

(66 FR 49924). On May 8, 2002, the Department published, in the **Federal Register**, a notice to extend the deadline for the preliminary results in this administrative review until May 24, 2002. See *Certain Small Diameter Carbon and Alloy Seamless Standard, Line and Pressure Pipe from Romania: Extension of Preliminary Results of Antidumping Duty Administrative Review*, 67 FR 30874 (May 8, 2002). On May 10, 2002, the Romanian Ministry of Foreign Affairs filed a request for revocation of Romania's non-market economy status.

Extension of Time Limit for Preliminary Results of Review

We determine that it is not practicable to complete the preliminary results of this review within the extended time limit. Specifically, additional time is necessary to consider the proper surrogate valuation of the factors of production. In addition, the Department only recently received a request from the Romanian Ministry of Foreign Affairs to revoke Romania's non-market economy status in either a free standing proceeding or in this administrative review. Additional time is necessary to consider this request. As such, it will not be possible to complete the preliminary analysis in this review by May 24, 2002. Therefore, the Department is fully extending the time limit for completion of the preliminary results until no later than September 3, 2002. We intend to issue the final results no later than 120 days after publication of the preliminary results notice.

This extension is in accordance with section 751(a)(3)(A) of the Act.

Dated: May 21, 2002.

Bernard Carreau,

Deputy Assistant Secretary for AD/CVD Enforcement II.
