OMB Number: 0575-0174.

Expiration Date of Approval: July 31, 2002.

Type of Request: Extension of a Currently Approved Information Collection.

Abstract: On March 28, 1996, President Clinton signed the "Housing Opportunity Program Extension Act of 1996." One of the provisions of the Act was the authorization of the Section 538 Guaranteed Rural Rental Housing Loan Program, adding the program to the Housing Act of 1949. The program has

been designed to increase the supply of affordable multifamily housing through partnerships between RHS and major lending sources, as well as State and local housing finance agencies and bond issuers. Qualified lenders will be authorized to originate, underwrite, and close loans for multifamily housing projects requiring new construction or acquisition with rehabilitation of at least \$15,000 per unit will be considered.

The housing must be available for occupancy only by low or moderate income families or persons, whose incomes at the time of initial occupancy do not exceed 115 percent of the median income of the area. After initial occupancy, a tenant's income may exceed these limits; however, rents, including utilities, are restricted to no more than 30 percent of the 115 percent of area Median Income for the term of the loan.

The Secretary is authorized under Section 510 (k) to prescribe regulations to ensure that these federally funded loans are made to eligible applicants for authorized purposes. The lender must evaluate the eligibility, cost, benefits, feasibility, and financial performance of the proposed project. The information submitted by the lender to the Agency is used by the Agency to manage, plan, evaluate, and account for Government resources. This information is required to ensure the proper and judicious use of public funds.
