DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Findings of Scientific Misconduct

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: Notice is hereby given that the Office of Research Integrity (ORI) and the Assistant Secretary for Health have taken final action in the following case:

Robert B. Tracy, Ph.D., University of Southern California and University of California, Davis: Based on Dr. Tracy's admission, the reports submitted by the University of Southern California (USC) and the University of California, Davis (UCD), and additional analysis conducted by ORI in its oversight review, the U.S. Public Health Service (PHS) found that Robert B. Tracy, Ph.D., former doctoral student at UCD, and former postdoctoral student at USC, engaged in scientific misconduct by falsifying and fabricating data in research supported by National Institute of Allergy and Infectious Diseases (NIAID), National Institutes of Health (NIH), grant R01 AI18987, "Mechanistic studies of genetic recombination," and National Institute of General Medical Sciences (NIGMS), NIH, grant 1 R01 GM56984, "Mechanism of DNA recombination at class switch sequences."

Dr. Tracy's doctoral research at UCD involved the analysis of the mechanisms used by various enzymes to repair damaged DNA, while his postdoctoral research at USC dealt with the molecular mechanism used by B-lymphocytes when switching from producing one class of immunoglobulin to another.

Specifically, PHS found that:

(1) In 1996 and 1997, Dr. Tracy falsified research supported by NIH grant R01 AI18987, "Mechanistic studies of genetic recombination," while working on his doctoral dissertation at UCD. Dr. Tracy falsified Figure 6.2 of his Ph.D. thesis by adding discrete bands where there actually had only been a uniform smear of radioactivity, the effect being to suggest a result that had not been observed and was, therefore, falsified. The falsified image was not published.

(2) From 1998 to 2000, Dr. Tracy committed additional scientific misconduct while a postdoctoral fellow at USC in research funded by NIH grant R01 GM56984 "Mechanism of DNA recombination at class switch sequences." Dr. Tracy falsified values in
