

Justification: An applicant that will charge indirect costs to the grant must enclose a copy of the current rate agreement. If the applicant organization is in the process of initially developing or renegotiating a rate, it should immediately upon notification that an award will be made, develop a tentative indirect cost rate proposal based on its most recently completed fiscal year in accordance with the principles set forth in the cognizant agency's guidelines for establishing indirect cost rates, and submit it to the cognizant agency. Applicants awaiting approval of their indirect cost proposals may also request indirect costs. It should be noted that when an indirect cost rate is requested, those costs included in the indirect cost pool should not also be charged as direct costs to the grant. Also, if the applicant is requesting a rate which is less than what is allowed under the program, the authorized representative of the applicant organization must submit a signed acknowledgement that the applicant is accepting a lower rate than allowed.

Program Income

Description: The estimated amount of income, if any, expected to be generated from this project.

Justification: Describe the nature, source and anticipated use of program income in the budget or refer to the pages in the application which contain this information.

Nonfederal Resources

Description: Amounts of non-Federal resources that will be used to support the project as identified in Block 15 of the SF-424.

Justification: The firm commitment of these resources must be documented and submitted with the application in order to be given credit in the review process. A detailed budget must be prepared for each funding source.

Total Direct Charges, Total Indirect Charges, Total Project Costs.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4739-N-16]

Notice of Proposed Information Collection: Emergency Comment Request; HUD's Loss Mitigation Default Counseling Program Demonstration

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for emergency review and approval, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

Lackey, Jr., HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503.

SUPPLEMENTARY INFORMATION: This Notice informs the public that the Department of Housing and Urban Development (HUD) has submitted to OMB, for emergency processing, an information collection package with respect to the documentation method to verify the voucher for reimbursement which will be used in HUD's Loss Mitigation Default Counseling Demonstration Program. Each of the Housing Counseling Agencies (HCAs) that are participating in the Demonstration will be eligible to be reimbursed each time a completed Loss Mitigation package is referred to one of the four lenders participating in the Demonstration. Each referral must be documented by the HCAs through a voucher form. HUD will reimburse the lender for each paid counseling claim. A single response to the information collection requirement would be required per default counseling referral.

HUD's Loss Mitigation Default Counseling Demonstration offers one way to address the HCAs' chronic

shortage of default counselors, the Department's need to test the effectiveness of early default intervention, provide counseling on predatory lending avoidance, and increase workouts in high default areas. The necessity for immediate use of new information collection requirements, which includes the use of a voucher form, is a critical factor to helping stabilize defaulted homeowners and reducing claim losses to FHA. HUD is requesting that OMB approve this information collection by June 10, 2002.

This Notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to:

- (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information;
- (3) Enhance the quality, utility, and clarity of the information to be collected; and
- (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.
