Revision of the Airplane Flight Manual (AFM)—Airspeed Limitations

(a) Within 10 days after the effective date of this AD, revise the Limitations section of the FAA-approved AFM to include the following procedures (this may be accomplished by inserting a copy of this AD into the AFM):

“After any ground deicing/anti-icing of the horizontal stabilizer, airstream must be limited to 270 KIAS until the crew has been informed that applicable maintenance procedures have been accomplished that would allow exceedance of 270 KIAS. Once the applicable maintenance procedures have been accomplished, exceeding 270 KIAS is permissible only until the next deicing/anti-icing.”

Optional Post-Deicing/Anti-Icing Cleaning

(b) Accomplishment of the applicable cleaning procedure specified by paragraphs (b)(1) and (b)(2) of this AD allows the temporary operation of the airplane at airspeeds exceeding 270 KIAS—until the next deicing/anti-icing of the horizontal stabilizer.

(1) For all airplanes: Clean the external aerodynamic surfaces of the elevator tab to remove accumulated deicing/anti-icing fluid, residue, or other foreign substances, in accordance with the procedures for Airplane Cleaning in Section 12–40–00 (G) of Boeing 737–600/700/800/900 Maintenance Manual Document D633A101. Thereafter, repeat the tab cleaning procedure at least every 250 flight cycles or 90 days, whichever occurs first.

Balance Bay Cleaning

(e) For airplanes having line numbers 1 through 1091 inclusive: Prior to or concurrently with the accomplishment of the seal trim required by paragraph (f) of this AD, clean the elevator balance bays in accordance with Boeing Service Letter 737–SL–12–017, dated April 10, 2002. If the balance bays have been cleaned at least one time in accordance with paragraph (b)(2) of this AD, and if the seal trim has been accomplished in accordance with paragraph (f) of this AD, it is not necessary to repeat this procedure.

Seal Trim

(f) For airplanes having line numbers 1 through 1091 inclusive: Within 90 days after the effective date of this AD, trim the seal bays in accordance with Boeing Service Bulletin 737–55A1084, dated March 7, 2002. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Copies may be obtained from Boeing Commercial Airplane Group, P.O. Box 3707, Seattle, Washington 98124–2207. Copies may be inspected at the FAA, Transport Airplane Directorate, 1601 Lind Avenue, SW., Renton, Washington; or at the Office of the Federal Register, 800 North Capitol Street, NW., suite 700, Washington, DC.

Effective Date

(l) This amendment becomes effective on May 13, 2002.

Issued in Renton, Washington, on April 19, 2002.

The rule also sets forth a Savings Provision in SUPPLEMENTARY INFORMATION that preserves, under the new name, all actions taken under the name of the Bureau of Export Administration and provides that any references to the Bureau of Export Administration in any document or other communication shall be deemed to be references to the Bureau of Industry and Security.

DATES: This rule is effective on April 18, 2002.

SUPPLEMENTARY INFORMATION:

Background

This rule implements the decision by the Department of Commerce, through an internal organizational order (Amendment 3 to DOO 50–1, dated April 18, 2002), to change the name of the Bureau of Export Administration to the “Bureau of Industry and Security.” The new name more accurately reflects the breadth of the Bureau’s activities in the spheres of national, homeland, economic, and cybersecurity.

Consistent with this name change, this rule makes a number of changes in chapter VII of title 15 of the Code of Federal Regulations. Specifically, this rule changes all references to “Bureau of Export Administration” and “BXA,” wherever they appear in chapter VII, to “Bureau of Industry and Security” and “BIS,” respectively. In addition, this rule changes the appropriate definitions sections to conform to the new name of the bureau, and to reflect that the Under Secretary for Export Administration concurrently holds the title of Under Secretary for Industry and Security.

Savings Provision

This rule shall constitute notice that all references to the Bureau of Export Administration or BXA in any documents, statements, or other communications, in any form or media, and whether made before, on, or after the effective date of this rule, shall be deemed to be references to the Bureau of Industry and Security. Any actions undertaken in the name of or on behalf of the Bureau of Export Administration, whether taken before, on, or after the effective date of this rule, shall be deemed to have been taken in the name of or on behalf of the Bureau of Industry and Security.

