Transwestern Pipeline Company; Notice of Tariff Filing

May 2, 2002.

Take notice that on April 29, 2002, Transwestern Pipeline Company (TW) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets to become effective July 1, 2002:

6th Revised Sheet No. 95B
5th Revised Sheet No. 95B.01
7th Revised Sheet No. 95C
2nd Revised Sheet No. 95H.01

TW states that on March 11, 2002, in Docket No. RM96–1–019, the Federal Energy Regulatory Commission (Commission) issued Order No. 587-N (Order). In the Order, the Commission amended its regulations governing standards for interstate pipeline business operations and communications to require that pipelines permit releasing shippers, as a condition of a capacity release, to recall released capacity and renominate such recalled capacity at each nomination opportunity. The Commission believes this rule creates greater flexibility for firm capacity holders on interstate pipelines by synchronizing the Commission's regulation of recalled capacity with its standards for intra-day nominations. The Order requires pipelines to make tariff filings implementing provisions of the Order by May 1, 2002, to become effective by July 1, 2002. TW also states that this filing is made in compliance with Order No. 587–N.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with sections 385.214 or 385.211 of the Commission's rules and regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.
