DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34177]

Iowa, Chicago & Eastern Railroad Corporation—Acquisition and Operation Exemption—Lines of I&M Rail Link, LLC

Iowa, Chicago & Eastern Railroad Corporation (ICE)¹ filed a notice of exemption under 49 CFR 1150.31 on June 7, 2002, to acquire and operate the following rail lines and assets owned by I&M Rail Link, LLC (IMRL), a Class II carrier: (1) IMRL's existing rail lines, which extend approximately 1,125 miles between Chicago, IL, Kansas City, MO, and Minneapolis/St. Paul, MN, and across Northern Iowa and Southern Minnesota; (2) approximately 275 miles of IMRL's incidental trackage rights over lines of other carriers; (3) IMRL's ownership and operational interests in The Kansas City Terminal Railway Company; (4) IMRL's ownership and operational interests in the so-called "Joint Agency" in Kansas City (jointly owned with The Kansas City Southern Railway Company); and (5) IMRL's interests in jointly owned and/or operated industry trackage in various locations, including South Beloit, IL, Beloit and Janesville, WI, and Clinton, IA.

¹ ICE states that it is a noncarrier subsidiary of Cedar American Rail Holdings, Inc. (Holdings), which is a wholly owned subsidiary of Dakota, Minnesota & Eastern Railroad Corporation (DME).

ICE states that DME and Holdings expect to file an application in STB Finance Docket No. 34178, *Dakota, Minnesota & Eastern Railroad Corporation and Cedar American Rail Holdings, Inc.—Control-Iowa, Chicago & Eastern Railroad Corporation*, pursuant to 49 U.S.C. 11323(a)(3) and 49 CFR 1180.2(c), to continue in control of ICE once ICE acquires the IMRL lines and becomes a rail carrier.

Because the projected revenues of the rail lines to be operated exceed \$5 million, ICE certified to the Board, on February 26, 2002, that the required notice of its rail line acquisition was posted at the workplace of the employees of IMRL and was served on the national offices of all labor unions with employees on the affected lines on February 25, 2002. See 49 CFR 1150.35(a), referring to 49 CFR 1150.32(e).

ICE reported that it intends to consummate the transaction on or after June 28, 2002.

Prior to ICE's filing of the notice of exemption, the Board received a number of submissions from interested persons expressing concern about the transaction.² These persons identified a number of potential issues, including financial, environmental, shipper, and labor-related matters in connection with

² The Board has received correspondence from the following persons raising concerns about, or opposing, ICE's proposed acquisition: Iowa Department of Transportation, municipality of Dubuque, IA, and Sethness Products Company (financial viability, environmental/community impacts, and shipper effects); East Central Intergovernmental Association (community and shipper impacts); Tyson Foods, Inc. (rail service); Iowa Traction Railroad Company (financial viability, rail service, and downgrading of IMRL's grain lines); municipalities of Marquette and Mason City, IA, and Winona, MN (community concerns); Dubuque County Board of Supervisors (grain and agricultural marketing); Brotherhood of Locomotive Engineers (labor protection for IMRL employees and financial viability); and Ronald D. Barczak and William G. Jungbauer (IMRL employee injury claims).

ICE's anticipated acquisition. Given the passage of time since the Board received these submissions in this relatively large transaction, the lack of any response on the record from ICE to the submissions, and the uncertainty as to whether ICE has even received all of the submissions, this notice is being issued to advise interested parties of the process to be used for handling this matter.

Under the Board's exemption rules, ICE's exemption to acquire and operate IMRL's lines is due to become effective on June 28, 2002 (21 days after the notice was filed). See 49 CFR 1150.35(e). If the notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. A petition to revoke under 49 U.S.C. 10502(d) does not automatically stay the transaction. Stay petitions must be filed within 7 days of the filing of the notice of exemption (no later than June 14, 2002). Any comments on the notice of exemption that parties wish the Board to consider prior to the effective date of the exemption must be filed by June 19, 2002. Replies to stay petitions and other comments will be due by June 21, 2002. To be considered, stay petitions and all comments, regardless of when submitted to the Board, must be served on ICE's representative in a manner that ensures receipt by June 14, 2002 (for stay petitions) and by June 19, 2002 (for all other comments).

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34177, must be filed with the Surface Transportation Board, 1925 K Street, NW, Washington, DC 20423-0001. In addition, one copy of each pleading must be served on William C. Sippel, Fletcher & Sippel LLC, Two Prudential Plaza, Suite 3125, 180 North Stetson Avenue, Chicago, IL 60601-6721.

Board decisions and notices are available on our Web site at "WWW.STB.DOT.GOV."

Decided: June 11, 2002.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Vernon A. Williams,
Secretary.

