

CERHR at the address above by July 8, 2002.

All public comments received by this date will be reviewed and included in the final NTP-CERHR report on methanol to be prepared by NTP staff. The NTP-CERHR report will include the expert panel report, public comments received on the report, and an NTP brief. The brief will provide the NTP's interpretation of the potential for adverse reproductive and/or developmental effects to humans from exposure to methanol. The NTP will transmit the NTP-CERHR report to the appropriate federal and state agencies, the public, and the scientific community.

Background

A 12-member expert panel composed of scientists from state and federal governments, universities, and industry conducted an evaluation of the reproductive and developmental toxicities of methanol (**Federal Register** Vol. 66, No. 136, pp. 37047-37048, July 16, 2001). Public deliberations by the panel took place October 15-17, 2001 at the Radisson Hotel Old Town in Alexandria, Virginia. Following the October meeting, the draft expert panel report was revised to incorporate the panel's conclusions and subsequently reviewed by the Methanol Expert Panel, NTP scientists, and CERHR personnel.

Methanol (CASRN: 67-56-1) is a commercially important, high production volume chemical (2.2 billion gallons, US production, 1998), with high potential for occupational, consumer, and environmental exposure. Methanol is used in chemical syntheses and as an industrial solvent. It is found in a variety of consumer products such as paints, antifreeze, cleaning solutions, and adhesives and is a by-product of sewage treatment, fermentation, and paper production. Methanol is used in racing car fuels, and there is the potential for future, expanded use of methanol as a vehicle fuel or fuel additive.

Additional Information About CERHR

The NTP and the NIEHS established the NTP CERHR in June 1998 (**Federal Register** Vol. 63, No. 239, p. 68782, December 1998). The purpose of the CERHR is to provide scientifically based, uniform assessments of the potential for adverse effects on reproduction and development caused by agents to which humans may be exposed. Further information on the CERHR's chemical review process including how to nominate chemicals for evaluation and scientists for the expert registry can be obtained from its web site (<http://cerhr.niehs.nih.gov>) or by contacting the CERHR directly (see address above). The CERHR also serves as a resource for information on various environmental exposures and their potential to affect pregnancy and child development. The web site has information about common concerns related to fertility, pregnancy and the health of unborn children and links to other resources for information about public health.

Dated: May 1, 2002.

Samuel H. Wilson,

Deputy Director, National Institute of Environmental Health Sciences.

Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a

copy of the information collection plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Comments are invited on: (a) Whether the proposed collections of information are necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Proposed Project: 2003 National Survey on Drug Use and Health—(0930-0110, Revision)—The National Survey on Drug Use and Health (NSDUH), formerly the National Household Survey on Drug Abuse (NHSDA), is a survey of the civilian, noninstitutionalized population of the United States 12 years old and older. The data are used to determine the prevalence of use of tobacco products, alcohol, illicit substances, and illicit use of prescription drugs. The results are used by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

For the 2003 NSDUH, additional questions are being planned regarding types of schooling (e.g., public versus private). Several questions using "item count" methodology to estimate use of specific hard-core drugs are slated to be removed. The remaining modular components of the questionnaire will remain essentially unchanged except for minor modifications to wording.

As with all NSDUH/NHSDA surveys conducted since 1999, the sample size of the survey for 2003 will be sufficient to permit prevalence estimates for each of the fifty states and the District of Columbia. The total annual burden estimate is shown below:

	Number of respondents	Responses per respondent	Average burden per response (in hrs.)	Total burden (hrs.)
Household Screening	202,500	1	0.083	16,808
Interview	67,500	1	1.0	67,500
Screening Verification	6,176	1	0.067	414
Interview Verification	10,125	1	0.067	678
Total	202,500	85,400

Send comments to Nancy Pearce, SAMHSA Reports Clearance Officer, Room 16–105, Parklawn Building, 5600 Fishers Lane, Rockville, MD 20857. Written comments should be received within 60 days of this notice.

