

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.].

FOR FURTHER INFORMATION CONTACT: George Entwistle, Office of Vehicle Safety Compliance, NHTSA (202-366-5306).

SUPPLEMENTARY INFORMATION:

Background

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Wallace Environmental Testing Laboratories, Inc. of Houston, Texas ("WETL") (Registered Importer 90-005) has petitioned NHTSA to decide whether 1980 General Motors Jimmy multipurpose passenger vehicles that were originally manufactured for sale in the European market, are eligible for importation into the United States. The vehicles which WETL believes are substantially similar are 1980 General Motors Jimmy multipurpose passenger vehicles that were manufactured for sale in the United States and certified by their manufacturer, General Motors Corporation, as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 1980 General Motors Jimmy multipurpose passenger vehicles to their U.S.-certified

counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

WETL submitted information with its petition intended to demonstrate that non-U.S. certified 1980 General Motors Jimmy multipurpose passenger vehicles, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 1980 General Motors Jimmy multipurpose passenger vehicles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 101 *Controls and Displays*, 102 *Transmission Shift Lever Sequence* * * *, 103 *Defrosting and Defogging Systems*, 104 *Windshield Wiping and Washing Systems*, 106 *Brake Hoses*, 108 *Lamps, Reflective Devices and Associated Equipment*, 113 *Hood Latch Systems*, 116 *Motor Vehicle Brake Fluids*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 124 *Accelerator Control Systems*, 202 *Head Restraints*, 204 *Steering Control Rearward Displacement*, 205 *Glazing Materials*, 206 *Door Locks and Door Retention Components*, 207 *Seating Systems*, 209 *Seat Belt Assemblies*, 210 *Seat Belt Assembly Anchorages*, 212 *Windshield Retention*, 214 *Side Impact Protection*, 219 *Windshield Zone Intrusion*, 301 *Fuel System Integrity*, and 302 *Flammability of Interior Materials*.

Additionally, the petitioner states that non-U.S. certified 1980 General Motors Jimmy multipurpose passenger vehicles comply with the Vehicle Identification Number plate requirement of 49 CFR part 565.

Petitioner further contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated:

Standard No. 111 *Rearview Mirror*: replacement of the passenger side rearview mirror, which is flat and has 1:1 magnification.

Standard No. 120 *Tire Selection and Rims for Motor Vehicles other than Passenger Cars*: installation of a tire information placard.

Standard No. 208 *Occupant Crash Protection*: installation of an audible safety belt warning system. The petitioner states that the vehicle is equipped with Type II seat belts in both front outboard seating positions and Type I seat belts in the rear outboard and center seating positions and that driver and front outboard passenger seating positions are not required to have air bags.

The petitioner also states that a certification label must be affixed to the driver's side door jamb to meet the requirements of 49 CFR part 567.

Interested persons are invited to submit comments on the petition described above. Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 am to 5 pm]. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 20, 2002.

Marilynne Jacobs,

Director, Office of Vehicle Safety Compliance. [FR Doc. 02-11052 Filed 5-2-02; 8:45 am]

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

Annual List of Defect and Noncompliance Decisions Affecting Nonconforming Imported Vehicles

AGENCY: National Highway Traffic Safety Administration (NHTSA), DOT.

ACTION: Annual list of defect and noncompliance decisions affecting nonconforming vehicles imported by registered importers.

SUMMARY: This document contains a list of vehicles recalled by their manufacturers during Calendar Year 2001 (January 1, 2001 through December 31, 2001) to correct a safety-related defect or a noncompliance with an applicable Federal motor vehicle safety standard (FMVSS). The listed vehicles are those that NHTSA has decided are substantially similar to vehicles imported into the United States that were not originally manufactured and certified to conform to all applicable FMVSS. The registered importers of those nonconforming vehicles are required to provide their owners with notification of, and a remedy for, the

defects or noncompliances for which the listed vehicles were recalled.

FOR FURTHER INFORMATION CONTACT:
George Entwistle, Office of Vehicle Safety Compliance, NHTSA (202-366-5306).