DEPARTMENT OF TRANSPORTATION

Surface Transportation Board

[STB Finance Docket No. 34214]

Wallowa County, Oregon—Acquisition and Operation Exemption—Rail Line of Idaho Northern & Pacific Railroad Company Between Elgin and Joseph, OR

Wallowa County, Oregon (the County), a noncarrier, has filed a notice of exemption under 49 CFR 1150.31 to acquire and operate a 62.58-mile line of railroad of Idaho Northern & Pacific Railroad Company (INPR) extending between milepost 21.0 at or near Elgin and milepost 83.58 at or near Joseph in Wallowa and Union Counties, OR (Joseph rail line or the line).¹

According to the County, an agreement has been reached between the County and INPR regarding sale and operation of the rail line.² The County certifies that its projected annual revenues as a result of this transaction do not exceed those that would qualify it as a Class III rail carrier, and that such

¹ In *Idaho Northern & Pacific Railroad Company—Abandonment Exemption—in Wallowa and Union Counties, OR*, Docket No. AB-433X (STB served Mar. 12, 1997) (March 12, 1997 decision), the Board granted a petition for exemption under former 49 U.S.C. 10505 from the prior approval requirements of former 49 U.S.C. 10903 *et seq.* for INPR to abandon a 60.58-mile portion (all but 2 miles) of its Joseph rail line, between milepost 23.0 near Elgin and milepost 83.58 at Joseph, in Wallowa and Union Counties, OR, subject to certain conditions (largely relating to environmental concerns in connection with salvage activities) and provided that the exemption would become effective on April 17, 1997. In a decision served in this proceeding on December 13, 2001, the Board substituted a modified environmental condition for the conditions imposed in the March 12, 1997 decision. The County states that INPR has not consummated abandonment of any part of the Joseph rail line.

² The County states that INPR will operate the line until the later of: (1) 90 days after full payment of the purchase price; or (2) the designation and qualification of a new operator. The County will have a residual common carrier obligation to operate the line. The County states that no new authority is needed for INPR to operate the line because INPR never exercised the authority granted by the Board for it to abandon or discontinue service over the described 60.58-mile portion of the Joseph rail line.

revenues will not exceed \$5 million annually.

The transaction was scheduled to be consummated on or shortly after May 31, 2002 (7 days after the exemption was filed).

If the verified notice contains false or misleading information, the exemption is void *ab initio*. Petitions to revoke the exemption under 49 U.S.C. 10502(d) may be filed at any time. The filing of a petition to revoke will not automatically stay the transaction.

An original and 10 copies of all pleadings, referring to STB Finance Docket No. 34214, must be filed with the Surface Transportation Board, Case Control Unit, 1925 K Street, NW., Washington, DC 20423-0001. In addition, a copy of each pleading must be served on Thomas F. McFarland, P.C., 208 South LaSalle St., Suite 1890, Chicago, IL 60604-1194.

Board decisions and notices are available on our website at www.stb.dot.gov.

By the Board, David M. Konschnik, Director, Office of Proceedings.

Decided: June 7, 2002.

BILLING CODE 4915-00-P

DEPARTMENT OF THE TREASURY

Customs Service

Importer Self-Assessment Program

AGENCY: United States Customs Service, Department of the Treasury.

ACTION: General notice.

SUMMARY: This document advises the public of the implementation of the Importer Self-Assessment (ISA) program and describes the requirements for participation in, and benefits under, the ISA. The ISA, which was developed by Customs under its regulatory audit authority, allows interested importers to assess their own compliance with Customs laws and regulations. Participation in the ISA is open to all importers who are participating members in the Customs-Trade Partnership Against Terrorism.

DATE: Participation in the ISA will be open to all qualified importers beginning on June 17, 2002.

FOR FURTHER INFORMATION CONTACT: Customs Internet website (<http://www.customs.gov/imp-exp1/comply/isa.htm>) or Russell Ugone, Director, Trade Agreements Branch, Regulatory Audit Division (202-927-0728).

SUPPLEMENTARY INFORMATION:

Background

As a consequence of the passage of the Customs Modernization provisions of the North American Free Trade Agreement Implementation Act (Public Law 103-182, 107 Stat. 2057), an important objective of Customs in the trade compliance process has been to maximize importer compliance with U.S. trade laws while, at the same time, facilitating the importation and entry of admissible merchandise. To meet this goal, Customs has made a comprehensive effort to review, improve, and redesign, on an ongoing basis, the trade compliance process using established business practices, reengineered tools, and new methodologies that improve customer service without compromising the enforcement aspect of the Customs mission.

In order to enable interested importers to participate in a program that would allow them to assess their own compliance with Customs laws and regulations on a continuing basis, Customs on April 24, 1998, published in the **Federal Register** (63 FR 20442) a notice of a plan to conduct a test regarding the Importer Compliance Monitoring Program (ICMP). On April 30, 2002, Customs published a notice in the **Federal Register** (67 FR 21322) advising the public of the termination of the ICMP test because importer participation in the ICMP remained below the level anticipated by Customs when the ICMP procedures were developed. That notice stated that the ICMP was being discontinued in favor of a new program. The new program, Importer Self-Assessment (ISA) will continue the self-assessment principles of the ICMP while relying on new methodologies which provide upfront benefits and a more flexible approach.

The purpose of this notice is to describe the operation of the ISA, including the requirements for participation in, and benefits under, the ISA program.

Description of the Importer Self-Assessment Program

Overview

The ISA program is a joint government-business initiative designed to build cooperative relationships that strengthen trade compliance. It is based on the premise that importers with strong internal controls achieve the highest level of compliance with Customs laws and regulations. The ISA program provides a means to recognize