Dated: May 2, 2002.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

Substance Abuse and Mental Health Services Administration

Notice of Meeting of the Advisory Committee for Women's Services

Pursuant to Public Law 92–463, notice is hereby given of the teleconference meeting of the Advisory Committee for Women's Services of the Substance Abuse and Mental Health Services Administration (SAMHSA) in May 2002.

The teleconference meeting of the Advisory Committee for Women's Services will include a discussion of SAMHSA's June 19–20, 2002 Joint Council Meeting, SAMHSA's Delaying and Restructuring activities, policy and program issues relating to women's substance abuse and mental health service needs, HIV/AIDS Data Collection processes and other policy issues.

A summary of the meeting and/or a roster of committee members may be obtained from: Nancy P. Brady, Executive Secretary, Advisory Committee for Women's Services, Office for Women's Services, SAMHSA, Parklawn Building, Room 13–99, 5600 Fishers Lane, Rockville, Maryland 20857, Telephone: (301) 443–5184.

Attendance by the public will be limited to space available. Public comments are welcome. Please communicate with the individual listed as contact below to make arrangements to comment or to request special accommodations for persons with disabilities.

Substantive information may be obtained from the contact whose name and telephone number is listed below.

Committee Name: Advisory Committee for Women's Services.

Meeting Date(s): May 7, 2002.

Place: 5600 Fishers Lane, Room 12C–06, Rockville, MD 20857.

Type: Open: May 7, 2002—4–5:30 p.m.

Contact: Nancy P. Brady, Executive Secretary, Telephone: (301) 443–5184 and Fax: (301) 443–8964.

This notice is being published less than 15 days prior to the meeting due to the urgent need for the Advisory Committee to be notified of the Restructuring Delaying activities of SAMHSA and the immediate impact of these activities on the Committee.

Dated: May 2, 2002.

Toian Vaughn,

Committee Management Officer, Substance Abuse and Mental Health Services Administration.

BILLING CODE 4162–20–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–4736–N–03]

Notice of Proposed Information Collection for Public Comment—Public Housing Financial Management Template

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments Due Date:* July 8, 2002.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control number and should be sent to: Mildred M. Hamman, Reports Liaison Officer, Public and Indian Housing, Department of Housing and Urban Development, 451 7th Street, SW., Room 4238, Washington, DC 20110–5000.

FOR FURTHER INFORMATION CONTACT: Mildred M. Hamman, (202) 708–3642, extension 4128, for copies of the proposed forms and other available documents. (This is not a toll-free number).

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

This Notice is soliciting comments from members of the public and affected agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) enhance the quality, utility, and clarity of the information to be collected; and (4) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated collection techniques or other forms of information technology; e.g., permitting electronic submission of responses.

This Notice also lists the following information:

Title of Proposal: Public Housing Financial Management Template.

OMB Control Number: 2577–(Formerly 2535–0107).

Description of the need for the information and proposed use: The Uniform Financial Reporting Standards (UFRS) for HUD Housing Programs requires Public Housing Agencies (PHAs) to submit financial data electronically, using Generally Accepted Accounting Principles (GAAP), in a prescribed format. Electronic submission of this data requires the use of a template. The Public Housing Financial Management template includes updates that increase the efficiency of data collection and reduces the burden hours for the respondents. HUD will continue to use the financial information it collects from PHAs to evaluate their financial condition. Requiring PHAs to report electronically, in a prescribed HUD format, and using the GAAP basis of accounting has enabled HUD to provide a more comprehensive financial assessment of the PHAs receiving federal funds from HUD. The Real Estate Assessment Center responsibility for this collection of information was transferred to the Assistant Secretary for Public and Indian Housing.

Agency form numbers, if applicable: Not applicable.

Members of affected public: Public Housing Financial Management Template: Local, State, or Tribal Governments, Not-for-profit Institutions.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: Public Housing Financial Management Template: 3,173 PHAs; annual submission per PHA;
