[Docket No. 011218304-1304-01; I.D. 050802A]

Fisheries of the Exclusive Economic Zone Off Alaska; Northern Rockfish in the Bering Sea Subarea of the Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting retention of northern rockfish in the Bering Sea subarea of the Bering Sea and Aleutian Islands management area (BSAI). NMFS is requiring that catch of northern rockfish in this area be treated in the same manner as prohibited species and discarded at sea with a minimum of injury. This action is necessary because the amount of the 2002 total allowable catch (TAC) of northern rockfish in this area has been achieved.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), May 11, 2002, until 2400 hrs, A.l.t., December 31, 2002.

FOR FURTHER INFORMATION CONTACT:
Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The amount of the 2002 TAC of northern rockfish in the Bering Sea subarea of the BSAI was established as 16 metric tons by an emergency rule implementing 2002 harvest specifications and associated management measures for the groundfish fisheries off Alaska (67 FR 956, January 8, 2002).

In accordance with § 679.20(d)(2), the Administrator, Alaska Region, NMFS, has determined that the amount of the 2002 TAC for northern rockfish in the Bering Sea subarea of the BSAI has been achieved. Therefore, NMFS is requiring that further catches of northern rockfish

in the Bering Sea subarea of the BSAI be treated as prohibited species in accordance with § 679.21(b).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds the need to immediately implement this action because the amount of the 2002 TAC for northern rockfish in the Bering Sea subarea of the BSAI has been achieved constitutes good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C.

553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion because the amount of the 2002 TAC for northern rockfish in the Bering Sea subarea of the BSAI has been achieved constitutes good cause to find that the effective date of this action cannot be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: May 8, 2002.

Virginia M. Fay,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Fisheries of the Exclusive Economic Zone Off Alaska; Yellowfin Sole by Vessels Using Trawl Gear in Bering Sea and Aleutian Islands Management Area

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is closing directed fishing for yellowfin sole by vessels using trawl gear in the Bering Sea and

Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the second seasonal apportionment of the 2002 Pacific halibut bycatch allowance specified for the yellowfin sole fishery category.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), May 11, 2002, until 1200 hrs, A.l.t., May 21, 2002.

FOR FURTHER INFORMATION CONTACT:
Andrew Smoker, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The second seasonal apportionment of the 2002 halibut bycatch allowance specified for the BSAI trawl yellowfin sole fishery category, which is defined at § 679.21(e)(3)(iv)(B)(1), is 195 metric tons (67 FR 956, January 8, 2002).

In accordance with § 679.21(e)(7)(v), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the second seasonal apportionment of the 2002 halibut bycatch allowance specified for the yellowfin sole fishery in the BSAI has been caught. Consequently, the Regional Administrator is closing directed fishing for yellowfin sole by vessels using trawl gear in the BSAI.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. The Assistant Administrator for Fisheries, NOAA, finds that the need to immediately implement this action to avoid exceeding the second seasonal apportionment of the halibut bycatch allowance for yellowfin sole fishery category constitutes good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(3)(B) and 50 CFR 679.20(b)(3)(iii)(A), as such procedures would be unnecessary and contrary to the public interest. Similarly, the need to implement these measures in a timely fashion to avoid exceeding the second seasonal apportionment of the halibut bycatch allowance for yellowfin sole
