

Republic of China," (May 17, 2002), which is on file in the Central Records Unit of the Department of Commerce. We requested that Tiancheng refile its request within two days in accordance with section 351.304(c) of the regulations. On May 1, 2002, Tiancheng properly filed its request for a new shipper review.

As required by 19 CFR 351.214(b)(2)(i), (ii), and (iii)(A), Tiancheng has certified that it is both an exporter and producer of glycine. It has also certified that it did not export glycine to the United States during the period of investigation ("POI"), and that it has never been affiliated with any exporter or producer which exported glycine to the United States during the POI. See "Glycine from the People's Republic of China; Request for New Shipper Administrative Review," Exhibit 1, (March 29, 2002). Tiancheng has further certified that its export activities are not controlled by the central government of the PRC, pursuant to the requirements of 19 CFR 351.214(b)(2)(iii)(B). See *Id.* Pursuant to the Department's regulations at 19 CFR 351.214(b)(2)(iv)(A), Tiancheng submitted documentation establishing the date of its first and only shipment of the subject merchandise to the United States, the date of entry of that first shipment, the volume of that shipment, and the date of the first sale to an unaffiliated customer in the United States. See *Id.* at Exhibit 2.

Initiation of Review

Because Tiancheng has provided the required certifications and documentation under section 351.303(g) of the regulations, we are initiating a new shipper review of the antidumping duty order on glycine from the PRC in accordance with section 751(a)(2)(B)(ii) of the Act and 19 CFR 351.214(d).

In accordance with 19 CFR 351.214(g)(1)(i)(A) of the Department's regulations, the period of review (POR) for a new shipper review, filed in the the annual anniversary month, will be the one-year period immediately preceding the anniversary month. Therefore, the POR for this new shipper review is:

Antidumping duty proceeding	Period to be reviewed
Glycine from the PRC: ... Tianjin Tiancheng Pharmaceutical Tiancheng Co., Ltd	03/01/01–02/28/02

We will instruct the Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of

a cash deposit for each entry of the merchandise exported by Tiancheng. This action is in accordance with 19 CFR 351.214(e).

The interested parties that need access to proprietary information in this new shipper review should submit applications for disclosure under administrative protective order in accordance with 19 CFR 351.305 and 351.306.

This initiation and notice are in accordance with section 751(a) of the Act (19 U.S.C. 1675(a)) and 19 CFR 351.214(d).

Dated: May 17, 2002

Joseph A. Spetrini,

Deputy Assistant Secretary for Import Administration, Group III.

Synthetic Indigo from the People's Republic of China: Final Results of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of antidumping duty administrative review.

SUMMARY: On March 7, 2002, the Department of Commerce published the preliminary results of the administrative review of the antidumping duty order on synthetic indigo from the People's Republic of China with respect to China Jiangsu International Economic Technical Cooperation Corp., and Wonderful Chemical Industrial Ltd./Jiangsu Taifeng Chemical Industry. The period of review is September 15, 1999, through May 31, 2001. No interested party submitted comments on and we have made no changes to our preliminary results. Therefore, the final results do not differ from the preliminary results. The final margin is listed below in the "Final Results of Review" section of this notice.

EFFECTIVE DATE: May 24, 2002.

FOR FURTHER INFORMATION CONTACT: David J. Goldberger, Office 2, AD/CVD Enforcement Group I, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482–4136.

SUPPLEMENTARY INFORMATION:

The Applicable Statute:

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 ("the Act") by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's (the "Department's") regulations are to 19 CFR Part 351 (2001).

Background

This review covers the exporters China Jiangsu International Economic Technical Cooperation Corp. (CJITCC) and Wonderful Chemical Industrial Ltd./Jiangsu Taifeng Chemical Industry (Wonderful/Jiangsu Taifeng).

On March 7, 2002, the Department of Commerce published in the **Federal Register** the preliminary results of administrative review of the antidumping duty order on synthetic indigo from the People's Republic of China (PRC) (67 FR 10386) (*Preliminary Results*).

