TransColorado Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

May 15, 2002.

Take notice that on May 9, 2002, pursuant to 18 CFR 154.7, and in compliance with the April 24, 2002, Commission order (April 24th order) in Docket No. RP99-106-006, TransColorado Gas Transmission Company (TransColorado) tendered for filing and acceptance, the following tariff sheets to Original Volume No. 1 of its FERC Gas Tariff.

Original Volume No. 1
First Revised Fifth Revised Sheet No. 20, effective February 1, 2001
First Revised Sixth Revised Sheet No. 20, effective November 1, 2001
First Revised Original Sheet No. 20A, effective November 1, 2001

TransColorado states that the submitted tariff sheets reflect Final Rates approved by the April 24th order. Final Rates are slightly lower than Interim Rates that have been in effect pursuant to the terms of the settlement in Docket No. RP99-106 as approved by the Commission on January 14, 2000, in Docket No. RP99-106-004. For example, TransColorado's interruptible transportation rate drops from the currently effective \$0.3340/Dth to \$0.3239/Dth.

Article III(F) of the settlement in this proceeding provides that refunds will be required if total revenues exceed the leveled cost of service over the refund period. TransColorado states that it is reviewing its revenues and costs for the refund period but does not anticipate that there will be refunds.

TransColorado states that a copy of this filing has been served upon TransColorado's customers, the Colorado Public Utilities Commission and New Mexico Public Utilities Commission.
