

we offered to assist small entities in understanding the rule so that they could better evaluate its effects on them and participate in the rulemaking process. Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those unfunded mandate costs. This rule will not impose an unfunded mandate.

Taking of Private Property

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk

to health or risk to safety that may disproportionately affect children.

Environment

The Coast Guard considered the environmental impact of this rule and concluded that under figure 2-1, paragraph (32)(e) of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation because promulgation of changes to drawbridge regulations have been found to not have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for the temporary final rule.

Indian Tribal Governments

This final rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Copayments for Inpatient Hospital Care and Outpatient Medical Care

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document affirms amendments to VA's medical regulations to set forth a mechanism for determining copayments for inpatient hospital care and outpatient medical care. These amendments were made by an interim final rule and were necessary to implement provisions of the Veterans Millennium Health Care and Benefits Act and to set forth exemptions from copayment requirements as mandated by statute.

SUPPLEMENTARY INFORMATION: An interim final rule amending VA's medical regulations to set forth a mechanism for determining copayments for inpatient hospital care and outpatient medical care provided to veterans by VA was published in the **Federal Register** on December 6, 2001 (66 FR 63446).

We provided a 60-day comment period that ended February 4, 2002. No comments have been received. Based on the rationale set forth in the interim final rule we now affirm as a final rule the changes made by the interim final rule.

Administrative Procedure Act

This document without any changes affirms amendments made by an interim final rule that is already in effect. Accordingly, we have concluded under 5 U.S.C. 553 that there is good cause for dispensing with a delayed effective date based on the conclusion that such procedure is impracticable, unnecessary, and contrary to the public interest.

Unfunded Mandates

The Unfunded Mandates Reform Act requires, at 2 U.S.C. 1532, that agencies prepare an assessment of anticipated costs and benefits before developing any rule that may result in an expenditure by State, local, or tribal governments, in the aggregate, or by the private sector of \$100 million or more in any given year. This final rule would have no consequential effect on State, local, or tribal governments.

Paperwork Reduction Act

This document contains no provisions constituting a collection of information under the Paperwork Reduction Act (44 U.S.C. 3501–3520).

Regulatory Flexibility Act

The Secretary hereby certifies that this final rule will not have a significant economic impact on a substantial number of small entities as they are defined in the Regulatory Flexibility Act (RFA), 5 U.S.C. 601–612. This final rule would not directly affect any small entities. Only individuals could be directly affected. Therefore, pursuant to 5 U.S.C. 605(b), this final rule is exempt from the initial and final regulatory flexibility analysis requirements of sections 603 and 604.

Summary of Order on Remand

1. The Order on Remand adopts additional technical requirements for wireline, cellular, and broadband PCS carriers to comply with the assistance capability requirements prescribed by CALEA and sets a June 30, 2002 compliance date for carriers to provide these capabilities. Section 103(a) of CALEA requires that a telecommunications carrier shall ensure that its equipment, facilities, or services that provide a customer or subscriber with the ability to originate, terminate, or direct communications are capable of isolating and providing to the government, pursuant to a lawful authorization, certain wire and electronic communications, including call-identifying information that is reasonably available to the carrier. Under section 107(a)(2) of CALEA (the “safe harbor” provision), carriers and manufacturers that comply with industry standards for electronic surveillance are deemed in compliance with their specific responsibilities under CALEA, but, if industry associations or standard-setting organizations fail to issue technical requirements or standards or if a Government agency or any other person believes that such requirements or standards are deficient, the Commission is authorized in response to a petition from any Government agency or person, to establish, by rule, technical requirements or standards. Under section 107 (b) of (CALEA) technical requirements or standards adopted by the Commission must meet the assistance capability requirements of section 103 by cost-effective methods; protect the privacy and security of communications not authorized to be intercepted; minimize the cost of such compliance on residential ratepayers; serve the policy of the United States to encourage the provision of new technologies and services to the public; and provide a reasonable time and conditions for compliance with and the transition to any new standard.

2. In the Third R&O, 14 FCC Rcd 16794, 64 FR 51710, September 24, 1999, the Commission required that
