

Authority: BLM issues this order under the authority of 43 CFR 8364.1, Closure and restriction orders, and 43 CFR 8341.2 (a), Special rules.

Reasons for Closures

This notice adjusts the boundary of the closure area established in 1995, to address additional public safety concerns. The primary public safety concern is the on-going vandalism of an existing high voltage power line by recreational target shooters. The power line, owned by WestPlains Energy Corporation, provides power to Cripple Creek and Victor, Colorado. Specific concerns include the cost of repairing damage to the power line caused by recreational target shooting, the possibility that this vandalism will result in a major power outage in Cripple Creek and Victor, and the dangers (electrocution, fire) posed by vandalism of live high voltage power lines in an area that is heavily used by the public.

Affected Lands

The public lands affected by this boundary adjustment and containing the closed areas and roads are identified as follows:

Sixth Principal Meridian, Colorado

T.17S., R.70W., Sections 28, 33, & 34.

Map

Notice of this closure and a detailed map will be posted at the Royal Gorge Field Office.

Exceptions

This closure does not apply to emergency, law enforcement, and Federal or other government vehicles while being used for official or emergency purposes, or to any other vehicle whose use is expressly authorized or otherwise officially approved by BLM.

Penalties

Violation of this order is punishable by imprisonment for up to 12 months and/or a fine as defined in 18 U.S.C. 3571.

Roy L. Masinton,

Field Manager.