Rulemaking Requirements

1. This final rule has been determined to be exempt from review for purposes of Executive Order 12866.
2. This rule does not impose information collection and recordkeeping requirements. Consequently, it need not be reviewed by the Office of Management and Budget under the provisions of the Paperwork Reduction Act of 1995.
3. This rule does not contain policies with Federalism implications as this term is defined in Executive Order 13132.
4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public participation, and a delay in effective date, are inapplicable because this rule involves a rule of agency organization, procedure, or practice. 5 U.S.C. 553(b)(B). Further, no other law requires that a notice of proposed rulemaking and an opportunity for public comment be given for this final rule. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule under 5 U.S.C. or by any other law, the analytical requirements of the Regulatory Flexibility Act (5 U.S.C. 601, et seq.) are not applicable.

Accordingly, this rule is issued in final form. Although there is no formal comment period, public comments on this rule are welcome on a continuing basis. Comments should be submitted to Miriam Cohen, Bureau of Industry and Security, Department of Commerce, P.O. Box 273, Washington, DC 20044.

Guidance Under Section 355(e); Recognition of Gain on Certain Distributions of Stock or Securities in Connection With an Acquisition

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Temporary regulations.

SUMMARY: This document contains temporary regulations relating to recognition of gain on certain distributions of stock or securities of a controlled corporation in connection with an acquisition. Changes to the applicable law were made by the Taxpayer Relief Act of 1997. These temporary regulations affect corporations and are necessary to provide them with guidance needed to comply with these changes. The text of these temporary regulations also serves as the text of the proposed regulations set forth in the notice of proposed rulemaking on this subject in the Proposed Rules section in this issue of the Federal Register.

DATES: Effective Date: These temporary regulations are effective April 26, 2002.

Applicability Date: These temporary regulations apply to distributions occurring after April 26, 2002. For rules applicable to distributions occurring after August 3, 2001, and on or before April 26, 2002, see § 1.355–7T as in effect prior to April 26, 2002 (see 26 CFR part 1 revised April 1, 2002). Taxpayers, however, may apply these regulations in whole, but not in part, to a distribution occurring on or before April 26, 2002.

SUPPLEMENTARY INFORMATION:

Background

Section 355(e) of the Internal Revenue Code of 1986 provides that the stock of a controlled corporation will not be qualified property under section 355(c)(2) or 361(c)(2) if the stock is distributed as “part of a plan (or series of related transactions) pursuant to which 1 or more persons acquire directly or indirectly stock representing a 50-percent or greater interest in the distributing corporation or any controlled corporation.” For this purpose, a 50-percent or greater interest means stock possessing at least 50 percent of the total combined voting power of all classes of stock entitled to vote or at least 50 percent of the total value of shares of all classes of stock. See I.R.C. § 355(e)(4)(A) (referring to section 355(d)(4) for the definition of 50-percent or greater interest).

On January 2, 2001, the IRS and Treasury published in the Federal Register (REG–107566–00, 66 FR 40590 (2001–34 I.R.B. 176)) the 2001 proposed regulations as temporary regulations (the original temporary regulations). The original temporary regulations were identical to the 2001 proposed regulations, except that, pending further study of the comments received regarding the 2001 proposed regulations, they reserved § 1.355–7(e)(6) (suspending the running of any time period prescribed in the 2001 proposed regulations during which there is a substantial diminution of risk of loss under the principles of section 355(d)(6)(B)) and Example 7 of the 2001 proposed regulations (interpreting the term similar acquisition in the context of a situation involving multiple acquisitions).

Explanation of Provisions

The IRS and Treasury have studied the comments received regarding the 2001 proposed regulations and have concluded that it is desirable to revise various aspects of the original temporary regulations. Accordingly, the IRS and Treasury are promulgating these regulations (the revised temporary regulations) as temporary to amend the original temporary regulations. The following sections describe a number of the most significant comments and the extent to which they have been incorporated in the revised temporary regulations. Further changes to the revised temporary regulations, however, are possible before these regulations are finalized.

A. Facts and Circumstances Generally

The 2001 proposed regulations identify a number of facts and circumstances that tend to show whether a distribution and an acquisition are part of a plan. While some of those facts and circumstances relating to a post-distribution acquisition focus on discussions before the distribution between the acquired corporation and the acquirer regarding the acquisition or a similar acquisition, others are unrelated to whether there were such discussions before the distribution. A number of comments suggested that the relevant facts and circumstances that confirm that a distribution and a post-distribution acquisition are part of a plan for
