

RECORD SOURCE CATEGORIES:

The Office of Public and Indian Housing may receive data from HUD field office staff, federal government agencies, state and local agencies, private data sources, owners and management agents, and public housing agencies. Public Housing Agencies (PHAs) routinely collect personal and income data from participants in and applicants for HUD's public and assisted housing programs. The data collected by PHAs is entered into the PIC system on-line via the system itself, via PHA-owned software, or via HUD's Family Reporting Software (FRS).

EXEMPTIONS FROM CERTAIN PROVISIONS OF THE ACT:

None.

BILLING CODE 4310-55-P

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[WY-920-1320-EM, WYW127221]

Federal Coal Lease Modification, WY

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability, notice of public hearing and request for public comment on the environmental assessment (EA) for the Modification of Federal Coal Lease WYW127221 at the North Rochelle Mine operated by Triton Coal Company LLC, in Campbell County, WY.

SUMMARY: Pursuant to the National Environmental Policy Act (NEPA) and implementing regulations and other applicable statutes, the Bureau of Land Management (BLM) announces the availability of the Environmental Assessment (EA) for the Modification of Federal Coal Lease WYW127221 at the North Rochelle Mine in the Wyoming Powder River Basin, and announces the scheduled date and place for a public hearing pursuant to 43 CFR part 3432, 3425.3 and 3425.4. The EA addresses the impacts of modifying this Federal coal lease and mining the modification area as a part of the North Rochelle Mine operated by Triton Coal Company LLC, in Campbell County, WY. The purpose of the hearing is to solicit public comments on the EA, the fair market value (FMV), the maximum economic recovery (MER), and the proposed noncompetitive offer of the coal included in the proposed lease modification. This lease modification is being considered for offer as a result of a request received from Triton Coal

Company LLC, on February 9, 2001. The tract as requested includes about 155.899 acres containing approximately 13 million tons of Federal coal reserves.

DATES: A public hearing will be held at 7 p.m. MDT, on May 30, 2002 at the BLM, Casper Field Office, 2987 Prospector Drive, Casper, WY. Written comments will be accepted for 30 days from the date this notice is published.

ADDRESSES: Please address questions, comments or requests for copies of the EA to the BLM, Casper Field Office, Attn: Mike Karbs, 2987 Prospector Drive, Casper, WY 82604; or you may e-mail them to the attention of Mike Karbs at casper_wymail@blm.gov; or fax them to (307) 261-7587.

FOR FURTHER INFORMATION CONTACT:

Mike Karbs or Nancy Doelger at the above address, or phone: 307-261-7600.

SUPPLEMENTARY INFORMATION: The BLM, Casper Field Office has received a request to modify an existing Federal coal lease at the North Rochelle Mine. This mine is operated by Triton Coal Company LLC, and is located in Campbell County, WY, approximately 12 miles southeast of Wright. On February 9, 2001, Triton Coal Company, LLC filed an application with the BLM to modify Federal lease WYW127221 by adding the following lands:

T. 42 N., R. 70 W., 6th PM, Wyoming
Section 4: Lot 17 (N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$); Lot 18 (N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$),
Section 5: Lot 17 (N $\frac{1}{2}$); Lot 18 (N $\frac{1}{2}$); Lot 19 (N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$); Lot 20 (N $\frac{1}{2}$, N $\frac{1}{2}$ S $\frac{1}{2}$).

This tract is adjacent to Triton Coal Company's North Rochelle Mine and includes 155.899 acres more or less with an estimated 13 million tons of coal. This application was filed as a lease modification under the provisions of 43 CFR part 3432.

The proposed modification area lies between Federal coal lease WYW127221 and the Reno county road right-of-way. Based on the latest mine plan for the North Rochelle mine, coal removal on the lease modification area will occur in conjunction with the existing lease beginning in 2003 and completed by 2010. The coal removal is consistent with the currently approved resource recovery and protection plan for the North Rochelle mine and the North Rochelle mining permit amendment application pending before the Wyoming Department of Environmental Quality, Land Quality Division (WDEQ/LQD).

If the lease is modified, the mining and reclamation permit would be modified to include coal recovery from the lease modification area. The modification would allow for the maximum coal that could be recovered
