 E Street, NW., Washington, DC 20442-0001, at 10:00 a.m. on Thursday, May 16, 2002. The agenda for this meeting will include consideration of proposed changes to the Uniform Code of Military Justice and the Manual for Courts-Martial, United States, and other matters relating to the operation of the Uniform Code of Military Justice throughout the Armed Forces.

FOR FURTHER INFORMATION CONTACT: William A. DeCicco, Clerk of Court, United States Court of Appeals for the Armed Forces, 450 E Street, Northwest, Washington, DC 20042-0001, telephone (202) 761-1448.

Dated: April 19, 2002.

Patricia L. Toppings,

Alternate OSD Federal Register Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF DEFENSE**Office of the Secretary****Defense Science Board**

AGENCY: Department of Defense.

ACTION: Notice of advisory committee meetings.

SUMMARY: The Defense Science Board Task Force on Training for Future Conflicts will meet in closed session on May 30-31, 2002, at SAIC, Inc., 4001 N. Fairfax Drive, Arlington, VA. This Task Force will focus on identifying and characterizing what education and training are demanded by Joint Vision 2010/2020, and will address the development and demonstration time phasing over the next two decades for the combined triad of technology modernization, operational concepts, and training.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived

needs of the Department of Defense. At this meeting, the Defense Science Board Task Force will also identify those approaches and techniques that potential enemies might take that could prepare them to revolutionize their warfare capabilities, thereby achieving a training surprise against the U.S. or its allies. This review will include, but not be limited to, unique training/education developments which might be spawned by allies or an adversary, training techniques and methodologies which might be transferred from the U.S. or through third parties, and finally, the possibilities emerging as a result of the globalization of military and information technologies, related commercial services and their application by other nations.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. No. 92-463, as amended (5 U.S.C. App. II), it has been determined that this Defense Science Board meeting concerns matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, the meeting will be closed to the public.

Dated: April 19, 2002.

Patricia L. Toppings,

Alternate OSD Federal Register, Liaison Officer, Department of Defense.

BILLING CODE 5001-08-M

DEPARTMENT OF DEFENSE**Department of the Army****Availability of Non-Exclusive, Exclusive License or Partially Exclusive Licensing of U.S. Patents**

AGENCY: Department of the Army, DoD.

ACTION: Notice.

SUMMARY: In accordance with 37 CFR part 404.6, announcement is made of the availability for licensing of U.S. Patent No. US 6,362,315 B2 entitled "Process of Control the Molecular Weight and Polydispersity of Substituted Polyphenols and Polyaromatic Amines by Enzymatic Synthesis in Organic Solvents, Microemulsions, and Biphasic Systems" issued March 26, 2002 and U.S. Patent No. US 6,362,314 B2 entitled "Process to Control the Molecular Weight and Polydispersity of Substituted Polyphenols and Polyaromatic Amines by Enzymatic Synthesis in Organic Solvents, Microemulsions, and Biphasic Systems" issued March 26, 2002. These patents are assigned to the United States Government as requested by the Secretary of the Army.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Rosenkrans at U.S. Army Soldier and Biological Chemical Command, Kansas Street, Natick, MA 01760, Phone: (508) 233-4928 or E-mail: *Robert.Rosenkrans@natick.army.mil*.

SUPPLEMENTARY INFORMATION: Any licenses granted shall comply with 35 U.S.C. 209 and 37 CFR part 404. The following Patent Numbers, Titles and Issue dates are provided:

Patent Number: US 6,362,315 B2.

Title: Process to Control the Molecular Weight and Polydispersity of Substituted Polyphenols and Polyaromatic Amines by Enzymatic Synthesis in Organic Solvents, Microemulsions, and Biphasic Systems.

Issue Date: March 26, 2002.

Patent Number: US 6,362,314 B2.

Title: Process to Control the Molecular Weight and Polydispersity of Substituted Polyphenols and Polyaromatic Amines by Enzymatic Syntheses in Organic Solvents, Microemulsions, and Biphasic Systems.

Issue Date: March 26, 2002.

Luz D. Ortiz,

Army Federal Register Liaison Officer.

BILLING CODE 3710-08-M

DEPARTMENT OF DEFENSE**Department of the Army; Corps of Engineers****Intent To Prepare a Draft Environmental Impact Statement for Potential Multipurpose Projects for Ecosystem Restoration, Flood Damage Reduction, and Recreation Alternatives Within and Along the Portion of the San Antonio River Located in San Antonio, Bexar County, TX**

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: Section 335 of the Water Resources Development Act (WRDA) of 2000, passed by Congress, amended the San Antonio Channel Improvement Project (SACIP) by authorizing ecosystem restoration and recreation as project purposes in addition to the previously authorized flood damage reduction project purpose. An initial assessment based on implementation guidance for Section 335 indicates a Federal interest in continuing with more detailed studies for these purposes. In accordance with the National

