

Upon completion of the administrative review, the Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), for Habas, we have calculated importer-specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total entered value of those sales. Regarding Colakoglu and Ekinciler, for assessment purposes, we do not have the information to calculate entered value because these companies are not the importers of record for the subject merchandise. Accordingly, we have calculated importer-specific assessment rates for the merchandise in question by aggregating the dumping margins calculated for all U.S. sales to each importer and dividing this amount by the total quantity of those sales. The assessment rate will be assessed uniformly on all entries of that particular importer made during the POR. Pursuant to 19 CFR 351.106(c)(2), we will instruct the Customs Service to liquidate without regard to antidumping duties any of Habas's entries for which the assessment rate is *de minimis* (i.e., less than 0.50 percent). The Department will issue appraisal instructions directly to the Customs Service.

Further, the following deposit requirements will be effective for all shipments of rebar from Turkey entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act: (1) The cash deposit rates for the reviewed companies will be the rates established in the final results of this review; (2) for previously investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 16.06 percent, the all others rate established in the LTFV investigation.

These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of

antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results of review in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: April 25, 2002.

Faryar Shirzad,

Assistant Secretary, Import Administration.

Structural Steel Beams from Korea: Extension of Time Limits for Preliminary Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of Extension of Time Limits for the Preliminary Results of Antidumping Duty Administrative Review.

SUMMARY: The Department of Commerce ("the Department") is extending the time limit for the preliminary results of the antidumping duty administrative review of structural steel beams ("SSB") from Korea.

DATES: May 1, 2002.

FOR FURTHER INFORMATION CONTACT: Brandon Farlander, AD/CVD Enforcement Group III, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-0182.

SUPPLEMENTARY INFORMATION:

BACKGROUND:

On October 1, 2001, we published a notice of initiation of a review of SSB from Korea covering the period February 11, 2000 through July 31, 2001. See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part, October 1, 2001 (66 FR 49924). The Department's preliminary results are currently due on May 3, 2002.

EXTENSION OF TIME LIMITS FOR PRELIMINARY RESULTS

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act) states that if it is not practicable to complete the review within the time specified, the administering authority may extend the 245-day period to issue its preliminary results by up to 120 days. Completion of the preliminary results of this review within the 245-day period is not practicable because the review involves complex affiliation issues, including respondent INI Steel Company's ("INI") merger with Kangwon and additional issues regarding INI's corporate affiliations.

Therefore, in accordance with section 751(a)(3)(A) of the Act, we are extending the time period for issuing the preliminary results of review by 120 days until August 31, 2002. However, due to a Federal holiday, the signature date will be Tuesday, September 3, 2002. The final results continue to be due 120 days after the publication of the preliminary results.

Dated: April 25, 2002.

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

SUPPLEMENTARY INFORMATION:

Background

The EFH Committee was formally established by the Chair of the NPFMC in May 2001. The EFH Committee was established in response to the need to

prepare a supplemental environmental impact statement (SEIS) for the EFH fishery management plan amendments. The function of the EFH Committee is to serve as a steering committee in facilitating input to NMFS on the SEIS for EFH. The EFH Committee will provide input to NMFS and the Council from industry, the conservation community, and general public as appropriate. The EFH Committee also will submit periodic updates to the Council on the SEIS for EFH. Further information on the EFH Committee can be found on the NPFMC website at: <http://www.fakr.noaa.gov/npfmc/Committees/EFH/efh.htm>.

Agenda items for the May 2002 EFH Committee meeting include: finalizing fishery descriptions; review and discussion of revised EFH and HAPC alternatives; discussion of gear impacts on habitat; discussion of potential mitigation tools for each fishery; discussion of HAPC criteria and possible nomination of HAPC sites and types or a development of a nomination and evaluation process for HAPC sites and types; research needs; adaptive management; effects of rationalization; and key terms in the EFH final rule will be discussed including the terms "to the extent practicable" and "minimal and temporary." The EFH Committee will develop recommendations for the June NPFMC meeting on some or all of the agenda items listed above. The EFH Committee also will discuss plans for future tasks and meetings.

For further information about the EFH SEIS, see the Notice of Intent to prepare an SEIS published to the Proposed Rules section of the **Federal Register** (66 FR 30396, June 6, 2001). For further information on the preliminary alternative approaches for the designation of EFH and habitat areas of particular concern (HAPC) see 67 FR 1325, January 10, 2002.

Although other issues not contained in this agenda may come before the EFH Committee for discussion, those issues will not be the subject of formal action during this meeting. Formal action will be restricted to those issues specifically identified in this notice and any issues arising after publication of the notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Committee's intent to take final action to address the emergency.
