COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List Proposed Addition; Correction

In the document appearing on page 40910, FR Doc. 02-15069, in the issue of June 14, 2002, in the first column the Committee published a notice of proposed addition to the Procurement List of, among other things, Laundry Service, Fort Carson, Colorado. This notice is to correct the Nonprofit Agency associated with this proposal from Goodwill Industries of Colorado Springs to Goodwill Industrial Services

Corporation, Colorado Springs, Colorado.

Sheryl D. Kennerly,
Director, Information Management.

National Institute of Standards and Technology

Board of Overseers of the Malcolm Baldrige National Quality Award

AGENCY: National Institute of Standards and Technology (NIST), Department of Commerce.

ACTION: Request for nominations of members to serve on the Board of Overseers of the Malcolm Baldrige National Quality Award.

SUMMARY: NIST invites and requests nomination of individuals for appointment to Board of Overseers of the Malcolm Baldrige National Quality Award (Board). The terms of some of the members of the Board will soon expire. NIST will consider nominations received in response to this notice for appointment to the Committee, in addition to nominations already received.

DATES: Please submit nominations on or before July 8, 2002.

ADDRESSES: Please submit nominations to Harry Hertz, Director, National Quality Program, NIST, 100 Bureau Drive, Mail Stop 1020, Gaithersburg, MD 20899-1020. Nominations may also be submitted via FAX to 301-948-3716. Additional information regarding the Committee, including its charter, current membership list, and executive summary may be found on its electronic home page at: <http://www.quality.nist.gov>.

FOR FURTHER INFORMATION CONTACT: Harry Hertz, Director, National Quality Program and Designated Federal Official, NIST, 100 Bureau Drive, Mail Stop 1020, Gaithersburg, MD 20899-1020; telephone 301-975-2361; FAX—301-948-3716; or via e-mail at harry.hertz@nist.gov.

SUPPLEMENTARY INFORMATION:

I. Board of Overseers of the Malcolm Baldrige National Quality Award Information

The Board was established in accordance with 15 U.S.C. 3711a(d)(2)(B), pursuant to the Federal Advisory Committee Act (5 U.S.C. app.2).

Objectives and Duties

1. The Board shall review the work of the private sector contractor(s), which assists the Director of the National Institute of Standards and Technology (NIST) in administering the Award. The Board will make such suggestions for the improvement of the Award process as it deems necessary.

2. The Board shall provide a written annual report on the results of Award activities to the Secretary of Commerce, along with its recommendations for the improvement of the Award process.

3. The Board will function solely as an advisory committee under the Federal Advisory Committee Act.

4. The Board will report to the Director of NIST and the Secretary of Commerce.

Membership

1. The Board will consist of approximately eleven members selected on a clear, standardized basis, in accordance with applicable Department of Commerce guidance, and for their preeminence in the field of quality management. There will be a balanced representation from U.S. service and manufacturing industries, education and health care. The Board will include members familiar with the quality improvement operations of manufacturing companies, service companies, small businesses, education, and health care. No employee of the Federal Government shall serve as a member of the Board of Overseers.

2. The Board will be appointed by the Secretary of Commerce and will serve at the discretion of the Secretary. The term of office of each Board member shall be three years. All terms will commence on March 1 and end on February 28 of the appropriate year.

Miscellaneous

1. Members of the Board shall serve without compensation, but may, upon request, be reimbursed travel expenses, including per diem, as authorized by 5 U.S.C. 5701 *et seq.*

2. The Board will meet twice annually, except that additional meetings may be called as deemed necessary by the NIST Director or by the Chairperson. Meetings are one day in duration.

3. Board meetings are open to the public. Board members do not have access to classified or proprietary information in connection with their Board duties.

II. Nomination Information

1. Nominations are sought from the private sector as described above.

2. Nominees should have established records of distinguished service and shall be familiar with the quality improvement operations of manufacturing companies, service companies, small businesses, education, and health care. The category (field of eminence) for which the candidate is qualified should be specified in the nomination letter. Nominations for a particular category should come from organizations or individuals within that category. A summary of the candidate's qualifications should be included with the nomination, including (where applicable) current or former service on federal advisory boards and federal employment. In addition, each nomination letter should state that the person agrees to the nomination, acknowledges the responsibilities of serving on the Board, and will actively participate in good faith in the tasks of the Board. Besides participation at meetings, it is desired that members be able to devote the equivalent of seven days between meetings to either developing or researching topics of potential interest, and so forth, in furtherance of their Board duties.

3. The Department of Commerce is committed to equal opportunity in the workplace and seeks a broad-based and diverse Board membership.

Dated: June 12, 2002.

Karen H. Brown,
Deputy Director.

