ENVIRONMENTAL PROTECTION AGENCY

[AMS-FRL-7224-5]

California State Motor Vehicle Pollution Control Standards; 2001 Zero-Emission Vehicle (ZEV) Amendments; Within the Scope Request; Opportunity for Public Hearing; Correction Notice

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of opportunity for public hearing and comment.

SUMMARY: The California Air Resources Board (CARB) has notified EPA that it has adopted amendments to the California ZEV regulations (2001 ZEV amendments) after its January 25, 2001 hearing. By letter dated May 21, 2002, California requested that EPA confirm

CARB's determination that the 2001 ZEV amendments are within-the-scope of a previously issued waiver granted by EPA. On May 21, 2002, EPA published in the **Federal Register** (67 FR 35809) (May 21, 2002 notice) a Notice of Opportunity for public hearing and comment on CARB's request for a waiver of federal preemption for its Low-Emission Vehicle (LEV) regulatory amendments (LEVII) and for CARB's request that EPA confirm CARB's determination that its 1999 ZEV amendments are within-the-scope of previously issued waivers granted by EPA. This notice announces that EPA has tentatively scheduled a public hearing concerning CARB's May 21, 2002 request (this hearing is tentatively scheduled to take place in conjunction with the June 20, 2002 tentative hearing for the 1999 ZEV amendments announced in the May 21, 2002 notice) and that EPA is accepting comment on this request. EPA invites comments on all relevant aspects of California's requests, in particular, (1) Whether EPA should now consider both the 1999 and 2001 ZEV amendments, and (2) whether the 1999 and 2001 ZEV amendments are within the scope of previous waivers and, if not, whether EPA should waive preemption for the 1999 and 2001 ZEV amendments. Through today's notice EPA also provides a correction to the May 21, 2002 notice which incorrectly listed the applicable Air Docket number as "A-99-26" whereas the correct Air Docket number for the 1999 and 2001 ZEV Amendment requests as well as the LEVII amendments is "A-2002-11." By today's notice EPA also provides a correction to the location of the hearing(s) tentatively scheduled to take place on June 20, 2002; the new location is the EPA Auditorium, 401 M St., SW, Washington, DC.

DATES: EPA has tentatively scheduled a public hearing concerning the 1999 and 2001 ZEV amendments on June 20, 2002, beginning at 10:00 a.m. EPA has also tentatively scheduled a public hearing concerning the LEVII amendments to commence immediately following the hearing for the 1999 and 2001 ZEV amendments and may carry over until the following day. EPA will hold hearings only if a party notifies EPA by June 10, 2002 expressing its interest in presenting oral testimony regarding the 1999 ZEV amendments and/or the LEVII amendments. In addition, EPA will hold a hearing regarding the 2001 ZEV amendments only if a party notifies EPA by June 14, 2002 expressing its interest in presenting oral testimony. By June 17, 2002, any person who plans to attend

the hearing(s) should call David Dickinson at (202)564-9256 to learn any of the hearings will be held. If EPA does not receive a request for any public hearing, then EPA will not hold hearings, and instead consider CARB's requests based on written submissions to the docket. Any party may submit written comments by July 22, 2002.

ADDRESSES: EPA will make available for public inspection at the Air and Radiation Docket and Information Center written comments received from interested parties, in addition to any testimony given at the public hearing. The Air Docket is open during working hours from 8 a.m. to 4 p.m. at EPA, Air Docket (6102), Room M-1500, Waterside Mall, 401 M St., SW, Washington, DC 20460. The reference number for this docket is A-2002-11. Parties wishing to present oral testimony at the public hearing(s) should provide written notice to David Dickinson at the address noted below; parties should submit any written comments to David Dickinson. If EPA receives a request for a public hearing, EPA will hold the public hearing in the main EPA Auditorium, 401 M Street, SW, Washington, DC.
