Standards of Conduct Affiliate Conference, May 21, 2002, Agenda

The times listed herein are approximate. The discussion of particular topics may take more or less time.

9:30-12:30 Discussion of Separation of Functions Issues

9:30-11:30 Separation of the transmission function from affiliated producers, gatherers, & LDCs.

- What is the impact on current operations of separating LDCs, producers, gatherers from the transmission function?
- What are the one-time and annual costs associated with the separation of these function?
- Are there other ways to achieve the purposes of the NOPR in requiring a separation of the transmission function?

11:30-12:30 Separation of the transmission function from the bundled sales function for retail native load.

- Where do the transmission and bundled sales functions currently fit in the corporate structure?
- What is the impact of the proposed rule; can the costs and benefits of this proposed change be quantified?

12:30-1:30 Lunch Break

1:30-3:00 Information Disclosure Issues

- What is the impact of the automatic imputation rule on corporate governance?
- Would the no-conduit rule adequately achieve the Commission's purposes of avoiding preferential information flow?
- What are the types of operational and reliability information that transmission providers should be

allowed to share with their energy affiliates?

3:00-4:30 Discussion of the staff's proposed revisions to the regulatory text.

- Is the definition of an energy affiliate drafted appropriately to achieve the Commission's purposes?
- What alternative language should be considered for the definition or other provisions?

Process for Designing a Watershed Initiative

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice and request for comments.

SUMMARY: This notice solicits comments and suggestions from stakeholders and other interested parties on the potential design of EPA's new Watershed Initiative. The Agency is specifically seeking ideas and possible approaches to the nomination and selection processes. On January 25, 2002, EPA announced a proposal to include \$21 million in its fiscal year 2003 budget for the new Watershed Initiative. Pending appropriations for this purpose, EPA will call for nominations and select up to 20 watershed organizations to receive grants to support innovative watershed based approaches to preventing, reducing, and eliminating water pollution. The Initiative will also support local communities in their efforts to expand and improve existing protection measures with tools, training, and technical assistance, and provide for ten Federal liaison positions. The primary component of the Initiative will be in the form of a competitive grant program. In addition, throughout the upcoming months, EPA will be working cooperatively with the States, Tribes, local governments, and community groups to develop the proposed program.

DATES: Comments, identified by the document control number W-02-05 must be received no later than July 8, 2002.

ADDRESSES: Comments may be submitted by mail, electronically, or in person. Please follow the detailed instructions for each method as provided in section I of the **SUPPLEMENTARY INFORMATION** section of this notice.
