Copies of such filing will also be available for inspection and copying at the principal office of the PCX. IV. Commission's Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change, as amended, is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.¹⁰ In particular, the Commission finds that the proposed rule change is consistent with Section 6(b)(5) of the Act,¹¹ which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market, and to protect investors and the public interest. Specifically, the Commission finds that, by incorporating the Exemption Letter into the PCX's rules, the proposed rule change is consistent with the Commission's grant of an exemption from the Quote Rule for responsible broker-dealers with regard to the handling of orders for the account of foreign broker-dealers.¹²

The Commission finds good cause for approving the proposed rule change prior to the thirtieth day after the date of publication of notice thereof in the **Federal Register**. As noted above, the proposed rule change is consistent with the Commission's Exemption Letter.¹³ Accordingly, the Commission believes that no new regulatory issues are raised by PCX's proposed rule change. The Commission believes, therefore, that granting accelerated approval of the

proposed rule change is appropriate and consistent with Section 19(b) of the Act.¹⁴

V. Conclusion

It is Therefore Ordered, Pursuant to Section 19(b)(2) of the Act,¹⁵ that the proposed rule change (SR-PCX-2001-36), as amended, is approved on an accelerated basis.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.¹⁶

Deputy Secretary.
