OFFICE OF THE UNITED STATES TRADE REPRESENTATIVE

Technical Corrections to the Harmonized Tariff Schedule of the United States

AGENCY: Office of the United States Trade Representative.

ACTION: Notice.

SUMMARY: The United States Trade Representative (USTR) is making technical corrections to subchapter III of chapter 99 of the Harmonized Tariff Schedule of the United States (HTS) as set forth in the annex to this notice, pursuant to authority delegated to the USTR in Presidential Proclamation 6969 of January 27, 1997 (62 FR 4415). These modifications correct several inadvertent errors and omissions in the Annex to Presidential Proclamation 7529 of March 5, 2002 (67 FR 10553) so that the intended tariff treatment is provided. In addition, USTR is modifying other portions of the HTS so as to reflect the correct treatment of motor fuel; *d(-)-p*-Hydroxyphenylglycine ((*R*)- α Amino-4-hydroxybenzeneacetic acid); inner tubes for certain tires, paper stock; cooler bags with an outer surface of textile materials; Benzenesulfonic acid, 4-[(1,3-dioxybutyl)amino]-5-methoxy-2-methyl-, ammonium salt and monosodium salt; transmission apparatus for radiotelephony, radiotelegraphy, radiobroadcasting, or television; and postage or revenue stamps, stamp-postmarks, first-day covers, postal stationery (stamped paper) and the like.

EFFECTIVE DATE: The corrections made in this notice are effective with respect to articles entered, or withdrawn from warehouse for consumption, on or after the dates set forth in each item in the annex to this notice.

FOR FURTHER INFORMATION CONTACT: Office of Industry, Office of the United States Trade Representative, 600 17th

Street, NW, Room 501, Washington DC, 20508. Telephone (202) 395-5656.

SUPPLEMENTARY INFORMATION: On March 5, 2002, Proclamation 7529 established increases in duty and a tariff-rate quota (safeguard measures) pursuant to section 203 of the Trade Act of 1974 (19 U.S.C. 2253) on imports of certain steel products described in paragraph 7 of that proclamation. Effective with respect to goods entered, or withdrawn from warehouse for consumption, on or after 12:01 a.m., EST, on March 20, 2002, Proclamation 7529 modified the subchapter III of chapter 99 of the HTS so as to provide for such increased duties and a tariff-rate quota. On March 19, 2002, USTR published a **Federal Register** notice (67 FR 12635) making technical corrections to subchapter III of chapter 99 of the HTS to remedy several technical errors introduced in the annex to Proclamation 7529. These corrections ensured that the intended tariff treatment was provided.

Since the publication of the March 19, 2002, **Federal Register** notice, additional technical errors and omissions introduced through the annex to Proclamation 7529 have come to the attention of USTR. The annex to this notice makes technical corrections to the HTS to remedy these errors and omissions. In particular, the annex to this notice corrects errors in the physical dimensions or chemical composition of certain products excluded from the application of the safeguard measures.

In addition, it has come to the attention of USTR that there are technical errors and omissions in other chapters of the HTS due to prior proclamation unrelated to Proclamation 7529. The annex to this notice makes technical corrections to the HTS to remedy these errors and omissions, particularly with regard to incorrect citation to HTS subheadings, elimination of duplicative tariff treatment, deletion of obsolete article descriptions, elimination of conflicting tariff treatment, correct indication of eligibility for the Generalized System of Preferences, deletion of incorrect chemical names, and alignment with Harmonized System nomenclature. These changes would appear to have no impact on duty treatment.

Proclamation 6969 authorized the USTR to exercise the authority provided to the President under section 604 of the Trade Act of 1974 (19 U.S.C. 2483) to embody rectifications, technical or conforming changes, or similar modifications in the HTS. Under authority vested in the USTR by Proclamation 6969, the rectifications,

technical and conforming changes, and similar modifications set forth in the annex to this notice shall be embodied in the HTS with respect to goods entered, or withdrawn from warehouse for consumption, on or after the date set forth in each item in the Annex to this notice.

Jon M. Huntsman, Jr.,

Deputy United States Trade Representative.
