Regulation of Fuels and Fuel Additives: Modifications to Reformulated Gasoline Covered Area Provisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to make several minor modifications to its

reformulated gasoline (RFG) regulations to reflect changes in the covered areas for the federal RFG program, and to delete obsolete language and clarify existing language in the provisions listing the federal RFG covered areas. These changes include: Deleting the seven southern counties in Maine from the RFG covered areas list, reflecting their opt-out of the RFG program as of March 10, 1999; adding the Sacramento Metro and San Joaquin Valley nonattainment areas to the list of RFG covered areas, reflecting the Sacramento Metro Area's inclusion in the RFG program as of June 1, 1996 and the San Joaquin Valley Area's inclusion in the RFG program on December 10, 2002; and deleting the text which extended the RFG opt-in provisions to all ozone nonattainment areas including previously designated ozone nonattainment areas, reflecting a court decision in January, 2000, which invalidated this language. This proposal also makes certain other minor changes in the provisions listing the RFG covered areas for purposes of clarification. In the Final Rules section of this **Federal Register**, EPA is approving these modifications as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for these modifications is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before July 5, 2002.

ADDRESSES: Comments should be mailed (in duplicate if possible) to John Brophy, Office of Transportation and Air Quality (mail code 6406J), U.S. Environmental Protection Agency, Ariel Rios Building, 1200 Pennsylvania Avenue, NW, Washington, DC, 20460, and to the following docket address: Docket A-2001-32, Air Docket Section, Mail Code 6102, U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460, in room M-1500 Waterside Mall.
