[Release No. 34-46041; File No. SR-PHLX-2002-29]

Self Regulatory Organizations; Philadelphia Stock Exchange, Inc.; Order Granting Approval to Proposed Rule Change Adopting Phlx Rule 757, Anti-Money Laundering Compliance Program

June 6, 2002.

On April 24, 2002, the Philadelphia Stock Exchange, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to adopt Phlx Rule 757, Anti-Money Laundering Compliance Program. The proposed rule change was published for comment in the **Federal Register** on May 3, 2002.³ The Commission received no comments on the proposal.

The Commission has reviewed carefully the Phlx's proposed rule change, and finds, for the reasons set forth below, that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange, and in particular, with the requirements of Section 6(b)(5) of the Act.⁴ Section 6(b)(5) requires the rules of a national

securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Commission finds that the Phlx's proposed rule change accurately, reasonably, and efficiently implements the requirements of the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the USA PATRIOT Act) as it applies to Phlx members. The Commission notes that anti-money laundering compliance programs will evolve over time, and that improvements to anti-money laundering compliance programs are inevitable as Phlx members find new ways to combat money laundering and to detect suspicious activities.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,⁵ that the proposed rule change (SR-PHLX-2002-29) be, and it hereby is, approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.⁶

SUPPLEMENTARY INFORMATION:

Statement of Policy on Alternative Dispute Resolution (ADR)

ADR is a collaborative, consensual dispute resolution approach. It describes a variety of problem-solving processes that are used in lieu of litigation or other adversarial proceedings to resolve disagreements. ADR encompasses mediation, facilitation, conciliation, factfinding, mini-trials, negotiation, negotiated rulemaking, neutral evaluation, policy dialogues, use of ombuds, arbitration, and other processes that usually involve a neutral third party who assists the parties in preventing, minimizing the escalation of, and resolving disputes. The efficient and effective use of ADR will help us resolve disputes at an early stage, in an expeditious, cost-effective, and mutually acceptable manner.

The Department of Transportation is committed to advancing our national transportation goals through alternative dispute resolution. We will consider using ADR in all areas including workplace issues, formal and informal adjudication, issuance of regulations, enforcement and compliance, issuing and revoking licenses and permits, contract and grant award and administration, litigation brought by or against the Department, and other interactions with the public and the regulated community.

We will ensure that neutrals disclose any actual or potential conflicts of interest.

We will provide learning and development opportunities for our employees so that they will be able to use conflict resolution skills, understand the theory and practice of ADR, and apply ADR appropriately.

We will use a variety of evaluation and assessment strategies to measure and improve our processes and our use of ADR.

We will allocate resources to support the use of ADR.

We will provide confidentiality consistent with the provisions of the Administrative Dispute Resolution Act and other applicable Federal laws.

The Department will attempt to incorporate ADR in its dispute resolution, or as appropriate, rulemaking processes. In addition, either on our own initiative or in response to a request, the Department will examine the appropriateness of using ADR on a case-by-case basis. ADR is voluntary and the Department will
