

Redetermination Pursuant to Court Remand (October 1, 2001) (*Final Remand Results*). In our *Final Remand Results*, we made no changes to the *Draft Remand Results*. Parties comments to our *Draft Remand Results* and the Department's responses are discussed in the *Final Remand Results*.

On December 4, 2001, the CIT affirmed the Department's *Final Remand Results*. See *Fabrique De Fer Charleroi S.A. v. United States*, Slip Op. 01-140 (December 4, 2001). No party appealed the CIT's decision. As this case is now final and conclusive, we are amending the *Final Results* of review. As a result of our recalculations, based upon the changes set forth above, we have revised the dumping margin for respondent.

Amendment to Final Results of Review

Because no further appeals have been filed and there is now a final and conclusive decision in the CIT proceeding, effective as of the publication date of this notice, we are amending the *Final Results*, and establishing the following revised weight-averaged dumping margin:

Company Amended Final Results 1995–1996	Margin
Fabrique de Fer de Charleroi S.A.	12.96%

Accordingly, the Department will instruct the Customs Service to assess antidumping duties on all appropriate entries of subject merchandise in accordance with these amended final results.

Cash Deposit Requirements

The Department has not conducted a review of this order for any review period subsequent to the review period at issue (August 1, 1995 through July 31, 1996). Therefore, the following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of certain cut-to-length carbon steel plate from Belgium entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for FAFER will be the rate shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate

established for the most recent period for the manufacturer of the merchandise; and, (4) for all other producers and/or exporters of this merchandise, the cash deposit rate shall be the rate established in the LTFV investigation, which is 6.75 percent. See *Amended Final Determination of Sales at Less Than Fair Value: Certain Cut-to-Length Carbon Steel Plate from Belgium*, 63 FR 40698 (July 30, 1998). These deposit rates shall remain in effect until publication of the final results of the next administrative review.

Extension of Final Results:

On October 1, 2001, the Department initiated (66 FR 49926) a sunset review of the suspended antidumping investigation on tomatoes from Mexico pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). On the basis of the notice of intent to participate filed on behalf of domestic interested parties, and adequate substantive comments filed on behalf of the domestic interested parties and respondent interested parties, the Department determined that a full (240 day) sunset review was warranted of this suspended antidumping duty investigation.

In a sunset review, the Department normally will issue its final results not later than 240 days after the date of publication in the Federal Register of the notice of initiation in accordance with 19 CFR 351.218 (f)(3)(i). However, if the Secretary determines that a full sunset review is extraordinarily complicated under section 751(c)(5)(C) of the Act, the Secretary may extend the period for issuing final results by not more than 90 days (see section 751(c)(5)(B) of the Act).

We find this case to be extraordinarily complicated due to issues related to the on-going re-negotiation of the suspension agreement from Mexico. Therefore, we determine it appropriate to take the maximum amount of time allowed under the statute to conduct this sunset review. For this reason we are extending the period for issuing final results by 90 days. Thus, the Department intends to issue the final results on tomatoes from Mexico, not later than August 27, 2002, in accordance with section 751(c)(5)(B) of the Act.

Acting Assistant Secretary for Import Administration.
