**DEPARTMENT OF LABOR****Employment and Training  
Administration****[NAFTA-5218 and TA-W-39,831, TA-W-39,831A]****Chipman Union, Inc., Union Point,  
Georgia, Chipman Union, Inc., Bryan  
Scott Plant, Greensboro, GA; Notice of  
Revised Determination on  
Reconsideration**

By letter dated January 16, 2002, the company, requested administrative reconsideration of the Department's denial of North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA) and Trade Adjustment Assistance (TAA), applicable to workers of Chipman Union, Inc., Union Point, Georgia. The denial notice applicable to NAFTA-05218 was signed on December 17, 2001 and the denial notices for TA-W-39,831 and TA-W-39,831A were signed on December 14, 2001. The notices were published in the **Federal Register** on January 11, 2002, NAFTA-5218 (67 FR 1513); for TA-W-39,831 and TA-W-39,831A (67 FR 1508).

The workers of Chipman Union, Inc., Union Point, Georgia (NAFTA-5218) engaged in activities related to the production of socks were denied NAFTA-TAA because criteria (3) and (4) of the group eligibility requirements of paragraph (a)(1) of section 250 of the Trade Act of 1974, as amended, were not met. A survey of customers indicated that increased imports from Canada and Mexico did not contribute importantly to worker separations. The subject firm did not import socks from Canada or Mexico during the relevant period. There was no shift in the production of socks from the subject firm to Canada or Mexico during the relevant period.

The workers of Chipman Union, Inc., Union Point, Georgia (TA-W-39-831) and Chipman Union, Inc., Bryan Scott Plant, Greensboro, Georgia (TA-W-39-831A) were denied TAA because criterion (3) of the group eligibility requirements of section 222 of the Trade Act of 1974, as amended, was not met. Imports did not contribute importantly to the worker separations during the relevant period.

The request for reconsideration indicates that the company lost a license agreement, which accounted for a major portion of their sales. The request further indicated that the company that

was awarded the new license, imported the socks.

The Department contacted the company which was awarded the new license agreement and confirmed that the company that was awarded the license began importing the socks from Canada to the subject firm's domestic customers during the relevant period.

**Conclusion**

After careful consideration of the new facts obtained on reconsideration, it is concluded that increased imports of socks, including imports from Canada, contributed importantly to the decline in production and to the total or partial separation of workers at Chipman Union, Inc., Union Point, Georgia (NAFTA-5218) and Chipman Union, Inc., Union Point, Georgia (TA-W-39,831) and Chipman Union, Inc., Bryan Scott Plant, Greensboro, Georgia (TA-W-39,831A). In accordance with the provisions of the Act, I make the following revised determination:

"All workers at Chipman Union, Inc., Union Point, Georgia (NAFTA-5218), who became totally or partially separated from employment on or after August 16, 2000, through two years from the date of certification, are eligible to apply for NAFTA-TAA under section 250 of the Trade Act of 1974;" and

"All workers at Chipman Union, Inc., Union Point, Georgia (TA-W-39,831) and Chipman Union, Inc., Bryan Scott Plant, Greensboro, Georgia (TA-W-39,831A), who became totally or partially separated from employment on or after August 6, 2000, through two years from the date of certification, are eligible to apply for adjustment assistance under section 223 of the Trade Act of 1974.

Signed at Washington, DC this 4th day of April, 2002.

**SUPPLEMENTARY INFORMATION:****I. Background**

On April 4, 2002, the Secretary of Labor announced a comprehensive approach to ergonomics. This approach consists of four prongs: Guidelines; Enforcement; Outreach and Assistance; and Research. In order for this comprehensive approach to be successful, the Secretary believes it is necessary and in the public interest to establish a National Advisory Committee on Ergonomics. The Committee will advise the Assistant Secretary of Labor for Occupational Safety and Health (Assistant Secretary) on ergonomic guidelines, research, and outreach and assistance. Specifically, the Assistant Secretary intends to seek advice from the Committee in the following areas: (1) Information related to various industry or task-specific guidelines; (2) identification of gaps in the existing research based related to applying ergonomic principles to the

workplace; (3) current and projected research needs and efforts; (4) methods of providing outreach and assistance that will communicate the value of ergonomics to employers and employees, and (5) ways to increase communication among stakeholders on the issue of ergonomics. The Committee will be expected to report periodically to the Assistant Secretary on its findings and recommendations. Where Committee recommendations involve research efforts, the Assistant Secretary will forward such recommendations to NIOSH.

## II. Committee Formation

The Committee will consist of not more than 15 members. The Assistant Secretary recognizes that ergonomics involves a wide range of complex issues. For that reason, the Agency encourages the nomination of a broad range of individuals as possible Committee members, including those with specialized scientific or medical expertise related to ergonomics, or others who have knowledge or experience concerning the issues to be examined by the Committee. The Committee will be fairly balanced in terms of the points of view represented and the functions to be performed. OSHA is requesting that the Committee be chartered for a two year period. OSHA anticipates that during its two-year term, the Committee will meet between 2 and 4 times per year.

The Committee will function solely as an advisory body, and in compliance with the provisions of the Federal Advisory Committee (5 U.S.C. App. 2), 41 CFR Part 102-3, and DLMS 3 Chapter 1600.

## III. Public Participation

Nominees for committee membership should be qualified by experience, knowledge, and expertise. Interested persons may nominate themselves or others for membership on the Committee. Each nomination must include: (1) The name of the nominee; (2) the address, phone number, title, position, experience, qualifications and resume of the nominee; and (3) a written commitment from the nominee that he/she can and will attend regular meetings of the Committee and participate in good faith. In addition, please include an e-mail address or fax number, so that the Agency may acknowledge that it has received your nomination. (For information on dates and addresses for submitting nominations, see the **DATES** and **ADDRESSES** section of this notice, above.) Because of security-related problems in receiving regular mail service in a timely manner, OSHA

requests that nominations be hand-delivered to the Docket Office, or sent by Express Mail or other overnight delivery service, electronic mail, or facsimile. Please do not send nominations by more than one of these media.

Consistent with the Department's recently-issued procedural rule on OSHA Advisory Committees (67 FR 658, January 7, 2002), appointment of a member to this Advisory Committee for a fixed time period shall not affect the authority of the Assistant Secretary to remove, in his discretion, any member at any time. If a member resigns or is removed before his or her term expires, the Assistant Secretary may appoint for the remainder of the unexpired term a new member who shall represent the same interest as his or her predecessor.

**Authority:** This notice was prepared under the direction of John L. Henshaw, Assistant Secretary for Occupational Safety and Health. It is issued under the Federal Advisory Committee Act (FACA) (5 U.S.C. App. 2), GSA's FACA Regulations (41 CFR Part 102-3, and DLMS 3 Chapter 1600.
