You can also go directly to the **Federal Register** listings at <http://www.epa.gov/fedrgstr/>.

2. *By mail or in person.* Contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

II. Availability of FY 2002 Funds

With this publication, EPA Region III is announcing the availability of approximately \$100,000 in grant/cooperative agreement funds for FY 2002. The Agency has delegated grant making authority to the EPA Regional Offices. EPA Region III is responsible for the solicitation of interest, the screening of proposals, and the selection of projects. Grant guidance will be provided to all applicants along with any supplementary information Region III may wish to provide. All applicants must address the criteria listed under Unit IV.B. Interested applicants should contact the Regional Urban Initiative coordinator listed un Unit V. for more information.

III. Eligible Applicants

In accordance with the Act “. . . Federal agencies, universities, or others as may be necessary to carry out the purposes of the act, . . .” are eligible to receive a grant. Eligible applicants for purposes of funding under this grant program include those operating within the six EPA Region III States (Delaware, District of Columbia, Maryland, Pennsylvania, Virginia, and West Virginia), and any agency or instrumentality of a Region III State including State universities and non-profit organizations operating within a Region III State. For convenience, the term “State” in this notice refers to all eligible applicants.

IV. Activities and Criteria

A. General

The goal of the Urban Initiative Grant Program is to: (1) Detect any diversion of highly toxic pesticides from the agriculture sector into urban areas for illegal use indoors; (2) identify any ongoing misuse of agricultural pesticides in urban and residential communities; and (3) prevent future diversion and structural application of pesticide misuse through compliance assistance and education.

B. Criteria

Proposals will be evaluated based on the following criteria:

1. Qualifications and experience of the applicant relative to the proposed project.
 - Does the applicant demonstrate experience in the filed of the proposed activity?
 - Does the applicant have the properly trained staff, facilities, or

infrastructure in place to conduct the project?

2. Consistency of applicant's proposed project with the risk reduction goal of the Urban Initiative.

3. Provision for a quantitative or qualitative evaluation of the project's success at achieving the stated goals.

- Is the project designed in such a way that it is possible to measure and document the results quantitatively and qualitatively?

- Does the applicant identify the method that will be used to measure and document the project's results quantitatively and qualitatively?

- Will the project assess or suggest a means for measuring progress in reducing risk associated with the use of pesticides?

4. Likelihood the project can be replicated to benefit other communities or the product may have broad utility to a widespread audience. Can this project, taking into account typical staff and financial restraints, be replicated by similar organizations in different locations to address the same or similar problem?

C. Program Management

Awards of FY 2002 funds will be managed through EPA Region III. Quality Management Plans and Quality Assurance Project Plans may be required, depending on the nature of the project and the data collected. Contact your Regional Urban Initiative coordinator for more information about this requirement.

D. Contacts

Interested applicants must contact the appropriate EPA Regional Urban Initiative coordinator listed under Unit V. to obtain specific instructions, regional criteria, and guidance for submitting proposals.

V. Region III Urban Initiative Program Contact

Region III: (Delaware, District of Columbia, Maryland, Pennsylvania, Virginia, and West Virginia), Dr. Fatima El Abdaoui, (3WC32), 1650 Arch St., Philadelphia, PA 19103; telephone (215) 814-2129; e-mail address: El-Abdaoui.Fatima@epa.gov.

VI. Submission to Congress and the Comptroller General

Under the Agency's current interpretation of the definition of a “rule,” grant solicitations such as this which are competitively awarded on the basis of selection criteria, are considered rules for the purpose of the Congressional Review Act (CRA). The CRA, 5 U.S.C. 801 *et seq.*, as added by

the Small Business Regulatory Enforcement Fairness Act of 1996 (SBREFA), generally provides that before a rule may take effect, the agency promulgating the rules must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

List of Subjects