SUPPLEMENTARY INFORMATION: Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards (FMVSS) shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle of the same model year that was originally manufactured for importation into and sale in the United States and certified under 49 U.S.C. 30115. Once NHTSA decides that a nonconforming vehicle is eligible for importation, it may be imported by a person who is registered with the agency pursuant to 49 U.S.C. 30141(c). Before releasing the vehicle for use on public streets, roads, or highways, the registered importer must certify to NHTSA, pursuant to 49 U.S.C. 30146(a), that the vehicle has been

brought into conformity with all applicable FMVSS.

If a vehicle originally manufactured for importation into and sale in the United States is decided to contain a defect related to motor vehicle safety, or not to comply with an applicable FMVSS, 49 U.S.C. 30147(a)(1)(A) provides that the same defect or noncompliance is deemed to exist in any nonconforming vehicle that NHTSA has decided to be substantially similar and for which a registered importer has submitted a certificate of conformity to the agency. Under 49 U.S.C. 30147(a)(1)(B), the registered importer is deemed to be the nonconforming vehicle's manufacturer for the purpose of providing notification of, and a remedy for, the defect or noncompliance.

To apprise registered importers of the vehicles for which they must conduct a notification and remedy (*i.e.*, "recall") campaign, 49 U.S.C. 30147(a)(2) requires NHTSA to publish in the **Federal Register** notice of any defect or noncompliance decision that is made

with respect to substantially similar U.S. certified vehicles. Annex A contains a list of all such decisions that were made during Calendar Year 2001. The list identifies the Recall Number that was assigned to the recall by NHTSA after the agency received the manufacturer's notification of the defect or noncompliance under 49 CFR part 573. After December 31, 2002, NHTSA will publish a comparable list of all defect and noncompliance decisions affecting nonconforming imported vehicles that are made during the current calendar year.

The vehicles listed were all remedied through repair. There were no campaigns in this period that remedied the safety related defect or noncompliance by replacing the vehicle or by refunding the purchase price.

Authority: 49 U.S.C. 30147(a)(2); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: April 30, 2002.

Marilynne Jacobs,

Director, Office of Vehicle Safety Compliance.

DEPARTMENT OF TRANSPORTATION

National Highway Traffic Safety Administration

[Docket No. NHTSA-2002-12140]

Notice of Receipt of Petition for Decision that Nonconforming 1997 and 1998 Ferrari 456 GT and GTA Passenger Cars Are Eligible for Importation

AGENCY: National Highway Traffic Safety Administration, DOT.

ACTION: Notice of receipt of petition for decision that nonconforming 1997 and 1998 Ferrari 456 GT and GTA Passenger Cars are eligible for importation.

SUMMARY: This document announces receipt by the National Highway Traffic Safety Administration (NHTSA) of a petition for a decision that 1997 and 1998 Ferrari 456 GT and GTA passenger cars that were not originally manufactured to comply with all applicable Federal motor vehicle safety standards are eligible for importation into the United States because (1) they are substantially similar to vehicles that were originally manufactured for importation into and sale in the United

States and that were certified by their manufacturer as complying with the safety standards, and (2) they are capable of being readily altered to conform to the standards.

DATES: The closing date for comments on the petition is June 3, 2002.

ADDRESSES: Comments should refer to the docket number and notice number, and be submitted to: Docket Management, Room PL-401, 400 Seventh St., SW., Washington, DC 20590. [Docket hours are from 9 a.m. to 5 p.m.].

FOR FURTHER INFORMATION CONTACT: George Entwistle, Office of Vehicle Safety Compliance, NHTSA (202-366-5306).

SUPPLEMENTARY INFORMATION:**Background**

Under 49 U.S.C. 30141(a)(1)(A), a motor vehicle that was not originally manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is

capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

G&K Automotive Conversion, Inc. of Santa Anna, California ("G&K") (Registered Importer 90-007) has petitioned NHTSA to decide whether 1997 and 1998 Ferrari 456 GT and GTA passenger cars are eligible for importation into the United States. The vehicles which G&K believes are substantially similar are 1997 and 1998 Ferrari 456 GT and GTA passenger cars that were manufactured for importation into, and sale in, the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.
