DEPARTMENT OF DEFENSE

Department of the Army

Record of Decision on the Final Environmental Impact Statement (FEIS) on the Disposal and Reuse of the Oakland Army Base, Oakland, CA

AGENCY: Department of the Army, DoD.

ACTION: Record of decision.

SUMMARY: The Department of the Army announces its Record of Decision on the FEIS for the disposal and reuse of the Oakland Army BASE. The closure of Oakland Army BASE was mandated in accordance with the Defense BASE Closure and Realignment Act of 1990, Public Law 101-510, as amended.

The Record of Decision allows the Army to initiate action to dispose of the excess/surplus property at Oakland Army BASE, in accordance with the Oakland BASE Reuse Authority Amended Draft Final Reuse Plan for the Oakland Army BASE.

ADDRESSES: A copy of the Record of Decision may be obtained by contacting Mr. Chuck Hubbard, U.S. Army Corps of Engineers, U.S. Army Engineer District, Sacramento, (CESPK-PD), 1325 J Street, Sacramento, CA 95814-2922.

FOR FURTHER INFORMATION CONTACT: Mr. Chuck Hubbard at (916) 557-6958 and or by facsimile at (916) 557-7866.

SUPPLEMENTARY INFORMATION: The FEIS analyzes three disposal alternatives with respect to the disposal and subsequent reuse of the 426-acre (approximately 370 acres unsubmerged and 56 acres submerged) comprising the Oakland Army BASE: (1) The no action alternative, under which the property would be maintained in a caretaker status after closure; (2) the unencumbered disposal alternative, under which the Army would transfer the property without use restrictions, such as environmental covenants, land use controls, and easements; and (3) the encumbered disposal alternative, under which the Army would transfer the property with various use restrictions which run with the land and limit future use.

In the Record of Decision, the Army concludes that the FEIS adequately addresses the impacts of property disposal and documents its decision to

transfer the property as encumbered. Possible encumbrances include: covenants and restrictions for asbestos-containing material, lead-BASED paint, wildlife habitat protection, access easements and rights-of-way.

Dated: June 6, 2002.

Deputy Assistant Secretary of the Army, (Environment, Safety and Occupational Health), OASA (I&E).

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before August 13, 2002.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by

office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.
