Fish and Wildlife Service

Aquatic Nuisance Species Task Force Great Lakes Panel Meeting

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of meeting.

SUMMARY: This notice announces a meeting of the Aquatic Nuisance Species (ANS) Task Force Great Lakes Panel. The meeting topics are identified in the **SUPPLEMENTARY INFORMATION**.

DATES: The Great Lakes Panel will meet from 11:00 am to 4:30 pm on Wednesday, May 29, 2002, and 8:00 am to 4:00 pm on Thursday, May 30, 2002.

ADDRESSES: The Great Lakes Panel meeting will be held at the Stone Laboratory of the Ohio State University Field Station located on Gibraltar Island of Lake Erie at 878 Bayview Avenue, Put-in-Bay, Ohio 43456. Phone (419) 285-2341.

FOR FURTHER INFORMATION CONTACT: Kathe Glassner-Shwayder, Project Manager, Great Lakes Commission, at 734-665-9135 or Sharon Gross, Executive Secretary, Aquatic Nuisance Species Task Force at 703-358-2308 or by e-mail at: sharon_gross@fws.gov.

SUPPLEMENTARY INFORMATION: Pursuant to section 10(a)(2) of the Federal Advisory Committee Act (5 U.S.C. App. I), this notice announces a meeting of the Aquatic Nuisance Species Task Force Great Lakes Panel. The Task Force was established by the Nonindigenous

Aquatic Nuisance Prevention and Control Act of 1990.

The Great Lakes Panel, comprised of representatives from Federal, State, and local agencies and from private environmental and commercial interests, performs the following activities:

(a) Identifies priorities for the Great Lakes Region with respect to aquatic nuisance species;

(b) makes recommendations to the Task Force regarding programs to carry out zebra mussel programs;

(c) assists the Task Force in coordinating Federal aquatic nuisance species program activities in the Great Lakes region;

(d) coordinates, where possible, aquatic nuisance species program activities in the Great Lakes region that are not conducted pursuant to the Nonindigenous Aquatic Nuisance Prevention and Control Act of 1990 (as amended, 1996);

(e) provides advice to public and private individuals and entities concerning methods of controlling aquatic nuisance species; and

(f) submits an annual report describing activities within the Great Lakes region related to aquatic nuisance species prevention, research, and control.

Topics to be addressed at this meeting include: a review of the Great Lakes Panel accomplishments on ANS prevention and control in the Great Lakes/St. Lawrence Region over the past decade; a review of the status of Federal (U.S. and Canadian) Legislation and Policies; a discussion on Great Lakes Panel's Rapid Response Model Plan; an update on the International Association of Great Lakes Research white paper on Ballast Water; an update on the International Joint Commission Great Lakes/St. Lawrence Research Inventory; and an update on NISA reauthorization and the Panel's role in advancing NISA recommendations.

Minutes of the meeting will be maintained by the Executive Secretary, Aquatic Nuisance Species Task Force, Suite 810, 4401 North Fairfax Drive, Arlington, Virginia 22203-1622, and will be available for public inspection during regular business hours, Monday through Friday.

Dated: April 30, 2002.

Cathleen I. Short,

Co-Chair, Aquatic Nuisance Species Task Force, Assistant Director—Fisheries & Habitat Conservation.

DEPARTMENT OF THE INTERIOR

National Park Service

National Capital Region; Environmental Assessment for the Proposed Construction of Permanent Security Improvements at the Washington Monument in Washington, DC

ACTION: Notice of availability of an Environmental Assessment.

SUMMARY: Pursuant to the Council of Environmental Quality regulations and National Park Service policy, this notice announces the availability of an environmental assessment (EA) for the proposed construction of permanent security improvements that include a visitor access/screening facility, vehicle barrier system, and general improvements of the grounds at the Washington Monument in Washington, D.C.

DATES: There will be a 30-day public review period for comment on this document. Comments on the EA should be received no later than May 23, 2002.

ADDRESSES: Comments on the EA should be submitted to: Mr. Arnold Goldstein, Superintendent, National Capital Parks-Central, National Capital Region, National Park Service. It is recommended, due to delays in mail delivery, that comments be provided by telefax at (202) 426-1835 or by email at NACC-Superintendent@nps.gov. Comments may also be delivered by messenger to 900 Ohio Drive, SW., Washington, DC 20242. Public reading copies of the EA will be available for review on the National Park Service website at <http://www.nps.gov/wamo>, at the National Capital Region, National Park Service, 1100 Ohio Drive, SW., First Floor Lobby, Washington, DC, 20242, and at the National Capital Planning Commission, 401 9th Street, NW., North Lobby, Suite 500, Washington, DC 20576. For further information contact: Ms. Sally Blumenthal, Deputy Associate Regional Director, National Capital Region, National Park Service, 1100 Ohio Drive, SW., Washington, DC 20242, Telephone: (202) 619-7025. A limited number of copies of the EA are available on request.

