

HIV prevalence in pregnant women and in the general population.

Mathematical Modeling (15 points)

Ability to develop mathematical models that help interpret the underlying dynamics of the HIV epidemic in Zimbabwe, and contribute to characterizing interventions that reflect a cost effective response to the epidemic.

Tools for Monitoring the Local Response to HIV/AIDS (10 points)

Ability to develop appropriate tools to assist in monitoring the HIV/AIDS epidemic in a highly affected country with a generalized epidemic, especially including the organizational response at the district level (the District AIDS Action Committee), including monitoring the local response plus response to the epidemic at a local level.

Measures of Effectiveness (5 points)

Measures must be objective and quantitative and must measure the intended outcome.

Budget and Cost-effectiveness (Reviewed but not scored)

Creative and convincing approaches to resource utilization (financial, personnel, computing, etc.) to lead to a major impact of available resources.

Human Subjects (Review But Not Scored)

The extent to which the application adequately addresses the requirements listed in the 45 CFR 46 for the protection of human subjects.

I. Other Requirements

Technical Reporting Requirements

1. Progress report (annual); A brief, comprehensive narrative progress report should be submitted no later than 30 days after the end of the budget period. The progress report must include the following: (1) A comparison of the actual accomplishments to the objectives established; (2) the reasons for slippage if established objectives were not met; and (3) other pertinent information.

2. Financial status report, no more than 90 days after the end of each budget period.

3. Final financial report and performance report, no more than 90 days after the end of the project period.

Obtain annual audit of these CDC funds (program specific audit) by a U.S. based audit firm with international branches and current licensure/authority in country, and in accordance with International Accounting

Standards or equivalent standard(s) approved in writing by CDC.

A fiscal Recipient Capability Assessment may be required with the potential awardee, prior or post award, in order to review their business management and fiscal capabilities regarding the handling of U.S. Federal funds.

Send all reports to the Grants Management Specialist identified in the "Where to Obtain Additional Information" section of this announcement.

The following additional requirements are applicable to this program. For a complete description of each, see Attachment I of the announcement.

AR-1 Human Subjects Requirements

AR-2 Requirements for Inclusion of Women and Racial and Ethnic Minorities in Research

AR-4 HIV/AIDS Confidentiality Provisions

AR-12 Lobbying Restrictions

AR-14 Accounting System Requirements

AR-22 Research Integrity
