Commerce in Explosives; List of Explosive Materials

Pursuant to the provisions of section 841(d) of title 18, United States Code (U.S.C.), and 27 CFR 55.23, the Director, Bureau of Alcohol, Tobacco and Firearms, must publish and revise at least annually in the **Federal Register** a list of explosives determined to be within the coverage of 18 U.S.C. chapter 40, Importation, Manufacture, Distribution, and Storage of Explosive Materials. This chapter covers not only explosives, but also blasting agents and detonators, all of which are defined as explosive materials in section 841(c) of title 18, U.S.C. Accordingly, the following is the 2002 List of Explosive Materials subject to regulation under 18 U.S.C. chapter 40. It includes both the list of explosives (including detonators) required to be published in the **Federal Register** and blasting agents.

The list is intended to include any and all mixtures containing any of the materials on the list. Materials constituting blasting agents are marked by an asterisk. While the list is comprehensive, it is not all inclusive. The fact that an explosive material may not be on the list does not mean that it is not within the coverage of the law if it otherwise meets the statutory definitions in section 841 of title 18, U.S.C. Explosive materials are listed alphabetically by their common names followed, where applicable, by chemical names and synonyms in brackets.

In the 2002 List of Explosive Materials, ATF has added five terms to
