CHEMICAL SAFETY AND HAZARD INVESTIGATION BOARD

Sunshine Act Meeting

The U.S. Chemical Safety and Hazard Investigation Board announces that it will convene a Public Meeting beginning at 10 a.m. local time on June 4, 2002, at 2175 K Street, NW., Suite 400 Conference Room, Washington DC. The Board will discuss and deliberate on staff evaluation of responses from recipients of CSB recommendations. The Board will also hear a status report on the investigation of a chemical plant fire at Third Coast Packaging Company in Friendswood, Texas on May 1 and an explosion and fire incident at the Kaltech Company facility in the Chelsea section of New York City on April 25. In addition, the Board will hear an update on the Reactive Chemical Hazards Investigation.

At the meeting CSB staff will present to the Board proposed status assignments to recommendations resulting from several completed investigations. The assignments include categories that specify if the recommendation was successfully adopted and if it is open or closed. The Board will discuss the proposals presented by the staff.

Recommendations are issued by a vote of the Board. They address an identified safety deficiency uncovered during an investigation, and specify how to correct the situation. Safety recommendations are the primary tool used by the Board to motivate implementation of safety improvements and prevent future incidents. CSB recommendations may be directed to government entities, safety organizations, corporations, trade associations, labor unions, and others. With the issuance of a final report and recommendations, the Board begins the
