

made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the Final SEIS.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the Draft SEIS should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the draft statement. Comments may also address the adequacy of the Draft SEIS or the merits of the alternatives formulated and discussed in the statement. (Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.)

The Final SEIS will be completed in September 2002. In the Final SEIS, the Forest Service is required to respond to comments and responses received during the comment period that pertain to the environmental consequences discussed in the Draft SEIS and applicable laws, regulations, and policies considered in making the decisions regarding the Deep Vegetation Management Project.

The Forest Service is the lead agency. The Forest Supervisor of the Ochoco National Forest is the Responsible Official. The Responsible Official will determine which alternative best meets the purpose and need of this project and addresses the key issues raised about this project. The decision and rationale will be documented in the Record of Decision. That decision will be subject to Forest Service Appeal Regulations (36 FR part 215).

Dated: May 15, 2002.

Acting Forest Supervisor.
