Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of Advisory Committee meeting.

SUMMARY: The Defense Science Board (DSB) Task Force on Wideband RadioFrequency Systems will meet in closed session on June 3-4, 2002; June 24-25, 2002; July 25-26, 2002; August 29-30, 2002; September 26-27, 2002; October 21-22, 2002; and November 21-22, 2002; at Strategic Analysis Inc., 3601 Wilson Boulevard, Arlington, VA. The Task Force will review key aspects of the policy and technology issues associated with the military applications of Wideband Radio Frequency (RF) systems.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science Board Task Force will examine: (1) Technical issues associated with the employment of Wideband RF modulation by the Department of Defense (DoD) and Defense-related agencies and its potential impact on other defense and non-Defense users of the RF spectrum; (2) technical issues associated with the employment of Wideband modulation techniques by Defense related agencies taking into account the concurrent interagency review of spectrum requirements for advanced wireless mobile services

(third generation) led by the National Telecommunications and Information Administration and the Federal Communications Commission; (3) implications of the employment of Wideband modulation techniques for US policy at the forthcoming World Administrative Radio Conference; (4) technical impact of the DoD employment of Wideband RF modulation on other users of the RF spectrum; (5) the potential limitations of exploiting variable code length and bandwidth-on-demand characteristics using packet switching techniques to meet DoD's long-term communications requirements; and (6) implications for the cost and technical risk associated with the extensive use of Wideband RF modulation by the DoD.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.

Office of the Secretary

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of Advisory Committee meetings.

SUMMARY: The Defense Science Board (DSB) Task Force on Discriminate Use of Force (formerly known as the Task Force on Precision Compellence) will meet in closed session on September 25-26, 2002, and October 21-22, 2002, at SAIC, 4001 N. Fairfax Drive, Arlington, VA. The Task Force will conduct a comprehensive study of the ends and means of the nuanced use of force, in concert with coalition partners, to achieve political, economic and moral change in countries affecting US interests.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. At these meetings, the Defense Science

Board Task Force will survey the focused use of force so as to alter regimes' behavior, and in ways that are most promising to isolate regimes of concern from their populations and supporting organs and bureaucracies. This will include the means to acquire a well-founded conceptual delineation of targets critically important to the diplomatic, economic and military dominance of the regime. A regime's values and vulnerabilities being highly idiosyncratic, the Task Force shall select some concrete case studies for exploration in depth. These might include current rouge states, terrorist organizations, and future potential adversaries. Of particular relevance are the cleavage planes, where the discriminating use of force might divide the interests of different strata, political, ethnic or religious groups, or even personal rivalries.

In accordance with Section 10(d) of the Federal Advisory Committee Act, Pub. L. 92-463, as amended (5 U.S.C. App. II), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.
