Foreign-Trade Zones Board

[Docket 26-2002]

Foreign-Trade Zone 122—Corpus Christi, TX; Application for Subzone Status, Kiewit Offshore Services, Ltd. (Offshore Drilling Platforms)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Corpus Christi Authority, grantee of FTZ 122, requesting special-purpose subzone status for the offshore drilling platform manufacturing facility of Kiewit Offshore Services, Ltd., (KOS), in Ingleside, Texas. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on June 3, 2002.

The KOS facility (400 acres, 282,000 sq.ft.) is located along the north shore of Corpus Christi Bay at 2440 Kiewit Road

in Ingleside, Texas. The facility is used for the construction, fabrication, and repair of offshore floating and fixed oil drilling platforms and components thereof for domestic and international customers. Foreign components that may be used at the KOS facility (representing up to 95% of material value) include structures of iron or steel, stranded wire, gas turbines, gas compressors, steel mill products, electrical motors, and generators (2002 general duty rate range: free—6.7%, ad valorem).

FTZ procedures would exempt KOS from Customs duty payments on the foreign components (except steel mill products) used in export activity. On its domestic sales, the company would not be required to pay applicable Customs duties on the foreign components, or it would be able to choose the duty rate that applies to finished offshore drilling platforms (duty free) for the foreign-origin components noted above except for steel mill products. The manufacturing activity conducted under FTZ procedures would be subject to the “standard shipyard restriction” applicable to foreign-origin steel mill products (e.g., angles, pipe, plate), which requires that full Customs duties be paid on such items. The application indicates that the savings from FTZ procedures would help improve the facility’s international competitiveness.

In accordance with the Board’s regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board’s Executive Secretary at the following addresses:

1. *Submissions via Express/Package Delivery Services:* Foreign-Trade Zones Board, U.S. Department of Commerce, Franklin Court Building-Suite 4100W, 1099 14th Street, NW., Washington, DC 20005; or,

2. *Submissions via the U.S. Postal Service:* Foreign-Trade Zones Board, U.S. Department of Commerce, FCB-4100W, 1401 Constitution Ave., NW., Washington, DC 20230.

The closing period for their receipt is August 12, 2002. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to August 26, 2002).

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board’s Executive Secretary at address No.1 listed above and at the Office of

the Port Director, U.S. Customs Service, Suite 570, 555 North Carancahua Street, Corpus Christi, TX 78401.

Engineered Process Gas Turbo-Compressor Systems from Japan: Final Results of Five-Year ("Sunset") Review and Revocation of Antidumping Duty Order.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results and revocation of antidumping duty order on engineered process gas turbo-compressor systems from Japan.

SUMMARY: On May 1, 2002, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on

engineered process gas turbo-compressor systems from Japan (67 FR 21632). Because no domestic interested party responded to the sunset review notice of initiation by the applicable deadline, the Department is revoking this antidumping duty order.

EFFECTIVE DATE: June 16, 2002

FOR FURTHER INFORMATION CONTACT:

Amir R. Eftekhari or James P. Maeder, Office of Policy, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, D.C. 20230; telephone: (202) 482-5331 or (202) 482-3330, respectively.

SUPPLEMENTARY INFORMATION:

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the "Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, unless otherwise indicated, all citations to the Department of Commerce's ("Department") regulations are to 19 CFR part 351 (2001).

Background

On June 16, 1997, the Department issued an antidumping duty order on engineered process gas turbo-compressor systems from Japan. Pursuant to section 751(c) of the Act, the Department initiated a sunset review of this order by publishing a notice of the initiation in the **Federal Register**, 67 FR 21632 (May 1, 2002). In addition, as a courtesy to interested parties, the Department sent letters, via certified and registered mail, to each party listed on the Department's most current service list for this proceeding to inform them of the automatic initiation of the sunset review of this order.

Because the Department did not receive a response from any domestic interested party to the sunset review notice of initiation by the applicable deadline, May 16, 2002, the Department notified the International Trade Commission on May 24, 2002, that it intended to issue a final determination revoking this antidumping duty order.

Determination to Revoke

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.218(d)(1)(iii)(B)(3) of the *Sunset Regulations*, if no domestic interested party responds to the notice of initiation, the Department shall issue a final determination, within 90 days after the initiation of the sunset review, revoking the order or

terminating the suspended investigation. Because no domestic interested party filed a response to the notice of initiation, the Department finds that no domestic interested party is participating in this review, and it is revoking this antidumping duty order.

Effective Date of Revocation

Pursuant to sections 751(c)(3)(A) and 751(d)(2) of the Act and 19 CFR 351.222(i)(2)(i), the Department will instruct the Customs Service to terminate the suspension of liquidation of the merchandise subject to this order entered, or withdrawn from warehouse, on or after June 16, 2002. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation. The Department will complete any pending administrative reviews of this order and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.
