

and these will also be part of the public record.

DATES: The NPS will conduct public open house meetings to receive public comments on the Draft General Management Plan Amendment/DEIS. Locations, dates, and times of public open house meetings will be announced in the local press, in NPS newsletters and on the park website, <http://www.nps.gov/bisc> and may also be obtained by contacting Biscayne National Park.

ADDRESSES: Written comments and information concerning the scope of the General Management Plan Amendment/DEIS and other matters should be sent to the following address: General Management Plan Amendment, Biscayne National Park, 9700 SW 328th St., Homestead, Florida 33033. Requests to be added to the project mailing list should be directed to the same address.

FOR FURTHER INFORMATION CONTACT: Superintendent, Biscayne National Park, 305-230-1144 ext. 3002.

SUPPLEMENTARY INFORMATION: The NPS is developing an amendment to Biscayne National Park's 1983 General Management Plan for management of the 7 stilt structures located in the northern part of Biscayne National Park in Biscayne Bay. In 1980, the park's northern boundary expanded and Biscayne National Monument became Biscayne National Park. In 1985, when the State of Florida transferred ownership of the bay bottom within the expansion area to the park, it also transferred the leases for the property, which the structures occupy. The leases expired in July 1999. The park's 1983 General Management Plan, Development Concept Plan, Wilderness Study, and Environmental Assessment recommended removing the structures before the leases expired. Because of numerous expressions of public interest in maintaining the structures, the NPS initiated a multi-stage planning process to identify and recommend future public uses of the structures consistent with NPS policy.

Our practice is to make comments, including names and addresses of respondents available for public review during regular business hours. If you wish for us to withhold your name and/or address, you must state this prominently at the beginning of your comment. However, we will not consider anonymous comments. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

Dated: May 15, 2002.

Acting Regional Director, Southeast Region.

SUPPLEMENTARY INFORMATION: The meeting will be open to the public. Any member of the public may file with the Commission a written statement concerning agenda items. The statement should be addressed to the Death Valley National Park Advisory Commission, PO Box 579, Death Valley, California, 92328. Due to mis-routing of U.S. mail, the notice could not be published at least 15 days prior to the meeting date. The National Park Service regrets this error but is compelled to hold the meeting as scheduled because of the significant sacrifice re-scheduling could require of committee members who have adjusted their schedules to accommodate the meeting date. Since the meeting date has received widespread publicity in area news media and among the parties most affected, the National Park Service believes that the public interest will not be adversely affected by the less-than-15-days advance notice in the **Federal Register**.