SUPPLEMENTARY INFORMATION: The EA will help National Park Service decisionmakers meet the objectives for the design and construction of a new permanent screening facility and vehicle barrier system. The objectives include improvement of security, improvement of visitor flow, provision of outdoor recreation opportunities,

preservation of cultural landscape quality, improvement of accessibility, and preservation of the Monument structure and the Monument Lodge.

The existing concrete jersey barriers and the interim visitor security facility obstruct important vistas to and from the Monument and Grounds, intrude on the setting of this important national icon, and disrupt pedestrian circulation patterns. In addition, the current system requires heavy personnel staffing by the U.S. Park Police.

This EA addresses the environmental consequences of two build alternatives, as well as the impacts associated with maintaining the status quo. Alternative A (Below-Grade Alternative); Alternative B (Above Grade Alternative), and Alternative C (No Action Alternative). The two build alternatives are intended to fulfill the security goals and objectives for the Monument through three types of physical improvements: (1) Visitor screening facility, (2) vehicle barrier system, and (3) Grounds improvements.

Alternative A includes an underground screening facility and passageway to the Monument and a landscaped vehicle barrier system of walled terraces, a screening berm and pathways. The Monument Lodge would be rehabilitated as the portal to the new underground facility. A graded system of walled terraces would replace the concrete jersey vehicle barriers. Alternative B includes a visitor screening facility located above-ground near the Sylvan Theater, away from the primary views and vistas. Visitors would travel from the Theater in an above-ground, double-fenced security pathway to the Monument. Security bollards would be placed at the 1-1/4-mile perimeter of the Grounds to provide a barrier system that would stop moving vehicles, replacing the existing concrete jersey vehicle barriers. The parking lot at 16th Street would be removed in both Alternatives A and B, which would allow the German-American Friendship Garden to be completed. Alternative C would retain the existing structures and elements of the Washington Monument Grounds in their existing use and condition. There would be no new development or reconfiguration of facilities, and the parking lot on the northern portion of the Grounds at 16th Street would remain.

This EA seeks to determine the potential impacts and recommended mitigation measures related to the proposed action or to no action. The EA addresses short-term construction-related impacts and long-term operational effects, as well as the

cumulative impacts that would result from this and other projects within the study area. The National Park Service has prepared this EA in compliance with the National Environmental Policy Act, the Council on Environmental Quality regulations implementing that Act, the National Historic Preservation Act, and the National Park Service Director's Order-12. This EPA was prepared in cooperation with the National Capital Planning Commission.

Dated: April 24, 2002.

Terry R. Carlstrom,

Regional Director, National Capital Region.

National Park System Advisory Board; Meeting

AGENCY: National Park Service, Interior.

ACTION: Notice of meeting.

Notice is hereby given in accordance with the Federal Advisory Committee Act, 5 U.S.C. Appendix, that the National Park System Advisory Board will conduct a public meeting by teleconference on May 29, 2002, from 3 p.m. to 4 p.m., Eastern Standard Time, inclusive. Members of the public may attend the meeting in person at two locations: (1) In Washington, DC, at the Jury's Hotel, Burlington Ballroom, 1500 New Hampshire Avenue, NW., Washington, DC 20036; and in Homestead, Florida, at Biscayne National Park, the Headquarters Building, 9700 SW 328th Street, Homestead, Florida 33090. The meeting is open to the public. During this teleconference, the National Park System Advisory Board will receive and discuss the final report of its Stiltsville Committee concerning the proposed disposition of seven structures known collectively as "Stiltsville" and located within the waters of Biscayne National Park. Information about Stiltsville can be found on Biscayne National Park's website at www.nps.gov/bisc. For copies of the committee report, please contact Shirley Sears Smith, Office of Policy, National Park Service, at 202-208-7456.

Opportunities for oral comment will be limited to no more than 3 minutes per speaker and no more than 15 minutes total. The Board's chairman will determine how time for oral comments will be allocated. Anyone who wishes further information concerning the meeting, or who wishes to submit a written statement, may

contact Mr. Loran Fraser (202-208-7456), Office of Policy, National Park Service, 1849 C Street, NW., Washington, DC 20240.

Draft minutes of the meeting will be available for public inspection about 12 weeks after the meeting, in room 2414, Main Interior Building, 1849 C Street, NW., Washington, DC.

Dated: May 10, 2002.

P. Daniel Smith,

Special Assistant to the Director.
