Proposed Projects:

Title: Child Care and Development Fund Quarterly Financial Report (ACF-696).

OMB No.: 0970-0163.
Description: States and Territories use this form to facilitate the reporting of expenditures for the Child Care and Development Fund on a quarterly basis. The form provides specific data regarding financial disbursements, obligations, and estimates. It provides States and Territories with a mechanism to request grant awards and certify the availability of State matching funds. Failure to collect this data would seriously compromise the

Administration for Children and Families' (ACF) ability to monitor expenditures. This form may also be used to prepare ACF budget submissions to Congress. This information collection is a revised version of the currently used ACF-696 for which Office of Management and Budget approval expires on September 30, 2002.

Respondents: States and Territories that are CCDF grantees.

Title: National Survey of Child and Adolescent Well-Being.

OMB No.: 0970-0202.

Description: This longitudinal survey provides national estimates on the characteristics related to children and families who enter the child welfare system. It has collected data from a cohort of 6100 children who entered the child welfare system as a result of a CPS investigation between October, 1999 and April, 2001. Data were collected from the children themselves, their caregivers, their teachers, and their caseworkers at baseline, with followups at 12 and 18 months post-baseline. The current request is to pursue a 36-month followup, essentially replicating the measures that were used at baseline and at the 18-month followup.

Respondents: Children who are clients of the child welfare system, their primary caregivers, caseworkers, and teachers.