National Oceanic and Atmospheric Administration

[Docket No. 020611144-2144-01; I.D. 041102A]

Marine Mammal Authorization Program Integration of Registration for Selected Atlantic Ocean, Gulf of Mexico, and Caribbean Fisheries

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of expansion of integrated registration program.

SUMMARY: NMFS is providing notice that it is increasing the number of fisheries for which the Marine Mammal Authorization Program (MMAP) registration is integrated with existing state and Federal fishery licensing and permitting programs. NMFS is integrating MMAP registration at this time only for specific Category I or II

fisheries with fishery management plans (FMP) administered by the Northeast Regional office of NMFS and the pelagic longline fishery administered under the Highly Migratory Species FMP. Fishers who participate in a Category I or II fishery for which registration is not integrated must continue to register as specified in the 2002 List of Fisheries.

ADDRESSES: For east coast fisheries, registration information and marine mammal injury/mortality reporting forms may be obtained from the following regional offices:

NMFS, Northeast Region, Protected Resources Division, One Blackburn Drive, Gloucester, MA 01930-2298, Attn: Marcia Hobbs.

NMFS, Southeast Region, 9721 Executive Center Drive North, St. Petersburg, FL 33702, Attn: Teletha Griffin.

FOR FURTHER INFORMATION CONTACT: Patricia Lawson, Office of Protected Resources, 301-713-2322; Kim Thounhurst, Northeast Regional Office, 978-281-9138; or Teletha Griffin, Southeast Regional Office, 727-570-5312. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service at 1-800-877-8339 between 8 a.m. and 4 p.m. Eastern time, Monday through Friday, excluding Federal holidays.

SUPPLEMENTARY INFORMATION:

Background

According to the Marine Mammal Protection Act (MMPA), all fishers who participate in a Category I or II fishery contained in the List of Fisheries (LOF) final rule (67 FR 2410, January 17, 2002) must be registered in the MMAP. The MMAP provides an authorization for commercial fishers which allows the incidental (i.e., non-intentional) taking of marine mammals pursuant to the MMPA during the course of commercial fishing operations. To qualify for this authorization, fishers who participate in a Category I or II fishery must register in the MMAP. (For a complete description of requirements for Category I and II fisheries, consult 50 CFR 229.4). Information collected under the MMAP, as well as from other sources, provides the basis for identifying and determining the level of incidental serious injury and mortality of marine mammals in commercial fishing operations relative to the allowable take level, or potential biological removal level, for each marine mammal stock.

Section 118 (c)(5)(A) of the MMPA (16 U.S.C. 1387 (c)(5)(A)) states that "The Secretary shall develop, in consultation with the appropriate States, affected

Regional Fishery Management Councils, and other interested persons, the means by which the granting and administration of authorizations under this section shall be integrated and coordinated, to the maximum extent practicable, with existing fishery licenses, registrations, and related programs."

In recent years, NMFS has integrated its MMAP with other licensing systems in the northeast for the state and Federal components of the American lobster trap/pot fishery, the Federal portion of the squid/mackerel/butterfish trawl fishery, and the Northeast and Mid-Atlantic Federal gillnet fisheries. NMFS has also integrated several west coast fisheries, and NMFS is now integrating additional state and Federal fishery permitting and licensing systems in the eastern United States.

The goals of the expanded integration program include assuring consistency in registration procedures across a greater number of east coast fisheries, increasing the number of registrants to better reflect the level of participation in the fisheries for monitoring purposes, and conducting outreach to the fishing industry with regard to MMPA requirements. By using data from existing fishery licensing programs, the MMAP integration will reduce the registration burden on the fishing industry while better facilitating the protection and conservation of marine mammals. In a licensing system that is integrated with the MMAP fishers will no longer have to submit an MMAP, current fishery permit holders registration form, renewal form, or processing fee to NMFS in order to receive or validate their MMAP Authorization. Certificates.

NMFS is pursuing the integration of MMAP registration based on the fishery listings in the 2002 LOF. Many of these fisheries include both a state and a Federal component. For 2002, only the fisheries with a Federal FMP administered by the NMFS Northeast Regional Office and the pelagic longline fishery administered under the Highly Migratory Species FMP will be integrated. Northeast fisheries with FMPs to be integrated include the American Lobster, Atlantic Bluefish, Atlantic Herring, Monkfish, Northeast Multispecies, Spiny Dogfish, Squid/Mackerel/Butterfish, Summer Flounder/Scup/Black Sea Bass, and Tilefish. Of those fisheries, only those permit holders who indicated use of gear types that fall within the 2002 LOF will be integrated. NMFS is continuing to work toward integrating the MMAP registration for fishers who participate
