\* Neither U.S. nor GSA Western Distribution Center, Stockton, CA, RFO's contain a supplemental filing window. Effective November 1, 2002, a TSP will not be permitted to continue billing the 2 percent insurance related surcharge as a separate line item for this traffic unless it submits a request to GSA substantiating the continued need for a surcharge and GSA approves the request.

Additionally, any TSP that has a paper Optional Form 280 (OF 280) on file with GSA for domestic closed van freight shipments will need to submit a supplement to each OF 280 (with an effective date of November 1, 2002) effectively adjusting its rate offers to continue to recover the cost of any elevated insurance premiums. Consequently, effective November 1, 2002, a TSP with an OF 280 freight tender on file with GSA no longer will be allowed to bill agencies participating in GSA's FMP for an insurance related surcharge as a separate line item.