We invited parties to comment on the preliminary results of the review. No interested party submitted comments. The Department has conducted this administrative review in accordance with section 751 of the Act.

Scope of Order

The products subject to this order are the deep blue synthetic vat dye known as synthetic indigo and those of its derivatives designated commercially as "Vat Blue 1." Included are Vat Blue 1 (synthetic indigo), Color Index No. 73000, and its derivatives, pre-reduced indigo or indigo white (Color Index No. 73001) and solubilized indigo (Color Index No. 73002). The subject merchandise may be sold in any form (e.g., powder, granular, paste, liquid, or solution) and in any strength. Synthetic indigo and its derivatives subject to this order are currently classifiable under subheadings 3204.15.10.00, 3204.15.40.00 or 3204.15.80.00 of the *Harmonized Tariff Schedule of the United States* (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under the order is dispositive.

Period of Review

The period of review covers the period September 15, 1999, through May 31, 2001.

Final Results of the Review

Our final results remain unchanged from the preliminary results. As discussed in the *Preliminary Results*, neither CJETCC or Wonderful/Jiangsu Taifeng responded to the Department's questionnaire. Accordingly, neither of these companies established their entitlement to a separate rate in this review and, therefore, are presumed to be part of the PRC non-market economy (NME) entity and, as such, are subject to the PRC country-wide rate. Thus, the following margin applies for the period September 15, 1999, through May 31, 2001, for those imports where the exporter is CJETCC or Wonderful/Jiangsu Taifeng:

Manufacturer/producer/exporter	Margin Percent
PRC-wide Rate	129.60

Assessment Rates and Cash Deposit Requirements

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisement instructions directly to the Customs Service. The cash deposit rate for all shipments by CJETCC or Wonderful/Jiangsu Taifeng of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, will be the PRC-wide rate of 129.60 percent, as provided for by section 751(a)(1) of the Act. The cash deposit rate for PRC exporters who received a separate rate in a prior segment of the proceeding for which there was no request for administrative review will continue to be the rate assigned in that segment of the proceeding. The cash deposit rate for the PRC NME entity will continue to be 129.60 percent, and the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will continue to be the rate applicable to the PRC supplier of that exporter. These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent

assessment of double antidumping duties.

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulation and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213.

Notice of Intent To Update Existing Electron Ionization Mass Spectral Library

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice and request for comments.

SUMMARY: The National Institute of Standards and Technology announces its intent to update its electron ionization mass spectral library. The update will increase the number of spectra from 130,000 to approximately 175,000. Interested parties are invited to submit comments to the address below.

DATES: Comments must be received by June 24, 2002.

ADDRESSES: Comments should be sent to the attention of Dr. Stephen Stein at the National Institute of Standards and Technology, Mail Stop 8380, 100 Bureau Drive, Gaithersburg, MD, 20899-8520.

FOR FURTHER INFORMATION CONTACT: Dr. Stephen Stein by writing to the above address or by e-mail at stephen.stein@nist.gov or by telephone at (301) 975-2444.

SUPPLEMENTARY INFORMATION: As part of its responsibilities under Title 15 U.S.C. 290 to collect, evaluate and publish high quality Standard Reference Data (SRD), NIST creates and maintains evaluated SRD databases. One such database is the

Mass Spectral Database which is an evaluated data collection containing electron ionization mass spectra for discrete chemical substances. The database is primarily used to aid in the identification of chemical compounds by providing a source for reference spectra for comparison to spectra acquired by commercial instruments, especially spectra generated by gas chromatography/mass spectrometry. For each spectrum, auxiliary information for chemical identification is provided, including chemical names, formulas, chemical structures and related information. The planned update will increase the number of spectra from 130,000 to approximately 175,000 spectra, representing a wide variety of substances. The updated spectra will provide wider coverage of compounds and a higher level of accuracy. This will increase the confidence of users of the library in identifying chemical substances. We invite comments concerning this update