Environmental Policy Act, a Draft Environmental Impact Statement (DEIS) will be prepared to evaluate and compare ecosystem restoration, flood damage reduction, and recreation alternatives within and along two reaches of the San Antonio River. The DEIS will also assess the impacts to the quality of the human environment associated with each alternative. The northern reach study area will be bound by Hildebrand Avenue and Josephine Street, and the southern reach study area will be bound by South Alamo Street and a point approximately 0.7 miles south of Interstate 410 near Mission Espada. Past channelization and clearing of floodways associated with the SACIP, along with urbanization, has significantly degraded the terrestrial and aquatic habitat along and within the San Antonio River. Consequently, ecosystem restoration measures will be developed and evaluated to address the degraded habitats. In addition, recreation measures will be developed and evaluated as complements to proposed ecosystem restoration measures. Opportunities for ecosystem restoration and recreation opportunities will be evaluated primarily in the southern reach. Although preliminary findings indicate that flood damage reduction opportunities would exist to a greater extent in the northern reach compared to the southern reach, both reaches will be evaluated for flood damage reduction opportunities and consistency with past improvements. Flood damage reduction measures will address flooding problems in and around the river, specifically the River Road Community, Brackenridge Park and Golf Course, and businesses along Avenue B and Broadway Avenue.

DATES: Public meeting May 15, 2002 (6 p.m. to 8 p.m.)

ADDRESSES: Meeting location is Blessed Sacrament Academy Gymnasium, 1135 Mission Road, San Antonio, TX 78210.

FOR FURTHER INFORMATION CONTACT: Questions pertaining to the proposed action and DEIS can be answered by: Mr. Thomas R. Vogt, CESWF-PM-C, U.S. Army Corps of Engineers, Fort Worth District, P.O. Box 17300, Fort Worth, TX 76102-0300, telephone (817) 886-1378.

SUPPLEMENTARY INFORMATION: This action is being pursued as part of the SACIP authorized under Section 203 of the Flood Control Act (FCA) of 1954, as amended. The SACIP was originally authorized under the authority of Section 203 of the FCA of 1954 as part of a comprehensive plan for flood protection on the Guadalupe and San

Antonio Rivers. All components of the authorized project, with the exception of the reach from Hildebrand Avenue to Josephine Street, have been constructed. Project authorization was further modified by Section 335 of WRDA 2000, which authorized ecosystem restoration and recreation as project purposes in addition to the previously authorized flood damage reduction project purpose.

Alternatives for ecosystem restoration, flood damage reduction, and recreation will be developed and evaluated based on ongoing fieldwork and data collection and past studies conducted by the Corps of Engineers, the San Antonio River Authority, the City of San Antonio. Ecosystem restoration alternatives that will be evaluated include restoring meanders within the San Antonio River, restoring, protecting and expanding the riparian corridor, creating riffle-pool complexes, and constructing wetlands. It is anticipated that ecosystem restoration measures would aid in improving water quality, optimizing aquatic and terrestrial habitat, and minimizing erosion and scouring along and within the river. Alternatives for flood damage reduction measures will be evaluated from both a non-structural and structural aspect. Non-structural measures that will be evaluated include acquisition and removal of structures or flood proofing of structures for protection from potential future flood damage. Structural measures that will be evaluated in the northern reach include diversion channels and/or channel modifications of various widths and depths and/or a combination of these measures. Recreation measures that will be evaluated for the enjoyment of residents and visitors alike include multipurpose trails and passive recreation features, such as interpretive guidance and media and picnic areas. Recreation measures will be developed to a scope and scale compatible with proposed ecosystem restoration measures without significantly diminishing ecosystem benefits.

The public will be invited to participate in the scoping process, invited to attend public meetings, and given the opportunity to review the DEIS. The location and time of the first public meeting will be on Wednesday, May 15, 2002 at the address above, from 6 p.m. to 8 p.m. Subsequent public meetings, if deemed necessary, will be announced in the local news media. Release of the DEIS for public comment is scheduled for Fall 2003. The exact release date, once established, will be announced in the local news media.

Future coordination with other agencies and public scoping will be

conducted to ensure full and open participation and aid in the development of the DEIS. All affected Federal, state, and local agencies, affected Indian tribes, and other interested private organizations and parties are hereby invited to participate. Future coordination will also be conducted with the United States Fish and Wildlife Service (USFWS) and the Advisory Council on Historic Preservation (ACHP). The USFWS will furnish information on threatened and endangered species in accordance with the Endangered Species Act. In addition, the USFWS will also be requested to provide support with planning aid and to provide a Fish and Wildlife Coordination Act Report. The State Historic Preservation Office, designated as the State level administrator of the national historic preservation program, will be consulted with as required by Section 106 of the National Historic Preservation Act. The ACHP will oversee the Section 106 review process and serve as a mediator should any conflicts or controversies arise.

Luz D. Ortiz,

Army Federal Register Liaison Officer.

BILLING CODE 3410-20-M

DEPARTMENT OF EDUCATION

Submission for OMB Review; Comment Request

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer invites comments on the submission for OMB review as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before May 28, 2002.

ADDRESSES: Written comments should be addressed to the Office of Information and Regulatory Affairs, Attention: Karen Lee, Desk Officer, Department of Education, Office of Management and Budget, 725 17th Street, NW., Room 10235, New Executive Office Building, Washington, DC 20503 or should be electronically mailed to the internet address Karen_F_Lee@omb.eop.gov.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information
