Freshwater Crawfish Tail Meat From the People's Republic of China: Extension of Time Limit for Preliminary Results of New-Shipper Antidumping Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: April 30, 2002.

FOR FURTHER INFORMATION CONTACT: Holly Hawkins or Scott Lindsay, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0414 and (202) 482-0780, respectively.

SUPPLEMENTARY INFORMATION:**The Applicable Statute**

Unless otherwise indicated, all citations are to the Tariff Act of 1930, as amended (the Act). In addition, unless otherwise indicated, all citations to the Department's regulations are to 19 CFR part 351 (2001).

Background

On September 20, 2001, the Department of Commerce received a request from Shouzhou Huaxiang Foodstuffs, Co., Ltd. to conduct a new shipper review of the antidumping duty order on freshwater crawfish tail meat from the People's Republic of China. On September 28, 2001, the Department received a similar request from North Supreme Seafood (Zhejiang) Co., Ltd. On November 8, 2001, the Department found that the requests for review met all of the regulatory requirements set forth in section 351.214(b) of the Department's regulations and initiated these new shipper antidumping reviews covering the period September 1, 2001, through August 31, 2001. See *Freshwater Crawfish Tail Meat From the People's Republic of China: Initiation of New Shipper Antidumping Review*, 66 FR 56536 (November 8, 2001). The preliminary results are currently due no later than April 30, 2002.

Extension of Time Limits for Preliminary Results

Pursuant to section 751(a)(2)(B) of the Act, the Department may extend the deadline for completion of the preliminary results of a new shipper review if it determines that the case is extraordinarily complicated. The Department has determined that this

case is extraordinarily complicated, and the preliminary results of this new shipper review cannot be completed within the statutory time limit of 180 days. The Department has issued supplemental questionnaires on the respondents' claims concerning affiliation and date of sale. In addition, we requested information on entry documentation. Given the issues in this case, the Department finds that this case is extraordinarily complicated. Accordingly, the Department is extending the time limit for the completion of the preliminary results by 97 days, to August 5, 2002, in accordance with section 751(a)(2)(B)(iv) of the Act and 351.214(i)(2) of the Department's regulations. The final results will in turn be due 90 days after the date of issuance of the preliminary results, unless extended.

Dated: April 23, 2002

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

On April 24, 2002, under Section 204 of the Agricultural Act of 1956, the Government of the United States requested consultations with the Government of Belarus with respect to women's and girls' wool coats in Category 435 and women's and girls' wool slacks, breeches and shorts in Category 448, produced or manufactured in Belarus.

The purpose of this notice is to advise the public that, if no solution is agreed upon in consultations with the Government of Belarus, the Government of the United States reserves its right to establish a twelve-month limit for the period beginning on April 24, 2002, and extending through April 23, 2003, of not less than 55,021 dozen for Category 435 and not less than 23,595 dozen for Category 448 for the entry and withdrawal from warehouse for consumption of textile products in these categories, produced or manufactured in Belarus.

Anyone wishing to comment or provide data or information on imports from Belarus in Categories 435 and 448 is invited to submit 10 copies of such comments or information to James C. Leonard III, Chairman, Committee for the Implementation of Textile Agreements, U.S. Department of

This solicitation of comments is not a waiver in any respect of the exemption contained in 5 U.S.C. 553(a)(1) relating to matters which constitute "a foreign affairs function of the United States."

The United States remains committed to finding a solution concerning these categories. Should such a solution be reached in consultations with the Government of Belarus, further notice will be published in the **Federal Register**.

James C. Leonard III,

Chairman, Committee for the Implementation of Textile Agreements.

Statement of Support for the Request for Consultations With Belarus Pursuant to Section 204 of the Agricultural Act of 1956 Regarding Women's and Girls' Wool Coats, Category 435 Imports

Category 435 imports from Belarus are undermining the implementation of the World Trade Organization (WTO) Agreement on Textiles and Clothing (ATC). The introduction of a limit on Category 435 imports from Belarus is necessary and appropriate to carry out the ATC, and is relevant to the enforcement of the ATC. Current imports from Belarus exceed imports from a number of WTO countries, imports that are limited by agreed levels (see Table I). In fact, calendar year 2001 Category 435 imports from Belarus
